

Quinte School Still Growing

Delegates Still Arriving—Deepened Interest.

Capt. W. G. Clarke, B.A., comes from Trenton every morning to conduct the Bible class. He is now dealing with

Jesse and His Kingdom

The key-letter in the study of the life of Jesus is B—Birth, boyhood, baptism and temptation, begins ministry, blessings and beware or warnings, summarized in the first five chapters of Matthew.

The key-letter to the next phase of his life is F—under the headings principles (of life service), power and authority and prophecies, followed by an account of the reception given those sent forth.

The Gospels.

Kingship is the key-note of the gospel according to Matthew—"Where is He that is born King of the Jews?" was the question of the Naf.

In Mark there are vivid flashes of his power and this would appeal to the Roman mind.

Luke, the beloved physician and the evangelist proclaims the great evangel and the story of the Prodigal colors and gives character to this gospel.

Messianic Consciousness.

There was an interesting item regarding the time when Jesus came into full realization of who He was and of His work—after the exaltation at the Baptism when He heard the voice: "This is my beloved Son, there came the inevitable physical reaction which is true to psychological principles as we know them today. Why travel the thorny way of the Cross "If Thou be the Son of God" was the subtle insinuation at the Temptation. "When the Temptation said: "Fall down and worship me." Jesus saw the full force of the Temptation and the meaning of it in the light of His relation to God and His life work.

Literary and Social.

Miss Ziegler led a most interesting Round Table Conference on "Literary and Social" work in the Young People's Societies. In this department of the Epworth League systematic Bible study and literary work are encouraged.

The delegates gave most helpful suggestions from the work done in various leagues—social evenings afforded an opportunity for strangers to get acquainted with others, especially in large churches, contacts have proved of value in some places, comradeship is cultivated, etc. In some leagues Canadian and English authors are studied and the suggestion was made that when practicable, co-operation should be encouraged with young people of other denominations so that speakers of outstanding ability might be brought for a course of lectures. Debates have proved of interest in some cases and some novel themes were suggested, such as "Resolved that boys should learn to cook," "Resolved that Joshua was a greater man than Moses," "Resolved that the character of Joseph is more to be admired than that of David," "Resolved that the Irish character is more to be admired than the Scotch," "Resolved that China is a better field for missionary work than Japan," "Resolved that the airplane is a more effective engine of war than the submarine," etc. It was suggested that some of the hymns of the new Hymn Book might be studied.

Paraphrasing.

Madoc district leads in having 31 delegates here, Belleville a close second with 27. Rev. C. H. Coon, Lindsay, who was born in Sidney township and is now President of the Bay of Quinte Conference, brought the greetings of the conference. He said it was proud of its child—the school.

Rev. C. H. Coon is a former student of Albert College and related how his "opposite" at the table, a fair young lady, "fainted dead away" on one occasion, but declared it was not his fault.

The Misses Higgs and O'Hara favored us with a duet, and Miss Ziegler a solo, at the evening meeting. It is the consensus of opinion that Capt. W. G. Martin, who gave such a splendid recital of "Jean Val Jean" should give his time to that work. He compares favorably with Prof. Duxbury and others. He came from

the International Congregational Council at Boston at some unaccountable and gave his services gratis to the school.

Rev. A. H. Foster, a former president of the school, is leader of the study class on "China."

Rev. J. J. Mellor, Northport, is leading the teacher training class on "The School"; Miss Hetherington, Millbrook, on "The Teacher" and Mrs. (Rev.) W. P. Rogers, Napanee, on "The Pupil."

Biographic.

The Quinte School has been favored with efficient officers during its seventeen years' work. The officers this year have a firm grasp of the essentials in Summer School work.

Rev. Stillman A. Kemp is President. He was born in Prince Edward Co. and has the hospitable spirit of that county. He attended Trenton High School, Albert College and graduated in theology from Victoria College in 1905. Previous to his college career he taught school for three years in Prince Edward and one year in Northumberland Co., and spent a year and a half in business life in Rochester, N.Y.

A tribute to his work is the fact that out of fifteen years of active ministry ten years have been spent in Thurlow township on adjoining circuits viz Cannifton, Plainfield and Foxboro.

He has for years been associated with the Summer School as teacher, secretary and now as an efficient president. Having taught school for three years "across the bay" and having ten year's pastoral work in Thurlow, he probably knows more people around Belleville than any Methodist minister in the active work.

Rev. Richard T. Richards, B.A., secretary, was born in Brighton township, Northumberland Co., in 1886. He attended Brighton High School, Albert College and graduated in arts from University of Toronto in 1914 and in theology from Victoria College in 1915. He spent some time in Dominion alliance work and was pastor at Thomasburg for four years, removing to Castleton last year.

He has been business manager of the school and his efficient management of the business called forth the admiration of those who had known of the earlier struggles in this department. Mr. Richards is a great organizer and a forceful speaker.

Rev. Wendell Phillips Woodger, B.A., is the son of the parsonage, his father being Methodist minister at Thessalon, Toronto Conference, where the son was born. He displayed the usual characteristics of a Methodist preacher's boy, attending Orillia and Belleville High Schools, Albert College and graduating in arts at Toronto University in theology in 1916. He spent two years in Bible Society work and one year in North Baricourt Church, Toronto.

He is most energetic and takes an interest in matters of public concern and is one of the few Methodist ministers spending a fifth year in this pastorate, which he is now doing in Marmor. He is a capable business manager.

Miss Tillie Wood, Ivanhoe, is the registrar. Like the other officers of the school, she has been a pupil at Albert College and is well known for her work among the young people.

She makes an ideal registrar, being the embodiment of tact and graciousness and withal has a keen grasp of detail.

Returned Soldier Honored

Lieut. Jos. Rutherford was fittingly honored on his return from overseas by over 100 of his old friends at Stanwood. He was presented with a sum of money accompanied by an address. He was overseas nearly six years, being there over a year after the signing of the armistice.

Lieut. Rutherford, of Seymour, fittingly replied to the honor done him by his friends and neighbors.

Returned Soldier Killed.

H. Ladurante, a returned soldier, was shot and killed in a brawl at Sellwood, near Sudbury Tuesday morning. Arthur Zyzek, Octave Duguy and Xavier Garnaux have been arrested in connection with the crime and are being held at Sudbury on nominal charges of infractions of the O.T.A.

It is alleged that the three men were under the influence of liquor in a Chinese restaurant at Sellwood. It is supposed that in some manner Ladurante became involved in a mix-up with them. A revolver shot rang out and he fell to the floor. He died in a few minutes.

Ladurante was 28 years of age, but further details regarding him are at present unknown.

Zyzek and Duguy are charged with being found in an intoxicated condition while Garnaux will appear on a charge of drinking liquor in a private place. The three men appeared in Police Court, handcuffed

together and under a strong guard. They were remanded for a week.

James Lum, the keeper of the restaurant in which the fracas is alleged to have occurred, is being held as a material witness in the case.

Lindsay Fire Brigade Insured.

Twelve members of the Lindsay Fire Brigade and the Chief are to be insured against accident in the Norwich Union Fire Insurance Society Limited, with head office at Toronto, per Mr. W. E. Agnew, of Lindsay.

The matter was introduced by Mayor McLean Tuesday night. At the rate of \$14.00 per man the company will give a policy covering the 12 volunteer members and the paid chief for a year of \$2,000, with weekly indemnity of \$20. The rate for the Chief (who is covered at all times) is \$34.

On motion of Ald. Chambers and Wilkinson, the council decided to insure the men under the \$2000 policy.

Caught Large Fish.

Mr. Hill, father of Mrs. H. H. King and Mrs. J. A. Culverwell, of Port Hope, motored to Rice Lake recently and hooked a fine twelve pound munge. Mr. Hill is 84 years of age, but is as active as a man of fifty and even a fishing party arranged for 4 a.m. always finds Mr. Hill right on the job.

Presentation and Reception.

A pleasant evening was spent at the home of Mr. and Mrs. Sam Buckton, Campbellford, on the eve of the marriage of their daughter, Ethel, when the members of Christ Church Choir met together to spend the evening with Miss Buckton and to present her with a raw-fruit basket and sugar shell.

In Frankford, on July 1st, a reception was held at the home of Mr. and Mrs. H. Smith, when about eighty guests were present to welcome Mrs. and Mrs. Harold Carr (nee Miss Buckton) to their future home. They were the recipients of many beautiful and costly gifts, among them being a handsome time-piece and fruit dish, from the employees of the Frankford Paper Mill, where Mr. Carr is employed as a machine tender.

Coal Again Advances.

Coal has again gone up. Dating from Wednesday sales will be made by the Brockville dealers at \$16 per ton, advance of 50 cents. Advance in the cost at the mines, in the cost of labor in Brockville and provision for the difference in New York exchange, are the reasons advanced by the dealers. It appears that while 40 per cent. of the town's needs have been received from the mines, all that has already been sold to consumers, although not yet delivered. Coal dealers said Wednesday that unless some unforeseen developments take place, the price will remain at \$16 for the season.

Costly Cargo.

Mr. Henry Elliott, Port Hope shipped twenty-six head of cattle, forty-six hogs, two calves and five sheep to Toronto last week. The cargo cost Mr. Elliott exactly \$5,460.

Had Life Saved Twice.

Joseph Lavalle, seventeen years of age, at the Cottage, Iperville, Quebec, had the novel experience of having his life saved twice in one week. While he was bathing in the River last Thursday afternoon, he got beyond his depth and had it not been for Henri D'Orosmeles, a neighbor, he would have been drowned. Later, while sitting in the stern of a canoe, he fell out, and was rescued by members of the St. John's Yacht Club.

Large Cauliflower.

Mr. C. W. Palliser, Campbellford, florist and gardener, on Saturday last showed us a cauliflower measuring about 8 inches in diameter and 24 inches in circumference; also a firm, well-formed head of cabbage weighing 2 lbs. 10 ozs. These specimens were the product of his own garden, and not grown in the hothouse.

To Shoot Niagara Falls.

Charles Stephens, the Bristol barber, who is to make an attempt to go over the Falls in a barrel, has arrived in Toronto, and will arrive in Niagara Falls some time this week. For a considerable time he has been in communication with Capt. R. F. Carter, former captain of the Maid of the Mist, who has been discouraging him. Capt. Carter was asked to manage the affair for Stephens, but refused, saying, "I do not want to be a party to a suicide." Moving pictures will be taken of the stunt, which will be

paid off this month.

Half Pound Potato.

Hiram Lemon, a farmer residing below Maitland, near Brockville on the river road, is more than ever convinced that the soil in that vicinity is second to none for growing "murfies," consequent upon the discovery Wednesday in his potato patch of a fine specimen, sound and weighing just half pound. For so early in the season this is something of a record.

Flat Car Run Wild.

A somewhat curious accident occurred Wednesday morning at the Kingston railway barns, when the big flat car used in transporting material to the site of the new Queen's stadium, ran away. No great damage was done though the car for a time threatened to wreck havoc.

The flat car was being driven into the barns, and in some way the controller refused to work when the motorman tried to stop it. The car went through a big door at the rear of the barns and crashed into another car on the track sending it into a vegetable garden at the rear of the barns. The motorman had difficulty in releasing himself from the controller, and received somewhat of a shock though he was not seriously injured. The car was finally brought to a stop and re-adjusted on the tracks.

A Pill That is Prized.—There have been many pills put upon the market and pressed upon public attention, but none has endured so long or met with so much favor as Parmelee's Vegetable Pills. Wide-spread use of them has attested their great value, and they need no further advertisement than this. Having firmly established themselves in public esteem, they now rank without a peer in the list of standard vegetable preparations.

They saw the one Tuesday but shot at it and also heard it howling.
