WHAT HAPPENS AFTER FIVE HOURS.

Dr. Beauchamp, the eminent French physician, has furnished facts which show that if food is retained in the stomach more than five hours it becomes fermentative and putrefactive, not digestive, and that this is the starting-point of disease.

This food mass becomes putrid. Generates gas. The stomach dilates. There is a seeming lump-weight, burning, or belching.

Blood, fibre, tissue, and cells begin to absorb poison from the stomach and alimentary canal instead of nutrition, and right here is the producing cause of Constipation, Diabetes, Bright's Disease, Uterine and Ovarian troubles, Rheumatism, Gout, Nervous and Mental Distress, Bronchitis, Heart Affection, Pulmonary Consumption, Jaundice, Liver and Skin Diseases.

Inability of the stomach to properly handle food is mainly caused by overeating, drinking too much liquid, gases generated from slow digestion, preventing the mixing of food with gastric juice to properly prepare it for use in the body. Dr. J. S. Leonard worked for years in perfecting Anti-Fill, so that it would guarantee regular stomach action, and its astonishing cures are proof of its mission being fulfilled; of its being the greatest system treatment in the world. 50 cents of druggists, or mailed to any address by WILSON-FILL Co., Niagara Falls, Ont. The I.O.F. at Church

On Sunday last, at 2.30 p.m., the members of Court Athens I.O.F. and visiting brethren attended divine service in the Baptist church. The weather was fine and there was an unusually large turnout of members. Mr. John A. Rappeil was Master of Ceremonies for the day and as usual discharged his duties very efficiently. Through the kindness of the ladies, the altar was adorned with cut flowers and the letters of the order were beautifully delineated in syringa blossoms, the fragrance of which filled the church.

The pastor, Rev. L. M. Weeks, B.D., took for his text the latter part of verse 18, chapter 13, II. Chron.—"because they relied upon the Lord God of their Fathers." His address was very practical and emphasized the necessity of obtaining the divine favor in furthering the work of individuals and societies. The prosperity attained and great good done by the I.O.F., he said, was directly due to the fact that the society's line of effort had run parallel with the divine will. In closing, he paid a deserved tribute to the master mind of the society, Dr. Oranhyteka.

The fine musical service rendered included a solo by Miss Weeks, "Beyond the Gates of Paradise," accompanied by Miss Jessie Taplin. The fine organ music by Miss Weeks was also much enjoyed.

On returning to the lodge room, votes of thanks were tendered to the pastor and choir for the impressive services of the day, and brief addresses were delivered by Mr. R. J. Green of Delta and Mr. Simmons, G.L. representative.

Dr. Moore Dead

Dr. V. H. Moore of Brockville died at his home there on Wednesday last. He had been in poor health for over a year but appeared to be gaining of late. He was stricken with paralysis and the end followed quickly. In his passing, one of the oldest and best known medical men of Eastern Ontario is gone. He was a most successful practitioner and was in constant demand both at home and in outside places on critical cases. Honors were heaped upon him by his brother doctors. He held at one time or another all the chief offices in their gift in their various associations and was for years President of the Medical Council and also the representative of Queen's University on the Council. He leaves a wife and two children, a son and a daughter. He was 57 years old.
