

NEW CHURCH DEDICATED AT WEST BROOKLYN.

The new church at West Brooklyn, Kings County, was formally opened and dedicated on Sunday, June 5th. The beautiful weather combined with the interest felt in this grand and worthy cause gathered a very large audience, and the church was filled to capacity, hundreds standing outside and listening to the music and sermons. The church was beautifully decorated in spirea and golden buttercups, which blended with the interior decorations. There were two services, afternoon and evening, conducted by Mr. Alfred McIntosh, through whose untiring and faithful labors this fine little church has been established. The dedicatory sermon in the afternoon was preached by Rev. E. S. Mason, of Wolfville. He paid a high tribute to Mr. McIntosh as one of the young men who would not give up when in the accomplishment of a noble cause. His work, though done in obscurity, was recognized and highly applauded in all Baptist Church circles. This church would be a lasting monument to his labor of love and sacrifice, the first fruits of which he was receiving on this great day. Mr. Mason preached a very able sermon from the text "The House of God". Excellent music was rendered by the Gaspereau Baptist church choir, organist Miss Westcott, ably assisted by Miss Duncanson, of Wolfville, who sang very beautifully "Open the Gates of the Temple".

The evening service commenced at 7.30, and again the church was filled to overflowing. The address was given by Rev. Dr. Bennett, of Gaspereau. His sermon was eloquent and very helpful. He also paid a high tribute to Mr. McIntosh, and said he was doing one of the finest works in Nova Scotia. He congratulated the people on their fine church, which had been dedicated to the service of the Master. Music well-suited to this auspicious occasion was rendered by a choir under the direction of Miss Ruby Duncanson, of Hantsport. Miss Duncanson, of Wolfville, sang "By the Waters of Babylon," and a duet was rendered by Miss Boyd and Miss McDonald of Hantsport. Miss Ruby Duncanson presided at the organ. At the close of the service Rev. Dr. Bennett made the pleasing announcement that the Gaspereau Men's Bible Class would present the new church with a pulpit Bible.

The offerings at the two services were large, showing the interest of the people. Mr. McIntosh in a few remarks sincerely thanked all those who had assisted in the work of the new church. Donations had come from all parts. Two ladies from North Sydney had sent \$90.00, and an aged lady over 90 years of age had forwarded \$5.00 to the work. He especially wished to thank Mrs. Geo. Miner, Gaspereau, who had collected \$600.00; also Mrs. Fred Mitchell, for her great service, and all others who had assisted.

The church is a very pretty structure beautifully finished in Douglas fir. It is bright and sunny and very attractive, and will prove a great blessing to the locality. It is situated on a hill commanding a lovely view.

PLAY YOUR PART

A place in the ranks awaits you— Each man has some part to play. The past and the future are nothing in the face of the stern today.

A man who is to be trusted usually owes a lot of other men

MORE TRUTH THAN POETRY

(Lowbrow Stuff by the Poet Low-rate Dedicated to the College of Prudes.)

Little girl you look so small, Don't you wear no clothes at all? Don't you wear no shimmy shirt? Don't you wear no petty-skirt? Just your corsets and your hose— Are those all your underclothes?

Little girl, you look so slight When I see you in the light. With your skirts cut rather high Won't you catch a cold and die? Ain't you 'fraid to show your calf? It must make some fellers laugh.

Little girl what is the cause Why your clothes is made of gauze? Don't you wear no undervest When you go out fully dressed? Do you like those peek-a-boo's? 'Steard of normal underclothes?

Little girl, your 'spenders show. When the sunlight plays on you I can see your tinted flesh When you go out fully dressed. Is it modest, do you 'spose, Not to wear no underclothes?

Little girl, your socks has shoals Of those tiny little holes. Why you want to show your limb I don't know—is it a whim? Do you want to catch the eye Of each feller passing by?

Little girl, where is the charm In your long uncovered arm; Is it there for birds to peck? An your long uncovered neck? Little girl, I tell you those Ain't so nice as underclothes.

Little girl, now listen here— You would be just twice as dear If you'd cover up your charms. Neck, legs, back, and both your arms. I would take you to the shows If you'd wear some underclothes.

Little girl, your mystery, Luring charms and modesty, Is what makes us fellers keen To possess a little Queen; But no lover—goodness knows— Wants a girl 'thout underclothes.

I must wear a coat of mail. Clothe from head to big toe-nail. I must cover up my form Even when the weather's warm; Can't enjoy the swimmer's throes 'Less I garb in underclothes.

When the boys assembled for their game of ball, Bobby, the pitcher, was missing. Jimmy was sent to investigate. "Is Bobby at home?" he asked the sister who answered his knock. "Course he is," she answered. "Don't you see his shirt on the line?"

"I don't like your heart action," said the doctor, applying the stethoscope again. "You have had some trouble with angina pectoris."

"You're partly right, doctor," said the young man, sheepishly, "only that ain't her name."

Diabetes

(By G. J. Randell, D. C.)

There is not a home but has a friend or relative who is suffering from the disease called Diabetes. You are probably familiar with it, but I shall refer to a few of the symptoms. The victim suffers from excessive thirst sometimes excessive hunger, loss of flesh, weakness, the skin is rough and dry, there is frequent and excessive urination. The temper is irritable and the person is inclined to be fretful. There is a gradual loss of sight. The urine has the odor of over-ripe apples.

This disease is practically considered incurable from a medical standpoint. This is not surprising, as the medical treatment is all directed toward the alleviation of the chemical condition, but medicine is powerless to remove the cause.

Diabetes is one of the most easy and simple cases a chiropractor gets. In at least 97 per cent. of such cases treated chiropractically the condition yields readily and permanently. There is no danger of its return, as Chiropractic removes the cause.

In almost every case of Diabetes the pancreas is the bodily organ involved. The pancreas is a gland about five and one-half inches in length and one and one-half inches broad. It is situated behind the stomach. It is by far the most important organ of digestion. It can do the work of digestion without the aid of the stomach.

The pancreas supplies a chemical which is necessary to life. This pancreatic solution acts on sugars and starches. You need not be a student to understand that when an organ is diseased its secretions cannot possibly be the same as when an organ is in a healthy condition. When the pancreas is weakened by lack of nerve tone its secretion changes and the body is not properly nourished. In Diabetes the condition is such that the pancreatic juice, going into the intestines, turns the starches there to sugars. Starches are essential to life. Without it health gives way.

When adjustments are given to remove the nerve interference that is robbing the pancreas of its natural strength the secretions become normal again and the starches are again properly digested. The usual symptoms disappear and the kidneys return to normal.

Cases of twenty to twenty-five years standing have recovered in three months' adjustments. Cases vary in the time required for recovery.

A Splendid Tonic For Weak People

Dr. Williams' Pink Pills Act On the Blood and Nerves.

Food is as important to the sick person as medicine, more so in many cases. A badly chosen diet may retard recovery. In health the natural appetite is the best guide to follow; in sickness the appetite is often fickle and depraved.

Proper food and a good tonic will keep most people in good health. Dr. Williams' Pink Pills are a fine tonic medicine, harmless and certain in their action, which is to build up the blood and restore vitality to the run-down system. For growing girls who are thin and pale, for pale-tired women, and for old people who fall in strength, Dr. Williams' Pink Pills are an ideal tonic. Thousands have testified to the benefit derived from the use of this medicine, among them is Mrs. William Gallie, Hantsport, N. S. who says: "Before I began the use of Dr. Williams' Pink Pills I was so weak and run down that I could hardly do my own work. I often suffered from headaches and was very nervous. I began the use of Dr. Williams' Pink Pills and I can truthfully say I have found them the best medicine I have ever taken. You may depend upon it I will advise other sufferers to take these pills."

You can get Dr. Williams' Pink Pills through any dealer in medicine or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

Old Ebenezer was white washing his barn one morning with a brush that contained very few bristles. The squire happened to pass, and said:

"Why don't you get a brush with more bristles in it, Ebenezer?"

"What for, squire?" asked the old man.

"What for!" shouted the squire.

"Why, man if you had a brush with more bristles in it you could do twice as much work."

"Mebbe so, squire; mebbe so," said the old chap placidly. "Only, ye see, I ain't got twice as much work to do."

The Japanese Parliament has enacted a law making the adoption of the metric system of weights and measures obligatory. Are not we Canadians a little behind the times?

Some men find it easier to acquire a reputation than to earn a living.

ISRAEL JAMES PARKER

On June 2nd, Mr. I. J. Parker, of Bellisle, Anna. Co., passed peacefully to rest, after a lingering illness. He was born November 22nd, 1838. In early years he gave his life to Christ, uniting with Upper Granville Methodist church, and adorned the profession then made by a consistent Christian walk, proving through out his long life that one can be honest, true, and genuine, in all the varied relations of life, both toward God and their fellow man. He is survived by his widow, (formerly Miss Sarah Blackadder, of Wolfville), and nine children, seven of whom were present at the funeral; Mrs. James Welding, New York; Mrs. W. L. Nichols, Mrs. (Dr.) M. P. Nichols, Aylesford; Mrs. C. B. Chapman, Amherst; Dr. C. W. Parker, Regina, Sask.; E. T. Parker, barrister, Halifax; Harry G. Parker, and Misses Jennie and Muriel, at home, whose faithful care and loving ministrations helped suffering, and weakness to be patiently born. The large number who gathered at the funeral Sunday afternoon was an eloquent declaration of the esteem in which he was held by the community. The Pastor, Rev. Geo. T. Bryant, spoke from 1st Sam. 20:18: "And Thou Shalt Be Missed, Because Thy Seat Will Be Empty." The address throughout was a fitting tribute to a noble life. The remains were affectionately laid away in the family lot in Wadeville cemetery. The sympathy of their many friends is extended the widow and family. The floral tributes were numerous and beautiful.—Bridgetown Monitor.

THE ACADIAN joins with many other of Wolfville friends in sympathy to Mrs. Parker and family.

The toolmakers are the highest paid of any automobile workers, making from \$60 to \$70 a week, plus time and a half for overtime and holidays.

Ask for Minard's and take no other.
