LATE SPORTING NOTES.

ANSON ORDERED OUT.

Chicago, June 27.—"Old man" Anson, captain of the Chicago ball team, and the father of the League, was ordered out of the game on the home grounds yesterday. Anson, who was claimed by a certain two-baser in the first, after Everett and McCormick had singled, but Empire Sheridan called it a foul, and in the argument that followed the captain was ordered to the bench.

THE GAME OFF.

Sheffield, Eng., June 29.—The cricket match between the gentlemen of Philadelphia and a Yorkshire eleven, which commenced yesterday and was to have been continued to-day, was interrupted this morning by rain. Play was not resumed on that account.

SPORTING NOTES.

The cricket match of the season will be that between Hamilton and Toronto, on the H. C. C. grounds on Thursday. It will be an all-day match, beginning at 10.30. Toronto will send its strongest eleven and Hamilton will see that its best players are on.

Last evening, in Lawry's Paradise, the Whistwings defeated the Mallards in an eleven-inning game, by a score of 1 to 0. Batteries—Cooper and Cooper, Lancelotti and Pascoe.

Catcher Billy Baker, of this city, has been released by the Toronto Eastern League Club. His stick work should make him valuable for any of the Canadian League teams. In the old days he was a star infield player, shortstop being his position.

The Only Rennet Admitted At the Pure Food Show. Price's Rennet wine was the kind that was there. You use it in making junket, the famous hot weather dessert. It is light and easily digested and can be served plain or with cream or preserves. Sold by grocers and druggists or at Parke's drug store.

COAL MINERS WILL STRIKE

A California Girl the Victim of a Peculiar Crime.

NINE KILLED IN CHURCH COLLAPSE

Ghost Dancing Bannocks Cause Uneasiness—Persecuting the Jews in Persia—Noted Scholar Dead—A Bombing Deal—Dynamite Explosion in Scotland.

Washington, D. C., June 29.—According to a dispatch received at the State Department from the United States Minister to Persia, the Mohammedans in Teheran, Persia, recently invaded the Jewish quarter of the city and inflicted the most shocking maltreatment on the residents.

United States Minister, McDonald, learned of the persecutions, appealed in the name of humanity to the Chief of the Shah's Ministers to interfere and stop the outrages. That official promised to do so, but according to the report the persecutions continued until after the officers sent to protect the helpless victims had exterminated all their lives.

A LYNCHING IN VIEW.

Los Angeles, Cal., June 29.—The little town of Downey, in the southern part of the county, is terribly excited over a case of abduction Monday night. Miss Mays, the daughter of a respectable, well-to-do parents, was chloroformed and taken from her bedroom in her night dress by an unknown man who entered through a window.

At daylight this morning the young woman was found wandering, in a dazed condition, several miles from her home. She has been unable as yet to give a clear description of her abductor, but a posse with bloodhounds is scouring the country about Downey.

TAKEN OUT AND HANGED.

Aberdeen, Miss., June 29.—Perry Gilman, a negro, was taken from the Monroe county jail last night by a mob of masked men, carried five miles from town and hung to a tree in the middle of the night. His body was found early this morning. He was charged with having robbed a white lady at Okolona, and also attempting a criminal assault upon her.

EXPLOSION KILLS TWO.

Revere, Mass., June 29.—By an explosion of fireworks in the packing room of H. Tilton & Co., at Beal's, yesterday, two young men were so terribly injured that one died almost immediately, while the other survived only a few hours. They were engaged in packing fireworks in one of the buildings when the explosion, from some unknown cause, occurred.

GHOST DANCERS.

Boise, Ia., June 29.—J. Steenberg is advised that three hundred Indians, mostly Bannocks from the Lehi agency, and some from Nevada, are ghost dancing near Haley, Idaho. The settlers are greatly alarmed over their action, and have appealed to have them removed. The Governor has wired the Bannock agent at Rose Fork, asking that the Indians be recalled. He has wired to the same effect to the Interior Department.

CHICAGO IS MODEST.

Chicago, Ill., June 29.—The estimate of Chicago's population by the publishers of the city directory, just printed, is \$28,241, an increase of 75,000 over last year.

A CHURCH COLLAPSED.

Madrid, June 29.—Nine children have been killed and many others injured by the collapse of a church wall at Solana, in the Province of Ciudad Real.

A SCHOLAR GONE.

New York, June 29.—Henry Gerson, a well-known Jewish scholar, rabbi and writer, is dead at his home in this city, aged 54 years. He was an accomplished linguist, and wrote many articles on the Jews in Russia. He formerly was at the head of congregations in Atlanta and Chicago.

A BIG MINING DEAL.

San Diego, Cal., June 29.—The Golden Cross mines in the eastern part of this county, have been sold to a syndicate of California, Nevada and Arizona capitalists, Isaac Trumbo being at their head. The deal was recorded here yesterday. The gold and silver price was \$1,500,000. The bullion output of the mines is at present about \$1,000 per day.

COAL MINERS TO STRIKE.

Pittsburg, Pa., June 29.—Notwithstanding the denials of the local officials of the Miners' Association, an afternoon paper publishes a long article to the effect that the national officers of the Union will issue orders to the miners for a strike in five states. The editor of the paper says, will go forth from Columbus that the miners are to lay down their tools on Saturday. Nearly 125,000 men, it is said, will be engaged in this great conflict, and the battle field will cover the bituminous coal centres of Indiana, Illinois, West Virginia and Western Pennsylvania. The mining rate asked for is 69 cents, based on the thin vein district in Pennsylvania.

WRECKED BY DYNAMITE.

Seranton, Pa., June 29.—A dynamite explosion this morning in South Seranton blew up the business block of Leon Olechewski, a double-breasted block owned by him, and a single home owned by Michael O'Hara. The business block, a two-story building, was torn to pieces. Twenty other houses had all the windows blown out and plaster torn from the walls. The shock was felt all over the city.

Olechewski was seriously injured in saving his wife, and his recovery is doubtful. In some of the houses the sleeping people were covered with falling plaster. The infant child of Michael Joyce was dangerously injured, and a little son of John Klein almost suffocated. The total loss will reach \$25,000. The rains are being cleared this morning to ascertain if there are any victims buried in them. Following the explosion the wrecked buildings took fire, but the firemen kept the flames from spreading.

Sealer Wrecked.

Victoria, B. C., June 29.—The well-known sealing schooner Agnes McDonald, Capt. Cutler, the greyhound of the Victoria fleet, was wrecked off the coast of Japan yesterday. All the crew and 489 skins were saved.

RESENT YANKEE INTERFERENCE.

That Boundary Arbitration Wrecked the Venezuela Government.

WHAT WILL BE THE NEXT MOVE?

Caracas, Venezuela, June 29.—The resignation of the Cabinet created a crisis not only in the administration of the Government, but also among the people.

Excitement runs high, the sensational action of the Ministry, which was, however, not wholly unexpected, being the paramount topic of discussion in the crowded cafes and clubs.

President Crespo was unable to harmonize the differences in his official family over the Guiana boundary arbitration treaty, the element that contained the provisions of that agreement ignored the sovereignty of Venezuela in stipulating that Great Britain and the United States only, and not Venezuela also, name the members of the tribunal of arbitration, having continued implacable.

AN AFFECTIONATE FAREWELL

And Presentations to Rev. F. W. and Mrs. Hollinrake.

A large number of members and friends gathered last night in Barton Street Methodist Church to say "Good-bye" to their retiring pastor, Rev. F. W. Hollinrake, and his wife. The chair was taken by the Recording Steward, Mr. W. H. Sinton. A number of the members contributed to an excellent programme of readings and songs. During the evening a kindly worded address was presented to the pastor by Mrs. Vipond on behalf of the Ladies' Aid and members of the church and congregation, special reference being made to the uplifting influences resulting from the sermons of the pastor, and to the esteem and respect in which Mrs. Hollinrake is held.

Mrs. James Wilds then presented an elegant silver fruit dish and spoon, and Mr. John Foag a handsome arm chair. On behalf of Mrs. Hollinrake and the church, the pastor made a feeling reply. After the Mrs. F. King, on behalf of the Ladies' Aid, presented an enlarged portrait of the pastor to the Board of Church Officers, to which Mr. Henry Foote responded. Mr. Wm. Sinton and Mr. Robt. Anderson were deputed by the Bible class to say a few kind words, appreciative of Mr. Hollinrake's faithful instruction. Mr. Geo. Argent performed the couplet of a reading a resolution passed by the Quarterly Board to Mr. and Mrs. Hollinrake, and conveying as President of the E. L. C. E. the warmest wishes and best thanks of the young people for the great interest taken in them. For three years an especial bond of unity and love has existed between the pastor and people of this church, for which the congregation feel the separation keenly. When the gathering broke up and the people shook hands with Mr. and Mrs. Hollinrake many a "God bless you" was heard, and not a few tears were seen.

TO MOVE THE CHURCH.

A Proposition Which MacNab Street People are Talking About.

Among the people of the congregation of MacNab Street Presbyterian Church there is a good deal of talk just now about the future. As will be seen in another part of this paper the award of the arbitrators in the church's case against the T. H. & B. has been taken up and in fact, the church, there are many members who think that, now that there is no particular object to be gained by the railways doing business as quietly as possible, the nuisance from bells, whistles, rushing trains and steam engines will increase.

It is even mentioned among the members that the best thing that can be done is to move away from the site, pulling down the present church and Sunday school building, and erecting them somewhere where the railway business will not interfere with the services. The desire seems to be to keep to the locality where the church now is, getting far enough away to avoid the noise, and having the church re-built just about as it is now.

POWLEY ELECTROCUTED.

A Brutal Wife Murderer Pays the Last Penalty.

Auburn, N. Y., June 29.—Robert J. Powley, the Niagara Falls murderer, was electrocuted in Auburn prison this morning. Three shocks, each of 1,840 volts, 8-12 amperes, were passed through his body, and at 11.24 he expired.

The crime for which Robert J. Powley forfeited his life to-day was committed shortly after 10 o'clock on the night of March 8th at Niagara Falls, N. Y.

Mrs. Powley supported herself and two children by dress-making. Powley had not been living with her for over a year. On the night in question a crash was heard at the outside door leading to the woman's apartments, and Powley rushed into the room, only to find the body of his wife, who he asked "that you, dear" Mrs. Powley, suspecting his motive, shrieked for help. Powley, with a horrible curse, drew a revolver from a pocket, and placing this in his pocket, pulled another and fired one more shot, all three balls lodging near the heart. An overturned lamp set fire to the bed-clothing. Mrs. Powley died in fifteen minutes.

The Press Won.

Last evening a very spirited debate took place in the Gore Street Methodist Church lecture room between the members of Wesley Church Christian Endeavour Society and Gore Street Church Society, the subject being, "Resolved that the platform yields greater influence than the press."

Messrs. Peter Griffin and Fred. Sage, on behalf of Wesley Church, took the affirmative, while Messrs. Samuel Bailey and Wm. McFarlane upheld Gore Street for the negative. The judges were C. O. Nicol, H. A. Martin and Stanley McMichael, and were unanimous in favor of the negative.

THE SENATE HAS FUNKED.

Its Bluff, Made to Talk About, Was Called.

THE SUPPLY BILL GOES THROUGH.

Bowell Letting Himself Down Easily—Talks About an Investigation Next Session. The Senate Committee Had Tried to Hold a Secret Meeting Excluding Commoners or Reporters.

Ottawa, June 29.—(Special.)—The Senate has backed down and the Supply Bill will take place to-morrow.

When the Senate met at 11 o'clock to-day Sir Mackenzie Bowell announced on the first reading of the Supply Bill that he had the assurance of Sir Oliver Mowat that an investigation would be granted next session into the Drummond County Railway; that meantime the vote granted would be used as an experiment. He had thought of throwing out the Supply Bill, but the matter was a serious one and therefore he thought it best to postpone the enquiry until next session.

The Supply Bill was then read a first time.

Ottawa, June 29.—The special committee of the Senate appointed to inquire into the affairs of the Drummond County Railway met in the Railway Committee room of the Senate at 10.30 a. m. to-day. The committee met in secret, the members of the press and members of the House of Commons being refused admittance. None but Senators were permitted to be present. When the committee was over the correspondents were informed that the committee had decided to adjourn till to-morrow at 10.30 o'clock, when Mr. Schreiber, Deputy Minister of Railways, will be summoned to be present. No arrangement was made in regard to taking testimony. There was considerable talk over the appointment of a chairman who was evidently suffering from illness and apparently not in a condition to discharge the duties of such an important committee as the one now in view. It is not to be a farce. Several parties, including a number of members of Parliament, who were present at the door when the committee broke up, called the attention of your correspondent to this matter.

The House of Commons concluded its business at 12 o'clock to-day. The Supply Bill and Civil Service Bill were put through their final stages. Mr. Mulock's motion in regard to reorganizing of the mail service, and which was fought so stubbornly by the Opposition on Saturday last, passed through the committee, and was read a third time.

A compromise has been reached, Mr. Mulock agreeing to leave out the part relating to contracts. The railway subsidies bill stands for a third reading, the following clauses being inserted by Mr. Blair:

"The word 'cost' means actual cost, and shall include the amount expended upon any bridge up to and not exceeding \$25,000, forming part of a railway, and shall include the cost of any bonus, but shall not include the cost of terminals, or right of way in any city or incorporated town."

The House adjourned at noon to meet again at 2 o'clock, waiting the pleasure of the Senate.

On the adjournment Mr. Sutherland moved that all proceedings in regard to the Saskatchewan Railway and Mining Company be stopped, as a cheque which has been sent the Railway Committee for expenses has been dishonored.

This was carried, and the bill was thrown out.

Parliament will be prorogued to-morrow.

THE NORTH END NUISANCE.

Residents are Indignant Over the Delay in Disposing of Sewage.

North end residents whose homes are in the vicinity of the bay front from Wellington street to Catharine street, are rapidly accumulating a fine brand of indignation over the slowness with which they allege the city council are proceeding in carrying out a sewerage interception works similar to that at the east end. They think that as the ratepayers have already voted \$50,000 for the works they should get them. All along the bay front for a distance of 75 feet out are strewn solids from the Ferguson avenue sewer, and these emit powerful and anything but delightful odors.

At a meeting of residents held last week a proposition to enter suit against the city to compel the construction of interception works was warmly urged. Others were in favor of getting the city to spend the money for the \$50,000 for a year in having men cover up the shore line deposits.

This Board of Health has had the matter under consideration and is of the opinion that the city should give the matter out as soon as possible before going in for another establishment of the same kind.

To Raise Coal Prices.

Buffalo, N. Y., June 29.—Local coal dealers have received information from the east that the coal barons have decided to advance the prices. If they do, Buffalo men will follow suit. They say that an increase of 25 cents per ton may be looked for. A meeting of the Buffalo Coal Exchange will be held to act on the matter as soon as word is received from New York that prices have been advanced at the mines. It is expected that the increase will go into effect on Thursday.

Banquet to the Government.

A banquet will be tendered by the Young Liberals of Brantford this evening to the members of the Ontario Government. The Premier and Messrs. Ross, Harcourt and Davis are expected to be present. Mr. Wm. Patterson, Minister of Customs, is also likely to be present. A number of members of the Local Legislature have been invited to attend. Messrs. Davis and Harcourt will probably address a public meeting at Paris in the afternoon, and the Premier will take in a garden party at his native town, Mount Pleasant, before returning.

Canned Goods Cheap.

2 gal. can of apples 25c, Armour's bottled beef, small ham and tongue cans 10c, large cans 15c; 2 cans of Blanchflower's kippered haddocks 25c, 2 cans of Macdonald's haddocks 25c, 4 cans mustard sardines 25c, mackerel in tomato sauce, sardine paste, finest of lobsters, salmon and bladders, Hazell & Son.

When dizzy or drowsy take Beecham's Pills.

MERCER ON TRIAL.

The Stoney Creek Indecent Assault Case Heard To-day.

Judge Snider held a session of the county criminal court this morning for the trial of George Mercer on the charge of having assaulted and attempted to have carnal knowledge of Annie Rowe, a girl under 14, at Stoney Creek on June 15th. The prisoner pleaded not guilty and was defended by Mr. Geo. Lynch-Staunton. Crown Attorney Cregar conducted the prosecution. The prisoner, who is a young man with a thin, sandy beard, was attired in a suit of houseworn, which gave him anything but a prepossessing appearance. A parcel which he had on the seat beside him contained a new blue tweed suit.

The first witness was the little Rowe girl. She was poorly clad and her feet were bare. She told practically the same story that she told in the Police Court. She said Mercer came into the house while her mother was out and assaulted her and then went out and up into the mountain, at the rear of the house. When he returned he found her mother in the field and threatened her until she went off for a constable.

To Mr. Staunton witness admitted that her mother said she was more frightened than hurt; that her father told her mother that if she (Mrs. Rowe) did not say what he told her he would not live with her; and that many of the railway men used to visit her mother from time to time.

Mrs. Rowe's testimony had to do with the finding of Mercer in the house and his subsequent efforts to persuade her not to have him arrested. She said Mercer appeared to be drunk and had a flask of whiskey with him.

Several witnesses were called and the case was going on when this report closed.

THE CHURCH TRIUMPHANT.
