

HE WILL NOT SIGN BY-LAW.

Mayor Stewart Opposes Striking Off Bath Rate.

Would Mean That Tax Rate Would Be Raised.

Hamilton Likely to Get Some Good Industries Soon.

Mayor Stewart announced to-day that he would not countenance the action of the City Council in striking off the \$2 rate on baths when passing the new waterworks by-law on Monday night. While admitting that it may be rather a risky thing to do from a standpoint of popularity, the Mayor declares that it is in the best interests of the city that he should do so. Cutting off the rate on baths would mean a loss in revenue to the city of about \$13,000. The Board of Education, he is confident, will ask for about \$25,000 extra in its estimates next year as a result of cutting off half the school fees, increasing salaries and other extra expenditure for next year. These two items would make nearly \$40,000, which would take a large part of the increased revenue from the assessment this year. Facing these circumstances, he feels that unless the city moves tactfully the rate will have to be increased over twenty mills next year. He says he finds no great demand among the people for cutting off the bath rate, and does not think it is going to prove any great benefit to the ordinary household. Instead of taking this means of affording relief he favors the workingman who owns his home and other householders being dealt with fairly. While not wishing to make any insinuations the Mayor hints that the cutting off of the bath rate at this, the close of the year, may be regarded as a popular movement, although he doubts that it is. His ground for vetoing the by-law, he says, is that there was not a full representation of the aldermen at the meeting on Monday night, several of them being absent. If the council tried to force him to sign the by-law, he says, it would be necessary to issue a mandamus and it would then be up to the court after hearing the arguments to say whether he should sign. The Mayor is said to be wrong in this view, as the council may instruct the clerk to sign the by-law, and appoint some member of the council to sign it, which would be sufficient.

Mayor Stewart, who has spent some days in the States, interviewing the heads of three big manufacturing concerns across the border, which have decided to establish branches in Canada, is confident that Hamilton will land them.

The Board of Hospital Governors at a short session yesterday afternoon decided to purchase a refrigerator, two gas stoves, have gas introduced under the sterilizer at a cost of \$120 and buy a new range for the diet kitchen at a cost of \$130. There is about \$3,400 left out of the money voted to build the new Alexandra wing. Some of this will be used to make an entrance from the main building, and there are still a number of outstanding accounts. The board is going to clear off the property secured from the Sewer Company to the north of the hospital and will take the trees there to anyone who will take them away.

The special committee appointed by the Board of Education to deal with the matter of medical inspection in the Public Schools will meet this afternoon.

Riddell & Mitchell were granted a permit to-day for a brick house on Fairleigh avenue between King and Main streets for James Anderson, to cost \$2,500.

The Court of Revision will meet on Tuesday afternoon at 3 o'clock to deal with miscellaneous appeals.

The returning officers have been instructed to appoint their clerks for the municipal election in January.

THE DRUCE MYSTERY

Miss Mary Robinson Tells About Dickens at Kensington.

London, Nov. 27.—The hearing of the Druce case, involving claims to the Portland estates, was resumed in court to-day, having been adjourned from Nov. 21. Mrs. Mary Robinson, who was amanuensis for the late T. C. Druce, who is said to have been the fifth Duke of Portland, was shown letters purporting to have been written by the Duke of Portland to T. C. Druce. She admitted that the handwriting was not the same, and she failed to recognize the handwriting in letters signed "T. C. Druce" to the defendant, Herbert Druce, as the handwriting of her employer.

As corroboration of Miss Robinson's statement that she met Charles Dickens in Kensington Garden, shortly before his death, and her allegation that at that time the novelist told her that Druce and the Duke of Portland were one and the same person, L. Atherly-Jones, counsel for the prosecution, read an extract from the reminiscence of Sir Wemyss Reid, stating that he had seen Mr. Dickens walking in Kensington Garden.

AT THE ALEXANDRA.

To-night they will have the full band of the 91st Canadian Highlanders in a concert programme, under the personal direction of Mr. H. A. Stares. This will be especially pleasing to balcony patrons as the music can be distinctly heard in all parts of rink while watching the fascinating scene of hundreds of skaters on the floor below.

The Grand Carnival to-morrow night will prove a great success as there are a large number of entries already and they are still being made by persons and by phone.

The 91st Highlanders will enjoy themselves at Britannia Rink to-night on roller skates.

The many friends of Mr. C. M. Kenney, 246 King street west, will be sorry to learn that he is laid up with a broken leg.

The third dance of the Conservatory Assembly series will be held this evening, with Mrs. Geo. F. Glasco as chaperon. Members will kindly present their assembly cards.

The home of Mrs. Ella Blake, 185 Barton street east, was visited by fire, caused by an overheated stove, yesterday afternoon, and considerable damage was done.

Frank Breen, 41 Frances street, was removed from the International Harvester Works yesterday afternoon to the City Hospital suffering with a broken leg, sustained through a casting falling on it.

Mr. Frank Holder and wife, of Illcillewaet, formerly of the Beach Road, are visiting friends in the city. Mr. Holder was G. T. R. telegraph operator for some time. He has only the best of praise for the great Western Canada.

LATE SPORTING NEWS

This afternoon word was received from the Montreal II, winners of the intermediate series of the Quebec Union, to the effect that they will come here on Saturday to meet the Tiger Seconds for the Dominion intermediate championship. The manager suggested the name of George Ballard, President of the I. R. F. U., as referee. All of which is highly satisfactory to the Hamilton Rugby Club. The match will be played at the cricket grounds, starting at 2.45.

Chicago, Nov. 27.—Edward Payson Weston left the Chicago beach hotel, seven miles south of the business district of Chicago, to walk to the post office, where the long journey is to end, at 9.40 a. m. Barring accidents, he will finish at noon, and beat his former record by nearly 28 hours.

Edward Payson Weston, the veteran walker, ended his tramp of 1,394 miles from Portland, Me., at the Federal building here at 12.15 p. m. to-day. He left Portland, Oct. 29, at 5 p. m., thus making his travelling time, exclusive of Sundays, twenty-four days, 19 hours and 15 minutes. Weston did not walk on Sundays. His longest day's walk on the present trip was 95.8-15 miles, while on the former journey the best day was only 82 miles.

Ottawans have not appreciated intermediate football. This year the attendance at the Ottawa II games was very slim, while at Toronto, Hamilton, Montreal and other places great crowds turned out to see the Intermediates perform.

Louis Emery, of this city, challenges Percy Kerwin, of Toronto, to walk from Toronto to Hamilton, or vice versa, for any reasonable stake. Mr. Emery can be found at the M. and M. Hotel.

ITALIANS RIOTED.

Coal Shovellers on the Mauretania Do Some Shooting.

New York, Nov. 27.—One hundred Italian coal shovellers who were engaged in loading the new Cunard liner Mauretania at her dock on the Hudson river to-day, became involved in a riot in which a number of pistol shots were fired and several of the rioters jumped into the river to escape the bullets. The quarrel is believed to have been between factions from Sicily and those from other parts of Italy. At the firing of the first shot almost every Italian at work dropped his shovel, drew some kind of a weapon and joined in the fight. The unarmed ones and the other workers fled out of range of the bullets and called for the police reserves. Several unarmed Italians, when pursued by armed patriots jumped into the river and in one case the pursuer followed but was outdistanced.

By the time the police arrived one faction had been put to flight and although many shots were fired no one was found to have been wounded. Two arrests were made.

HUGGER AT LARGE.

Main Street East Fellow Has Had Long Course.

Miss Elizabeth Henshaw, 13 Aikman man avenue, who made an endeavor to identify one of the prisoners in the dock at the police court yesterday as the man who assaulted her on Main street near Tisdale, told the police that she was assaulted twice in the same neighborhood, and that several other girls had also been victims of the hugger, but that he had been scared away every time so far. The police are still looking for him. The man has been following his peculiar course for at least three months in that particular locality.
