A determined fight will be made in its Council on Monday night to insist in the Hydro Commission inserting the auses suggested by the City Solicitor, efore Hamilton accepts the contract. alling in this, a demand will be made and the by-law go to the people, as it is eally the first time the ratepayers are had a chance of seeing the contract familton is expected to tie itself down to for 30 years.

If the Railway and Municipal Board footporates the clause suggested by the lity, which provides that township peo- le within 750 feet, north and south of farton street, east of the Jockey Club, hall be entitled to water, the city's rorries over this troublesome question till be removed. The demand of Barton hat township people on the mountain op within 150 feet of Concession street given water will not be granted. The fity would not have much objection, it is thought, to houses fronting on Consision street, between the head of the trongman road and Lake View avenue, letting water.

The scarlet fever epidemic, which the tuthorities hoped they had succeeded in impressing, appears to have broken out igain. Eleven new cases were reported loday. Other infectious and contagious liseases reported included feur cases of liphtheria, two of chickenpox and one tach of typhoid and whooping cough.

Building permits for October of this rear aggregated in value \$247,350, and acrease of \$35,400 over the correspondng month last year.

Myles Hunting, caretaker of the fil-ering basins, says it will be another seek before the sandsucker is at the evetment wan. It is only costing the fity \$300 to have it removed, and it been not look as if the contractors are roing to make any money on the job

Chicago, Ill., Oct. 30.—A baby's prank, taught him in pride by the parents, is believed to have been the parents, is believed to have been the cause of the death by gas asphyxiation of Mrs. Charles Edgecomb and her 4-year-old son, Charles Edgecomb, jr., who were found dead in bed on Thursday by Mr. Edgecomb, head of a sightseeing automobile company, when he returned home.
