Mark Twain. RUNNING FOR GOVERNOR.

licket, I somehow rest that I may only prominent advantage over these gould-men, and that was, good character. It was easy to see by the newspapers, that if ever they had known what it was to bear a good name, that time had good by. It was plain that in these latter years the had beams familiar with all manner.

my eye :
"THE LIE NAILED !—By the aworn affidovits of Michael O'Flanagan, Esq., of the Five Points, and Mr. Kit Burns and Mr. John Allen, of Water Street, it is establish John Allon, of Water Street, it is established that Mr. Mark Twain's vile statement that the lamented grandfather of our noble standard-bearer, John T. Hoffman, was hanged for highway robbery, is a brutal and gratitious Lirs, without a single shadow of foundation in fact. It is disheartening to virtuous men to see such ahameful means resorted to achieve political success as the attacking of the dead in their graves and defiling their honored names with slander. When we think of the anguish this miserable falseheod must cause the innocent relatives and friends of the

decased, we are almost driven to incite an outraged and insulted public to summary and unlawful vengeance upon the traduct. But no—let us leave him to the agony of a lacerating conscience—(though if passion should get the better of the public and in its blind fury they should do they traducer bodily injury, it is but too obvious that no jury could convictand no court uninh the perpetrators of the deed.)

The ingenious closing sentence had the effect of moving me out of bed with despatch that night, and out of the back door also, while the 'outraged and insulted public surged in the front way, breaking furniture and windows in their righteous indignation as they came, and taking off such property as they could carry when they went. And yet I can lay my land upon the Book and say that I never slandered dovernor Hoffman is grandfather. More—I had never even heard of him or manifold him up to that does and date.

[I will state in passing, that the journal above quoted from, always referred to me afterwards as Twain the Body-Snatcher.]
