Evening Telegram

W. J. HERDER, - - Proprietor
W. F. LLOYD, - - - - Editor
THURSDAY, Sept. 5, 1912.

Made Good.

The news obtained by F. B. Wood from the Toronto Globe, confirmed as it is by Lieut. Rendell, of the success of the Newfoundland Squad at the Toronto Exhibition is most gratifying. There were three classes of competitions:—

- 1st—Physical drill.
- 2nd—Marching, manual exercises and general appearance.
- 3rd—Shooting.

The competition in the second set is completed and Newfoundland comes third. As there were some 2,000 cadets and scouts there, divided into squads of 12, from all parts of the Empire, this is a most creditable showing. They are practically first among the squads which are purely amateur and trained by amateur officers. The cadet system in both New Zealand and Australia is part of the regular scheme of defence under a Ministry of Defence. Eighteen years ago in New Zealand there were 36 cadet corps, who were classed as volunteers. Under the Kitchener scheme all boys from 12—14 are classed as Junior Cadets and boys from 15—18 as Senior Cadets. The enrolment is about 38,000.

Under the Kitchener scheme in Australia, 150,000 cadets presented themselves for training and 87,000 were enrolled.

This will give some idea of the kind of a picked squad both New Zealand and Australia could send and what the Newfoundland squad was "up against."

To make such a creditable showing in such a competition is most creditable and we congratulate the squad and the brigades from which they were drawn.

A RENDEVOUS FOR LOAFERS.—On Barter's Hill there is an old dilapidated structure where a gang of "work-lovers" daily and nightly congregate. It is feared that some time or other the place may be set fire to, and the police should watch it.

Glassware!

Fruit and Cake Stands.

JOHN B. AYRE.

Nfld. Squad Making Good

Mr. F. B. Wood who is interested in our Brigade boys now at Toronto, called yesterday to the Toronto Globe, as follows:—

"Please cable collect winning stand of 'Cadets' Cup Competition, giving standing of Newfoundland squad."

To-day the accompanying message was received in reply:—

"Cadet Competition, marching, drill and general appearance, New Zealand, first; Australia, second; Newfoundland, third; full details promised by officials to-morrow. King's prize shoot, final stage, again postponed."

The foregoing message shows that so far our local squad are making their mark in the Inter-Dominion Competition, and further news of their success is being awaited with interest.

MESSAGE FROM LIEUT. RENDELL.
(COPY) TORONTO Sept. 4, '12.
R. G. Rendell,
Water Street.

"Have not wired previously, because no results were known until to-day. We are beaten in marching, manual and appearance by only the New Zealand and Australian boys. All well, but little camp sickness. Leaving for home on Saturday or Monday; not going west, not classed as overseas."
RENDELL."

COMPETITION NOT FINISHED.
Mr. Percie Johnson received the following message to-day:—
"Competitions not yet finished; we came third in marching, manual and appearance; beaten by New Zealand and Australia; our boys have been little out of order. Out all afternoon."

seeing Toronto; leaving Saturday or Monday. Many thanks for your telegram."

(Sgd.) LIEUT. W. RENDELL.

MADE 88 TWO-THIRD POINTS.

TORONTO, To-day. Cadets from New Zealand carried all before them in marching, manual and general appearance competition at exhibition, 97 points. Newfoundland 88 and two thirds.

Child Drowned.

The Deputy Minister of Justice received the following message from Magistrate O'Toole, Conception Harbour:—

"Two year old daughter of Richard Butler, of Holywood, wandered from his home yesterday (Tuesday) afternoon; found by its mother drowned in a pond close by its home."

Salt Cargoes.

The schr. Tobatic, Capt. Pettit, 31 days from Cadiz, reached port at daylight this morning with a cargo of salt and onions, consigned to A. S. Rendell & Co.

From the same place and with a cargo of salt for the same firm, the schr. John Fletcher arrived in port at 11 o'clock to-day. The passage occupied 42 days. The vessel was becalmed for several days in the early part of the voyage, and before getting across the "herring pond" encountered strong head winds.

To-day's News.

Special Evening Telegram, CHIASSE, Switzerland, To-day. Italy determined to maintain its hold on Tripoli and Cyrenacia. No great advance has been made as yet with the official negotiations for peace, which are now going on in Switzerland between Italian delegates and representatives of the Turkish Government. The former, while expressing a readiness to make concessions on behalf of Italy in secondary matters, have declared it impossible to give in on several vital points. Italy demands absolute and complete sovereignty over Tripoli and Cyrenacia without however, exacting its recognition from Turkey. It demands the evacuation of Turkish troops. It is pointed out that the administration at Constantinople might find way to meet these demands by proclaiming the independence of these territories and entrusting the Arabs to govern themselves.

Special Evening Telegram, OTTAWA, Ont., To-day. The Marine Department has decided to proceed with the proper laying out of Port Nelson, as an up-to-date harbor. With this purpose in view 15 buoys will be dispatched by the steamer Beothic which leaves Montreal for Hudson Bay on Sunday. The channel to the mouth is a hundred feet wide, with a depth of sixty feet, but hitherto there has been no mark to indicate the channel. The Beothic will also carry provisions for Government steamers Minto and Arctic which are engaged in Hudson Bay.

Special Evening Telegram, LONDON, To-day. A private telegram from Sebastopol reports a mutiny among crews of the Black Sea Squadron. According to the Constantinople correspondent of the Chronicle the warships bombarded the forts which replied vigorously. The heavy gun fire continued as the dispatch left. It is stated one cruiser escaped and reached Burghas, Bulgaria.

Special Evening Telegram, LONDON, To-day. The odds on Wilson for President have increased. The Wilson rate is now 75 per cent. Taft and Roosevelt 25.

Special Evening Telegram, LOUISBURG, To-day. The auxiliary schr. Monica A. Thomas was totally destroyed by fire. The schr. had been fitted for sea and the crew were filling the gasoline tanks when the explosion occurred which blew up a large portion of the deck and injured a number of the crew.

Special Evening Telegram, LONDON, To-day. The schr. had been fitted for sea and the crew were filling the gasoline tanks when the explosion occurred which blew up a large portion of the deck and injured a number of the crew.

Wrecked Ship Towed to Port.

The s.s. Balseine towed the wrecked steamer Wilhelmina into port this morning from St. Mary's, which place she left at 8 o'clock Tuesday evening, experiencing favourable weather all the way along. The Wilhelmina, it will be remembered, while on her way to Point Leamington lumber laden, went ashore at Peter's River and was wrecked. Subsequently she refloated herself at high tide, became a derelict, and was picked up by a party of fishermen and put to an anchor in St. Mary's Bay. Immediately on arrival to-day the ship was dry docked, and the work of repairs, which will likely be only temporary, will commence at once in order to get her away as quickly as possible. All the movable fittings have been stripped from the vessel, while a large hole where she struck on going ashore has been discovered in her bottom. Capt. Enon, late of the Gaspe, came in command of the Wilhelmina. Capt. Saunders and Mr. Tasker Cook, who were to the scene of the wreck in the interest of the underwriters, also came along on the ship.

Well Worth Seeing.

The Toronto Telegram of Friday last says the marching and rifle drill of the Newfoundland Cadets were well worth seeing and speaks well for their training.

The Mail and Empire says the Newfoundland squad was drawn in the qualifying round against Saskatchewan and British Columbia, that they presented a very smart appearance, were fully applauded, and should appear in the finals, which prediction turned out true.

In the first match at ranges in nap-shooting last Friday, Newfoundland came ninth out of fifteen squads with a score of 48. The Nova Scotia squad led with 76.

Young Olson Wins

VELTER WEIGHT CHAMPIONSHIP. BRATTLEBORO, Vt., Sept. 4. Brattleboro, Vt., in the fastest match ever witnessed in this town, Young Olson won from Fritz Hansen, venterweight champion, at Island Park, St. evening, securing his first fall in 3 minutes and winning the second in 7 minutes, through drizzling rain. Velterweight is 145 lbs. He also won from Leo Columbus, on the same mat, on Labor Day; first fall in 12 minutes and the second in 4½ minutes.

ARRIVED FOR HOSPITAL.—A young woman named Anderson arrived by train yesterday from Petites to enter the General Hospital and be operated on for appendicitis.

STEPHANO ARRIVES.—The Red Cross Liner Stephano, Capt. Clarke, arrived from New York via Halifax at 11 a.m. to-day, bringing a full freight and one hundred passengers, fifty-five of whom are round trippers.

UNLICENSED DOGS.—The local constable at Torbay had four parties of that place summoned before Court to-day for having unlicensed dogs. Three of the defendants paid the fine.

POLICE AFTER THEM.—Four servicers who deserted from H. M. S. Alyppo a few weeks ago are still at liberty. The police detectives are on their trail and hope to round them up shortly.

CITY OF SYDNEY SAILS.—The s.s. City of Sydney, Capt. Fraser, sailed to-day at noon for Sydney and Montreal, taking as passengers: Mr. McNeil, Mr. Bandy, J. Cook, Mrs. T. Cook, Mr. and Miss Bennett, Miss Moore, G. R. Winter, Hon. M. G. Winter, Miss F. Cook, Mr. N. Cooper, J. D. Matthews, F. H. Bancroft, R. C. Weed, Miss S. C. Barnes and 6 in steerage.

While the sports was in progress yesterday afternoon on St. George's Field scores of miniature rows were in evidence. Inspector Collins and Sergeant Savage who were on guard spent a busy time of it putting the offensive ones outside the gate.

When the last event on the programme was finished a fierce fight took place on the field in which a man named Nofal, one of the contestants, was badly served.

Special to Evening Telegram, LONDON, To-day. The odds on Wilson for President have increased. The Wilson rate is now 75 per cent. Taft and Roosevelt 25.

Special Evening Telegram, LONDON, To-day. The auxiliary schr. Monica A. Thomas was totally destroyed by fire. The schr. had been fitted for sea and the crew were filling the gasoline tanks when the explosion occurred which blew up a large portion of the deck and injured a number of the crew.
