SPEEDING UP.

The impetus and encouragement to education in Newfoundland, which is being given by the campaign drives of the Methodist and Anglican denominations, bids fair to enlarge the whole scope and system of teaching and training in this dominion. And it is well that this is so. Nothing advances a people more than education, and having taken particular notice of all our shortcomings in this vitally important matter, the present efforts are the outcome of a desire to intensify and improve the educational status of the present and future generations of our young people.

The promoters of the campaigns have received hearty support, morally and financially, as the daily published returns have shown, proving that the need for more and still more education is being indelibly impressed upon the population. The responses to the request for money with which to carry on has been marvellous. In the City of St. John's alone the Methodist denomination surpassed their objective, and the campaign is being opened in the outports, from which the collections will undoubtedly be in proportion to those of the Capital. The Anglicans have demonstrated their ability to go over the top in the city, the total returns up to last night's report, being well within the circle of anticipation.

With the people taking a lively interest in the advantages of increased educational facilities, the new crusade for better and more up-to-date schools, will surely be carried to a victorious conclusion. All the evidence now points to a united and concerted attack against ancient prejudices, prejudices detrimental to mental advancement, and the days when it was held that a superficial elementary education was sufficient for every child, now belong to the musty past. We have entered upon a new era, and the present campaign will place Newfoundland in the running with other Dominions, whose peoples consider education as the greatest asset toward national prosperity.

Obituary.

RALPH MCLEES BISHOP.

We regret to chronicle the death which occurred at five o'clock this morning at his residence Patrick Street, of Mr. Ralph McLees Bishop, second son of the Hon. R. K. Bishop, and director of the firm of Bishop, Sons & Co. Ltd. Mr. Bishop was in good health up to Wednesday and was sitting on the rail of the balcony at his residence, Patrick Street, when in some unaccountable manner he overbalanced himself, falling heavily and injuring his spine. Mr. Bishop leaves two children, his wife having predeceased him some six years ago, two brothers, Harold and Monroe and his father who is at present in England on business in connection with his firm, to whom the sudden blow will be a severe one. Funeral will take place to-morrow afternoon. We extend our sincerest sympathy to the members of the family.

Arranging Peace Celebrations.

With Mayor Gosling in the chair, a public meeting with the object of arranging celebrations on Peace days, Aug. 4th and 5th, was held in the Board of Trade rooms last evening. Mr. J. J. McKay, president of the Board of Trade, stated that the Board had left the matter in the hands of the city Councilors but offered some tentative plans for the celebrations, including children's fete, bonfires, procession of decorated motors, water sports and band concerts in the parks.

Mr. H. R. Brooks advocated the combining of the two celebrations on the occasion of the visit of the Prince, instead of observing two sets of holidays on two succeeding weeks. The 4th and 5th would be only statutory holidays, the Premier then explained, and probably the 13th. Full instructions in this matter had been sent the outport Magistrates and other authorities and no alterations could now be made.

The adjournment of the meeting until four thirty o'clock this afternoon was then moved and carried. In the meantime an effort is to be made to ascertain what catering arrangements can be made for the youngsters, if a children's fete is staged and the Press is desired to invite to to-day's meeting representatives of the ladies patriotic assn. and of the labor organizations as well as any other citizens who may care to attend.

A Criticism.

A communicated article in the Harbor Grace Standard of July 25th, has the following to say of the "Trail of the Caribou" stamp issue:

The Charleston American quoted in the Telegram says that the so-called Caribou issue of stamps is handsome set, and one of the best put out by the Postal authorities. Would the American writer tell us the difference between a caribou head and that of a moose? Did he ever see a caribou with palms on the top of the antlers? The same mistake was made with the crest of the Newfoundland Regiment, and the only solution is that the man who designed or picked out the crest for the Regiment and he who sketched the originals of the stamp was not to the manner born. Then, too, is the use of the word "trail." Who ever heard of the word used in Newfoundland? If you speak about caribou the word that will be used is "head." Altogether it seems we have copied Canada in choosing the crest and the central object of the stamp. The Caribou issue in design is faulty, the colors anything but pleasing to the eye, and the whole selection not to be compared with previous issues. The Caribou issue is far away ahead of the Caribou issue.

Another Campaign Started.

The George Street Methodist Church opened a vigorous campaign last evening, with an organization in two divisions, with 6 teams of 6 workers to each team. The purpose of the drive is to raise the entire church revenue for the year in the one effort. The following is a list of those connected with the campaign. Chairman, Mr. C. P. Ayre; Secretary, Mr. D. B. Hrom; Campaign Manager, Mr. R. F. Horwood; Leader, Division A, Mrs. J. E. Angel; team captains, Messrs. R. F. Horwood, Clarence Scott, and Kellaway, Leader, Division B, Mr. F. H. Steer; team captains, Messrs. C. R. Steer, J. W. Taylor, C. C. Pratt, Executive Committee, Messrs. D. B. Hrom, Messrs. C. P. Ayre, C. C. Pratt, J. W. Taylor, C. R. Steer, W. M. Samways, Chas. F. Stephenson and R. F. Horwood.

The objective is \$8,000.00. A supper was held at 7 o'clock last evening and the report given in showery conditions, a contribution of \$76.00 from the workers. Much enthusiasm was in evidence and the workers are determined to go over the top. The workers meet again at nine this evening and will continue four days. The workers under their captains are on the war path to-day and a good report is expected to-night.

Economy in the Home.

Mrs. Housewife, do you know the many ways of using Cleveland's Health Cocoa?

As a healthful, nourishing drink, as a substitute for high price Chocolate in making Candy, Cakes and Icing it has no equal. It is positively free from any bitter taste, as it contains no alkali and is recommended highly by physicians. Give

The Arch of Welcome.

SITE NOT POPULAR.

The arch being erected in honor of the Prince of Wales may be all right from an architectural standpoint, but we fail to see how it is, in any way, emblematic of our country. We would consider it more in keeping with the history and traditions of Newfoundland if the arch was erected after the manner in vogue from time immemorial, that is, the same covered with the bows of our forests, decorated with our wild flowers, and displaying the natural resources of our country, such as the seal, codfish, mussels, our sailing fleet and steamers which have prosecuted our second great industry—the seal fishery. Also models of our Labrador fishing fleet, our fishing jacks, etc., as well as our caribou and other animals and birds of Newfoundland. Again, we think that the site upon which the arch is being constructed has been badly chosen. It should have been on the historic Beach where history and tradition have shone. Himpfrey Gilbert hoisted the flag of Old England, and took charge of the Island in the name of the British Sovereign. It is to be regretted that the important ideas were not thought of by those whose duty it was to erect the Arch of Welcome to our future Sovereign. Everything in the shape of beauty of architecture has already been seen by His Royal Highness, but an arch erected with representations of our natural resources, would immediately catch his eye, and would give His Royal Highness a good practical idea of how we live and work in Newfoundland. To add to the decorations, what could be prettier than our wild roses, daffodils, ferns, dogberries and all our other numerous flora. It would be an advertisement for our country, and would do more to bring the resources of Terra Nova under the notice of the capitalists of Great Britain and Europe generally than would all the advertisements we could print in ten years. The Telegram does not wish, in any way, to throw cold water on the efforts of those responsible for the site upon which the arch is erected, nor do we in any way depreciate the beauty of its construction, but we must say that it is not up to the occasion, nor have we taken advantage of such an auspicious episode in our country's history, as the visit of our future King undoubtedly will be, to bring the resources of the Oldest Colony have slowly but steadily forged to the front, in its resources, the adventurous spirit of its sons, the agility and capability of its sailors and the heroism, pluck and perseverance of its soldiers upon many a field of battle in Egypt, Gallipoli, France, Flanders, and every other portion of the Globe in which a Newfoundlander was to be found. However, we suppose we must make the best of it now.

Annual Garden Party.

The Annual Garden Party, in aid of Mount Cashel Orphanage will be held to-morrow, and the distinguished patronage of His Excellency the Governor, and His Grace the Archbishop. This is now recognized as one of the Summer events, and has become a tradition, and promise to make this season's party the most successful yet held. The programme of sports will be a most interesting one, and will include foot and pony races; football five and the big baseball game between the Cubs and Wanderers for the H. D. Reid cup; besides which there will be dances in the Mount Cashel boys and various amusements for young and old. The C. C. C. and T. A. bands will be in attendance. The noble work being carried on by the good Brothers in providing a home for the fatherless and in fitting them for the battle of life, is known and appreciated by all. The running of such an institution as Mount Cashel, particularly at present and with an ever-increasing number of inmates, is naturally difficult, and calls for funds which all will help supply by attending the Party to-morrow.

Housing Scheme Approved.

Office of Housing and Town Planning Adviser.  
Ottawa, July 23, 1919.  
Dear Sir,—I have been interested in your leading article dealing with the proposed better housing scheme for St. John's, and would like to be permitted to congratulate you on the introduction of co-operative methods into your being up of the house.

I have pleasure in sending you by separate mail a few publications relating to the steps we are taking in Canada to promote better housing conditions, and would particularly draw your attention to the fact that we are making town planning an essential part of our housing scheme. The reference in your leading article, in your issue of July 14th, to the proposal of planning broad streets with plenty of space and air in connection with your housing schemes, shows that the value of town planning in connection with housing is appreciated in Newfoundland as well as in Canada. In England, housing and town planning go together, and are included in the same Acts of Parliament. We hope that Newfoundland in starting its housing enterprises will benefit from the experience of older countries in having regard to town planning principles in connection with the promotion of its housing schemes. Yours faithfully,  
T. J. ADAMS,  
Town Planning Adviser,

Anglican Educational Campaign.

Probably the biggest crowd since the campaign opened was present in the Methodist College Hall last evening when yesterday's reports were submitted. If Saturday evening had been marked by the amount of good humor and fun, last evening was treble so, and as the results of the day were announced cheers and clapping broke forth from everyone in the Hall. The winning division of the men was W. R. Warren, chairman, and chairman W. S. Monroe had to pay \$10 Capt. Hunt, 25 subs in the ladies' division, D. won. Mrs. H. Outerbridge, chairman of C. having to deposit \$10 to the campaign. The reports of the day's work follow:

After Mr. Stoll, the organizing manager, had given some good advice and directions, Rev. Leonard Jeeves, the newly inducted rector of the Cathedral delivered a few remarks. He had been here but a few hours—long enough, however, to be able to see and admire the splendid spirit of competitions among the workers. Drawing his moral from a story told by himself, Mr. Jeeves concluded by admonishing all to shun—shove hard. The singing of the National Anthem brought the evening to a close.
