# The Stock Market!

Within the last fortnight the "bears" made the most of the  
Polish-Russian situation by hammering security values in many  
instances to the lowest prices for over a year. This war scare  
however, seems to be over-estimated and it is quite evident that  
the general market has discounted the worst that could happen,  
as the London Stock Exchange has not manifested any appre-  
ciable anxiety over the situation.

While prices are low the time is ripe for investors to pick up  
bargains or to average down on stocks already purchased.

We are fully equipped to handle your orders either outright  
or on margin, and will be pleased to submit a list of good pur-  
chases upon request.
