## SHARE PROFITS!

During the past fortnight a pronounced forward movement ensued throughout the list on the New York Stock Exchange. Substantial advances were recorded and in our opinion the leading securities are headed for higher prices. It looks to us as if current prices will look very cheap as compared with the values of the early future.

This is the opportunity for alert investors and we respectfully announce that we are fully equipped to take care of your orders, whether buying or selling, for cash or on margin.
