

THE AVENGER OF BLOOD.—The story of a long and persistent pursuit of a murderer by the son of his victim is told in a Missouri newspaper. The father of Col. J. Young, a resident of Cook Co., Texas, was killed and robbed on the 11th of April, 1872, by a man named Bunch. The next day Col. Young started in pursuit, and for more than a year he has been tracking the felon through the Indian Territory, thence through Arkansas and Louisiana, east into Mississippi, and north through Tennessee and Kentucky. Crossing the Mississippi, the felon made his way through Arkansas, by the way-wads of the Indian Territory, thence through the mountains and forests of Arkansas again, the hills and wilds of Southern Missouri, over the prairies of Southern Kansas, down the head waters of Medicine Lodge, and among the Arapahoes. On the 20th of last January Col. Young lost the trail. On the 8th of April a telegram from Fort Scott informed him that Bunch had recently been in that place. Soon he was there, only to learn that Bunch had left for Lamar, in Denton County. From that place Young traced him to Stockton, Bolivar, Quincy, Warsaw, S. Lalia, Booneville, here Bunch was arrested, and, after this long chase, has been identified by Colonel Young and committed to prison.

THE CHOPS.—The *Oshawa Reformer* says: "Having had occasion to visit the counties of Durham, Victoria and North Ontario recently, we have had an opportunity of seeing and hearing of the state of the crops. The fall wheat looks healthy and strong, luxuriant in some instances, and there are very few places indicating frost killing, spring wheat, barley, oats and meadow grass, though backward, show well."

CHEESE FAIR IN STRATHROY.—The first of the fortnightly cheese fairs held in Strathroy was a decided success, 1,688 boxes being offered for sale, representing 27 factories, 990 boxes of which were disposed of at prices ranging from 10c to 11c per lb., the latter price being obtained for that sold for home consumption. Numerous buyers from a distance were present.

The newspaper editors of Iowa are compelled to forego their projected excursion on account of the refusal of Eastern railway companies to give them free passes, and if this is not curtailing the liberty of the press they should like to know what is.

BRADFORD'S EPPS'S COCOA.—GUTHRIE AND COMPANYING.—"By thorough knowledge of the natural laws which govern the operations of digestion and nutrition, and by a careful application of the fine properties of well-selected cocoa, Mr. Epps has provided our breakfast tables with a delicately flavored beverage which may save us many heavy doctors' bills."—*Civil Service Gazette*. Made simply with Boiling Water or Milk. Each packet is labelled—"James Epps & Co., Homoeopathic Chemists, London."

The Blood owes its red color to minute globules which float in that fluid, and contain in a healthy person, a large amount of iron, which gives vitality to the blood. The Peruvian Syrup supplies the blood with this vital element, and gives strength and vigor to the whole system.

MANUFACTURE OF COCOA.—We will now give an account of the process adopted by Messrs. James Epps & Co., manufacturers of dietetic articles, at their works in the Eaton Road, London.—See article in *Cassell's Household Guide*. 3266mdw

PHOSPHORUS, Lime, Iron, Calcium or Ferric Chloride.—Dr. J. C. Peabody's Compound Elixir of Phosphates and Calcium combines these valuable remedies in the form of a delicious coffee. Phosphorus, a brain food; Lime, an excitant of nutrition; Iron, a blood maker; and Calcium or Ferric Chloride, the only specific for chills and fevers, and all conditions of nervous prostration and general debility. Phosphates are the only agents known that act immediately on the stomach, perfecting the digestion and assimilation of food, and determining the formation of pure blood. No combination ever discovered is so remarkable in building up constitutions run down with old complaints, that have heretofore resisted all ordinary methods of treatment. Sold by all druggists.
