Very Near

Roberts' Headquarters at Geneva Siding,

Fourteen Miles From Kroonstad and Six From Boschrand.

Gen. Hutton's Brigade Is Still Further North.

Part of a Boer Convoy Captured—Nearly 100 Prisoners Taken—Still Pushing On.

London, May 12—11:35 a.m.—Lord Roberts telegraphs to the war office under date of Geneva Siding, May 11, morning, as follows:

"My headquarters, with Pole-Carew's division, marched 20 miles today, and are now at Geneva Siding, 14 miles from Kroonstad, and about six miles from Boschrand, where the Boers are holding entrenched positions. Gordon's brigade is in touch with them; Tucker's division is a short distance southeast, and Hamilton's force is still further east.

"Broadwood's brigade overtook a part of the enemy's convoy yesterday at Potgieters laager, southeast of Ventersburg, and captured several wagons and some prisoners.

"French, with Porter's and Dickson's brigades, and Hutton's mounted infantry, is some distance due north of this place.

"We have taken nearly 100 prisoners during the last two days. All the Free Staters who could give a good account of themselves have been disarmed and allowed to return to their homes.

"The nights are getting much cooler."

MARCHING SPLENDIDLY.

Geneva Siding, Friday, May 11.—Morning.—The British forces have arrived here, marching splendidly. Gen. French in the advance. Firing was heard yesterday in the direction of his forces.

Some of the Inniskillings have approached a kraal where a force of Boers was concealed.

A white flag was flying from the kraal. While the troops were unsaddling their horses a deadly fire was poured in upon them from the windows of the farmhouse, killing several of the Inniskillings. A score of them were also captured, most of whom had been wounded.

It is expected the railway to the Zand River will be completed tonight. The line is almost entirely destroyed north of the river, but beyond, where the British are, the Boers retreated from their positions too hastily to do much damage. The Boers are reported to be entrenching themselves around Kroonstad, 20 miles off.

MOBILITY OF THE BOERS.

Eden, Friday, May 11.—The Boers retired somewhat today, but it is impossible to say where they turn up, owing to their great mobility. Gen. Grenfell succeeded in pushing them back near Rapsburg, while Gen. Brabant pushed forward in the direction of Brang Drift, along with Gen. Campbell and the sixteenth brigade.

A body of Boers has appeared at Verona on the Ladybrand road.

Closing Up.

ONLY EIGHT MILES AWAY!

London, May 12—2:30 p.m.—The war office has received the following dispatch from Lord Roberts:

"Boschrand, May 12—9:05 a.m.—I am eight miles south of Kroonstad. The enemy evacuated the first line of entrenchments during the night. We are now reconnoitering towards Kroonstad.

"Gen. French's cavalry seized the drift over the Valsheid River at 4:30 last evening, just in time to prevent the passage being opposed by the enemy."

Still Running!

WHERE WILL THE BOERS MAKE A STAND?

London, May 12.—Lord Roberts is now face to face with the Boer position at Kroonstad, and despite reports of its strength, the results of the meeting of the opposing forces is expected to be very similar to the outcome of the battle of the Modder River.

HUMPHREYS' PARIS.

TELEPHONE 273 18.

PARIS.

When in Paris telephone our house, 32 Rue Etienne-Marcel, and they will send to your hotel or tell you the nearest druggist who keeps Humphreys' Specifics. Nearly all dealers have a supply of "7" for Grip and Colds. Specific "4" for Diarrhea, very important when traveling. Specific "1" for Fevers, Congestion. Specific "10" for Dyspepsia, Indigestion. Specific "15" for Rheumatism. Specific "16" for Malaria. Specific "26" for Sea-Sickness. Specific "27" for Kidney and Bladder.

Manual of all diseases, especially about children, sent free.

For sale by all druggists, or sent on receipt of price, 25 cents each. Humphreys' Homeopathic Medicine Company, corner William and John streets, New York.

When Women Get Together

what do they talk about? Their ill-health! They tell about their aches and pains, describe their symptoms in detail, endeavoring to prove their special trouble the most trying and dangerous. Why do they do this? Because they have no other help.

Many a woman has never known a really healthy hour, yet has kept on her feet and accomplished her daily duties, thinking sacrifice really meritorious. Ninety-nine times out of a hundred these women become chronic dyspeptics. You can tell that by their lack-lustre eyes, spiritless movements and sallow complexion.

Dyspepsia is the forerunner of many fatal disorders; it always precedes consumption! If you are wise, you will take some invigorating herbar preparation such as Karl's Clover Root Tea, which has been in use for nearly fifty years, and has never been known to fail in curing all bowel and liver troubles. It gently stimulates the whole digestive system so that your food is perfectly assimilated and converted into pure, rich blood, which keeps the nervous system of the body healthy and the muscles firm and strong. Your back-aches, headaches and sleeplessness will all vanish under the influence of this grand remedy, Karl's Clover Root Tea.

Ask your druggist for it, or write to S. C. Wells & Co., 82 Colburn street, Toronto, Ont., and they will send you a large free of charge, sold throughout the United States and Canada at 50c. and 60c., and in England at 1s. 6d., 2s. 3d.

Following the British advance on Brandfort and the Zand River. Lord Roberts is apparently keeping the Boers moving far too quickly to give them time for effective occupation of any position so near him, and though numerous kopjes in the neighborhood of Kroonstad afford strategic positions from which a delaying action might be fought, it is fully anticipated by the best experts here that the Boers will now hurry on to the Vaal, where they will once more attempt to stem the progress of the invading army, while the bulk of the federals prepare for what will perhaps be a decisive battle on the ridge running from a west southwards of Johannesburg, where open ground to the southward offers the defenders splendid advantages over any attacking force.

WORK AND WAGES

Ottawa Builders' Laborers Want Better Terms.

Toronto Trades and Labor Council Favors Independent Political Action—The St. Louis Situation Is Serious.

Ottawa, May 12.—Builders' men want their wages increased. After July 15 the union demand that the rate of wages be 20 cents per hour. At the present the builders' men get 16 cents per hour, for a day of nine hours.

Some of the Inniskillings have approached a kraal where a force of Boers was concealed.

A white flag was flying from the kraal. While the troops were unsaddling their horses a deadly fire was poured in upon them from the windows of the farmhouse, killing several of the Inniskillings. A score of them were also captured, most of whom had been wounded.

It is expected the railway to the Zand River will be completed tonight. The line is almost entirely destroyed north of the river, but beyond, where the British are, the Boers retreated from their positions too hastily to do much damage. The Boers are reported to be entrenching themselves around Kroonstad, 20 miles off.

MOBILITY OF THE BOERS.

A MYSTERY

Who Asked for the Orders Written by Andrew Grant and Signed by Mr. Macnish?

St. Thomas, May 11.—Mystery deep and unfathomable still surrounds the issuance of the orders by which Bole Montgomerie Johnson and Stratford became deputy returning officers at the West Elgin election in the place of the men whom it was intended should act. For four days the commissioners have been endeavoring to discover who was in communication with these mysterious personators, but without success, except in the case of the confessed ball-slipper, Pritchett, whose evidence on this very point has been contradicted. Today Mr. Andrew Grant, of St. Thomas, admitted writing the orders, afterwards used, but said he had no idea who asked him to do so, and Mr. Macnish testified that he probably signed them two days before the election among a bundle of other documents which he did not read. And there the matter rests. The other evidence of Mr. Macnish and Mr. Grant was a total denial of any knowledge whatever of any wrong-doing. It is altogether probable that the commission will finish its work here tomorrow, and possibly hold a sitting later in Toronto for the purpose of examining some of the party organizers. Mr. W. P. R. Preston arrived here today from Ottawa to meet his accusers face to face. Having failed to elicit a response from Mr. Whitney, he wrote to Judge

Put Iron in The Blood

It Makes the Blood Red, the Cheeks Rosy and Restores Vigor and Vitality to Every Organ of the Body.

In Other Words, Use Dr. Chase's Nerve Food.

The blood is composed of certain elements of nature which are supplied in the food we eat. During the winter season the food is of an artificial nature, and not sufficiently varied to properly sustain the quality of the blood. Consequently very many people suffer in the spring from the results of thin blood.

A pale face, and more especially paleness of the lips, gums and the inside of the eyelids, tells of weak, watery blood. There are languid, worn-out, despondent feelings, lack of energy and appetite, weakness and irregularities, and frequently stomach disorders, headaches and nervous troubles.

To say that the blood is thin, weak and watery is to mean that it lacks iron and other elements which are found in Dr. Chase's Nerve Food. Put iron in the blood and you will help nature to overcome the ills of spring. Use Dr. Chase's Nerve Food and you will supply to the blood not only iron, but all the most effective elements of nature which go to make the blood rich and red.

Through the medium of the circulation of the blood and the nervous system, Dr. Chase's Nerve Food has a direct influence on every organ of the body. It tones, strengthens and revitalizes the system, reconstructs the wasted tissues, creates new nerve force, and prevents and cures diseases caused by weak blood and exhausted nerves.

Are you pale and weak? Put iron in the blood by using Dr. Chase's Nerve Food. Do you need a spring restorative? There is no preparation to be compared to Dr. Chase's Nerve Food as a blood builder and nerve restorer: 50 cents a box, at all dealers, or Edmondson, Bates & Co., Toronto.

Barron, chairman of the commission, directing his attention to the fact that he had been charged by the press, and also by public men in parliament, with conspiring with the returning officer and his deputies to secure the fraudulent election of Mr. Macnish, and expressing a desire to appear before the commission. Mr. Preston will, therefore, appear tomorrow morning.

NORDHEIMER PIANOS

The London Warehouses of the Nordheimer Piano and Music Company Among the Finest in Canada.

Yesterday afternoon an Advertiser representative visited the Nordheimer piano warehouses, at 188 Dundas street. This establishment, which has heretofore been carried on under the style of the London Piano and Music Company, is now under new management, and will in future be conducted as a branch of the Nordheimer Piano and Music Company, limited, Toronto. Accompanied by the affable manager, James J. Callaghan, the reporter was shown through the establishment. The new firm will carry on business as wholesale and retail dealers in musical instruments, musical sundries of all descriptions, sheet music, etc. The Nordheimer Company, in addition to manufacturing a piano, which has won for itself a deservedly high reputation among musicians and persons of taste and culture, are the sole Canadian representatives of Steinway & Son, New York, whose pianos are the acknowledged standard among the instruments of the world, and which are used and preferred by the greatest artists living in both hemispheres. The Nordheimer Company is intending purchasers have therefore the choice of the most expensive piano made, as well as others of a less costly grade. The experience which this firm has had, over 60 years in active business, is a guarantee that patrons will always be treated in a manner that will both please and satisfy them. The local house will be headquarters for Western Ontario, the staff of travel for the district working from here. The store downstairs is light and airy, and contains a complete stock of musical goods. At the rear of the store is a small reception room for ladies, a convenience which is much appreciated, as is evidenced by the large number of ladies who avail themselves of it, as a meeting place with friends or for resting when tired of shopping or pleasure-seeking. Still further back is a stock room in which are kept a number of new and second-hand pianos, and at the rear of the flat is the manager's private office. According to the second flat, the visitor enters Nordheimer Hall. This hall is probably unique in Canada, nothing like it being possessed by any other piano house. The hall is about 35 feet long by 20 wide, and will seat about 350 persons. For recital purposes the stage is erected at the north end. The walls are constructed in white staff, the style of decoration being in French applique relief, with figures representing music in high relief. Nine large mirrors, four on each side, and one in the end surround the hall. This hall was used by the Ladies' Morning Music Club for their meetings and recitals last season, and other of the ladies' societies also avail themselves of it.

In addition to the regular stock of Nordheimer pianos displayed in the hall, there is a Steinway Grand, valued at \$1,500, which is the finest piano that ever entered London. A number of instruments of other good makers are also displayed here. A decided innovation in musical instruments, is also displayed here, in the shape of the "Angelus," a musical instrument which can be played by any person, and is capable of the most finished and artistic musical effects. The instrument differs from all others in having the reed effects as well as the piano attachment, and it can be played as an instrument by itself or can be attached to any piano in a moment. The Nordheimer Piano and Music Company are the sole Canadian agents for these instruments.

The front of the flat is occupied by

a reception room, tastefully furnished, the color scheme of which leads to its description as the "Blue Room." In this room were seen a magnificent Steinway upright, valued at \$400, two fine Nordheimers, Empire style, and one Nordheimer art piano. The third floor is occupied by four studios and the balcony of the hall.

Altogether the establishment is one of the finest of its kind in the Dominion, and is worthy of the high reputation achieved by the Nordheimer Company as manufacturers of the merit piano which is a credit to Canada. The new management will be pleased to welcome and show over the premises all persons who call, and an invitation is extended to those who are interested in music, whether they wish to purchase or not.

"A Single Fact."

Is worth a shipload of argument. What shall be said, then, of thousands of facts? Every cure by Hood's Sarsaparilla is a fact, representing the strongest possible evidence of the merit of this medicine. Thousands and thousands of such facts prove that Hood's Sarsaparilla will cure all diseases caused or promoted by impure blood. It is the best medicine money can buy.

Indigestion, nausea are cured by Hood's Pills.

United States exports for April totaled \$64,615,970.

Mothers are assured that LAXATIVE for children's use.

Mild, thorough, recommended by doctors. At druggists, 25 cents.

The Canadian patriotic funds now amounts to \$272,813.

A DINNER PILL.—Many persons suffer excruciating agony after partaking of a hearty dinner. The food taken off is like a ball of lead on the stomach, and instead of being a healing nutriment, it becomes a poison to the system. Dr. Parmenter's Vegetable Pills are wonderful correctives of such troubles. They correct acidity, open the secretions and convey the food partaken of into healthy nutriment. They are just the medicine to take if troubled with indigestion.
