INVALID SOLDIER GETS A FORTUNE.

Once Saved Woman's Life—She Left Him About \$500,000.

Dayton, Ohio, April 17.—Henry H. Hawthorne, one of the invalid soldiers in the soldiers' home here, has just received notice that he has been made the beneficiary to the amount of from \$200,000 to \$500,000 left him by a woman out of gratitude for having saved her life many years ago.

Hawthorne was born in England and came to the United States when a boy. While at Kent bathing in the sea he saw a woman and her son in a boat, which capsized.

Hawthorne, being an expert swimmer, succeeded in rescuing the woman, but the son was drowned. He returned to the United States and served in the army during the civil war.

While at Kent in England and refused a reward which she urged him to take. He heard nothing more from her until he was informed of the bequest left to him.

Government Caucus in Re Early Closing of the Session.

Ottawa, April 17.—There was a government caucus this forenoon. W. C. Edwards, M.P., presided. No action was taken in regard to the sessional indemnity. The principal matter discussed was the programme for the early closing of the session.

A deputation from Maisonneuve, a suburb of Montreal, was introduced yesterday to Acting Postmaster-General Sutherland by Mr. Prefontaine, and asked for the extension of the letter carrier system to that town.

Amusements.

"SAPHO" TONIGHT. "Sapho" will no doubt be a great drawing card tonight at the Opera House. This company gives a clean, refined, and intensely dramatic performance of this play. The scenery and costumes are splendid. A number of specialties will be put on between acts. Thursday "Rip Van Winkle" will be the attraction, and Friday night closes the engagement with "True as Steel." An amateur contest will be held after the final performance for a prize of \$5. A number of applications have been made.

FREDERICK WARDE IN "OTHELLO." Frederick Warde, who made such a profound impression a few weeks ago on the theater-going public of London, and is now making such a hit in Toronto, has decided to play the "Duke of Jester" at the matinee next Saturday. At night he will play "Othello." Plans for night performance opens tomorrow evening.

ALBERTA GALLATIN IN "NELL GWYNNE." There is hardly another actress in the profession who occupies such a unique position as Alberta Gallatin, who is to appear here as "Nell Gwynne" on Tuesday evening next, at the London Opera House.

The artist who has been so successful in the companies of Mrs. Plake, Daniel Frohman, Richard Mansfield, T. W. Keene, Henry Miller and Joseph Jefferson, has justified the belief of her friends that she could make a decided success on her own merits. The plan for sale of seats opens Friday morning.

"The Next Tim." You require a laxative, let us suggest that you try the famous Celery King. You will find it pleasant, mild, palatable, effectual and non-gripping. It thoroughly cleanses the system of all impurities without any weakening effect.

PAP BOTTLE PIGGIES. Last Monday a Yorkshire sow, belonging to Edwin Core, had a litter of eighteen pigs, and as she could feed only twelve, Mr. Core had to fit up pap bottles for the six that were crowded out. Last year the sow had two litters of sixteen each.—Milton Champion.

It is stated that Sir Wilfrid Laurier, Messrs. Sifton, Tarte and Peterson will visit British Columbia during the summer season and go as far as Dawson.

WOMAN BYLAW BREAKER FINED

She Rode Her Bicycle on the Sidewalk and Paid \$2 for the Privilege.

Fifteen bylaw breakers faced Police Magistrate Love yesterday, and most of them had their bank accounts reduced by \$1 or \$2. Three wheelmen paid \$2 each for enjoying a short spin on the sidewalk, while the police magistrate also fined a lady rider \$2 for the same offense. This is the first case of the kind on record at the local police court, the bench on previous occasions having always been touched by the spectacle of beauty in distress. Three pedestrians who short-cutted across Victoria Park netted the treasury \$1 each. Wheeling on the footpath cost three citizens \$1 each, while a young man who led a horse on the space sacred to human footprints paid the same fine. Charges of driving over a bridge faster than a walk, and of leaving an awning hanging too low, were dismissed. Two boys who played ball on the street were allowed to go. James Malone and John Carroll, the Toronto youths, charged with tapping a till, were further remanded for a week. Sentence was suspended on the charge of non-support, preferred by his wife against David Hardey, who went to Detroit with another woman. Hardey has been taken back in to the bosom of his family. James Killips, a drunk, was remanded for a week, and another drunk was let go.

A Big Strike With the Steel Combine in Prospect.

C. P. R. Trackmen Confer—Getting Their Grievances Into Shape for Presentation to the Company's Officials

Pittsburg, Pa., April 17.—A battle to the death between unions of the country and the United States steel corporation, the million dollar combine organized by John D. Morgan, is in prospect. The discharge of seven men because they joined the union is the cause of the howl which is likely to become the most important struggle between labor and capital in the history of the world. If the strike comes, as now seems certain, it will involve practically the entire steel industry of the country. Mills east and west will be tied up, even employees of non-union establishments having. It is claimed, given pledges that they will be retained by the Amalgamated Association of Iron and Steel Workers. The question of the strike is not involved in the controversy, it being solely a matter of recognition of the union.

C. P. R. TRACKMEN CONFERENCE. Montreal, April 17.—A committee representing the trackmen of the C. P. R. is now holding daily sessions at the Grand Union Hotel, discussing the grievances of the men. The committee have John T. Wilson, of St. Louis, Mo., president of the Brotherhood of Railway Trackmen of America, to guide them and give them advice. TWO HUNDRED SWITCHMEN ON STRIKE. Scranton, Pa., April 17.—Two hundred switchmen in the Lackawanna yards here, at Fay and Clark's Summit, struck against the discharge of two men by Zimmerman, Newell, who wanted to replace them. It is said, by men brought from Hoboken. There is a complete tie-up of freight and coal traffic here, and word has been sent down the Bloomsburg and other divisions to hold all trains. Three miles of loaded coal cars are already blocked on the Bloomsburg division between here and Pittsburg Junction.

STRIKES AND LOCKOUTS. St. John, N. B., April 16.—Most of the iron workers of the city struck for 25 cents per day additional pay. The men in three shops are all out. Halifax, N. S., April 16.—It was reported that 150 men at the Waverley gold mines had gone on strike for more pay. Berlin, April 16.—The Employers' League of Berlin Builders has decided to open a lock-out against all workmen who participate in the usual labor demonstrations on May 1.

April 18.—Owing to a strike among the employees of the Navigare Generali, the government has ordered the mail service to be transported by torpedo boats, the passenger and mail services to be transported by the Sicilian mails and passengers by ferry boats.

GOLF. REVIVAL IN WOODSTOCK. Woodstock Express: Golf is being revived in Woodstock. The game has never been played here since Rev. Mr. May organized a club several years ago, but this year the devotees of the links have got together, and the result will probably be a strong club this season. There are a number of good players in town now, and it is probably a matter of time ready there is talk of putting up a clubhouse, with kitchen, dressing-rooms and dancing pavilion.

FISTIC. THE MOST FAMOUS BATTLE. Forty-one years ago today occurred the most famous of all international prize ring battles, when Ben Caen, the English champion, met on the 17th of April, 1869, near Paris, France, England, in a meadow situated on the borders of the English Channel. The winner was for the championship of the world, and was fought with the bare "maulies," the use of the boxing gloves being unknown. It lasted 42 rounds, when the contest, which the referee declared a draw, Lord Palmerston, then premier, was said to have been more interested in the contest, which the referee declared a draw. TORONTO HORSE SHOW ENTRIES

The entries to the Toronto horse show in the harness and saddle classes are of a very high order and quality. They are fully up to previous years, while the saddle and hunter classes are far in excess of previous seasons. Mr. Adam Beck, of London, for example, has entered his prize winners for the past two years in New York and Boston, and practically all his horses are blue ribbon winners. Mr. George Pepper is in much the same position in connection with his string, and Messrs. Crow & Murray will exhibit many horses which have won laurels in the ring. The entries in the special class given by his excellency for 4-year-olds has filled remarkably well, there being no less than thirteen entries, as follows: Governor-General's prize—For 4-year-old Canadian-bred geldings or mares, suitable for riding or cavalry purposes, to be sired by a thoroughbred stallion, such sire to be approved by the judges—Wm. Crawford, Churchill, Lady Billeter and Minto; J. H. Reed, V. S. Guelph, Banbury, W. Douglas, Toronto, W. H. Stewart, Craig & Galloway, Guelph, Lady Athol; W. H. Warrington, Toronto, Yarn Spinner, Widmer, Hawke, Toronto, Highfield, Charles, Head, Guelph, Colonel; E. B. Clancy, Toronto, Euclaire; L. Meredith, London, Cremer; A. Beck, London, Gay Falconer; Robert Porteous, Simcoe, Scottie; P. Maher, Toronto, Kitchener.

After the grip, or other serious illness, Hood's Sassafras is the medicine to take to restore the appetite and strength. A woman can throw away more with a spoon than a man can accumulate with a shovel. RHEUMATISM CURED QUICKLY. And surely with Trask's Magnetic Ointment. 25 and 40 cents at C. McCallum & Co. Those who believe that money can do anything are always willing to do anything for money. THERE IS DANGER in neglecting a cold. Many who have died of consumption dated their troubles from exposure, followed by a cold which settled on their lungs, and in a short time they were beyond the skill of the best physician. Had they used Bickle's Anti-Consumptive Syrup before it was too late, their lives would have been spared. This medicine has no equal for curing coughs, colds and all affections of the throat and lungs. All truly wise thoughts have already been thought many times. The best we can do is to rethink them. TO CURE A COLD IN ONE DAY. Take Laxative Bromo-Quinine Tablets. All druggists refund the money if it fails to cure. E. W. Grove's signature is on each box. The more promises a man makes the more he doesn't keep. Infants too young to take medicine may be cured of croup, whooping cough and colds by using Vapo-Cresolene—they breathe it.

Prince Edward Island

Farmer compelled to stop clearing up his farm.

There is no healthier life in the world than that of the farmer—yet as a rule farmers work too hard. They toil early and late, through the broiling sun in the summer and the blizzard blasts of the winter, and they have to suffer for it because the kidneys cannot stand the strain put on them and backache often follows. Here is what Mr. Job Costain of Minnegawa, P.E.I., has to say about what Doan's Pills have done for him: "In the Spring of 1900 I started to clear up a piece of land, but had not worked many days before I was taken with a very lame back, and of course was compelled to stop work. The trouble seemed to be down in the centre of my back and my right side and I could not stop over. I got a box of Doan's Pills and before I had taken the whole box I was completely cured and was able to proceed with my work, and I take great pleasure in recommending them to all farmers who are troubled as I was."
