## INVALID SOLDIER GETS A FORTUNE.

Once Saved Woman's Life—She Left Him  
About \$500,000.

Dayton, Ohio, April 17.—Henry H. Hawthorne, one of the invalid soldiers in the soldiers' home here, has just received notice that he has been made the beneficiary to the amount of from \$200,000 to \$500,000 left him by a woman who died many years ago. The woman was Mrs. Josephine Fairfax, who recently died in the south of France.

Hawthorne was born in England and came to the United States when a boy. While at Kent bathing in the sea he saw a woman and her son in a boat, which capsized. Hawthorne, being an expert swimmer, succeeded in rescuing the woman, but the son was drowned. He returned to the United States and served in the army during the civil war. A few years ago he met Mrs. Fairfax in England and refused a reward which she urged him to take. He heard nothing more from her until he was informed of the bequest left to him.

## CAPITAL NOTES

Ottawa, April 17.—There was a government caucus this forenoon. W. C. Edwards, M.P., presided. No action was taken in regard to the sessional indemnity. The principal matter discussed was the programme for the early closing of the session.

## Amusements.

**"SAPHO" TONIGHT.**  
"Sapho" will no doubt be a great drawing card tonight at the Opera House. This company gives a clean, trained, and intensely dramatic performance of this play. The scenery and costumes are splendid. A number of specialties will be put on between acts. Thursday "Rip Van Winkle" will be the attraction, and Friday night closes the engagement with "The Duke of Noisy." An amateur contest will be held after the final performance for a prize of \$5. A number of applications have been made.

**FREDERICK WARDE IN "OTHELLO."**  
Frederick Warde, who made such a profound impression a few weeks ago on the theatre-going public of London, and is now making such a hit in Toronto, has decided to play the "Duke of Noisy" at the matinee next Saturday. At night he will play "Othello." Plans for night performance opens tomorrow evening.

**ALBERTA GALLATIN IN "NELL GWYNNE."**  
There is hardly another actress in the profession who occupies such a unique position as Alberta Gallatin, who is to appear here at the "Nell Gwynne" on Tuesday evening next, at the London Opera House. The artist who has been so successful in the companies of Mrs. Fiske, Daniel Frohman, Richard Mansfield, T. W. Keene, Henry Miller and Joseph Jefferson, has justified the belief of her friends that she could make a decided success on her own merits. The plan for sale of seats opens Friday morning.

**The Next Tim.**  
You require a laxative, let us suggest that you try the famous Colery King. You will find it pleasant, mild, palatable, effective and non-gripping. It thoroughly cleanses the system of all impurities without any weakening effect.

**PAP BOTTLE PIGGIES.**  
Last Monday a Yorkshire sow, belonging to Edwin Core, had a litter of eighteen pigs, and as she could feed only twelve, Mr. Core had to fit up pap bottles for the six that were crowded out. Last year the sow had two litters of sixteen each. — Milton Champion.

It is stated that Sir Wilfrid Laurier, Messrs. Sifton, Tarte and Patterson will visit British Columbia during the summer season and go as far as Dawson.

Three pedestrians who short-cutted across Victoria Park netted the treasury \$1 each. Wheeling on the footpath cost three citizens \$1 each, while a young man who led a horse on the space sacred to human footprints paid the same fine. Charges of driving over a bridge faster than a walk, and of leaving an awning hanging too low, were dismissed. Two boys who played ball on the street were allowed to go. James Malone and John Carroll, the Toronto youths, charged with tapping a till, were further remanded for a week. Sentence was suspended on the charge of non-support, preferred by his wife against David Hardey, who went to Detroit with another woman. Hardey has been taken back in to the bosom of his family. James Kilgus, a drunk, was remanded for a week, and another drunk was let go.

A Big Strike With the Steel Combine in Prospect.

C. P. R. Trackmen Confer—Getting Their Grievances Into Shape for Presentation to the Company's Officials

Pittsburg, Pa., April 17.—A battle to the death between the unions of the country and the United States steel corporation, the billion dollar combine organized by J. Pierpont Morgan, is in prospect. The discharge of seven men because they joined a union is the cause of what now seems likely to become the most important struggle between labor and capital in the history of the world. If the strike comes, as now seems certain, it will involve practically the entire steel industry of the country. Mills east and west will be tied up, even employed non-union establishments having. It is claimed, given pledges that they will stand by the Amalgamated Association of Iron and Steel Workers. The question of wages is not involved in the controversy, it being solely a matter of recognition of the union.

Montreal, April 17.—A committee representing the trackmen of the C. P. R. is now holding daily sessions at the Grand Union Hotel to discuss the grievances of the men, prior to laying them before the officials of the company. There are a number of good players in town now, and it will probably increase. Already there is talk of putting up a club house, with kitchen, dressing-rooms and dancing pavilion.

### FISTIC.

**THE MOST FAMOUS BATTLE.**  
Forty-one years ago today occurred the most famous of all international prize ring battles, when John C. Heenan, "the Benicia Boy," and gallant Tom Sayers, the English champion, met on the 15th of April, 1860, near Farnborough, England, in a meadow situated on the borders of Hampshire and Surrey.

The battle was the championship of the world, and was fought with the bare "maulies," the use of the boxing gloves being then unknown. It lasted 42 rounds, when the police broke into the ring and stopped the contest.

John Palmerston, then premier, was said to have been among the spectators, noticed in the House of Commons, and led to a long debate. Lord Palmerston, in the House, quoted the fight as "a type of the national character for endurance, patience under suffering, undiminished perseverance, determined effort, and as

## Pay When Cured

Any honest man who will satisfy me that he can pay me when cured can get my belt. I know I can cure the disease described above, or I could not make this offer. I know it because I have thousands of letters which thank me for the good work my belt has done for others as badly, if not worse, off than you may be.

If you are not the man or woman that you want to be, call at my office and give me a free test. If you can't tell, write for my eighty-page book, beautifully illustrated. It tells how and why my belt cures.

## TURF.

### TORONTO HORSE SHOW ENTRIES.

The entries to the Toronto horse show in the harness and saddle classes are of a very high order and quality. They are fully up to previous years, while the saddle and hunter classes are far in excess of previous seasons. Mr. Adam Beck, of London, for example, has entered his prize winners for the past two years in New York and Boston, and won the special class given by the city of London. Mr. George Pepper is in much the same position in connection with his string and Messrs. Crow & Murray will exhibit many horses which have won laurels in the ring. This is the first special class given by his excellency for 4-year-olds has filled remarkably well, there being no less than thirteen entries, as follows:

Governor-General's prize—For 4-year-old Canadian-bred geldings or mares, suitable for riding or cavalry purposes, to be sired by a thoroughbred stallion, such sire to be approved by the judges—Wm. Crawford, Churchill, Lady Billeto and Minto; J. H. Reed, V.S., Guelph; Banwart, Craig & Galloway, Guelph; Lady Athol; W. H. Warrington, Toronto; Highfield; Charles Head, Guelph; Colonel E. B. Clancy, Toronto; Eustace, L. Morehead, London; Cremorne; A. Beck, London; Gay Falconer; Robert Porteous, Simcoe; Scottie; P. Maher, Toronto, Kitchener.

After the grip, or other serious illness, Hood's Sarsaparilla is the medicine to take to restore the appetite and strength.

A woman can throw away more with a spoon than a man can accumulate with a shovel.

**RHEUMATISM CURED QUICKLY.**  
And surely with Trask's Magnetic Ointment. 25 and 40 cents at C. McCallum & Co.

Those who believe that money can do anything are always willing to do anything for money.

**THERE IS DANGER IN NEGLECTING A COLD.** Many who have died of consumption dated their trouble from exposure, followed by a cold which settled on their lungs, and in a short time they were bedridden. The skill of the best physician, had they used Eick's Anti-Consumptive Syrup before it was too late, their lives would have been spared. This medicine has no equal for curing coughs, colds and all affections of the throat and lungs.

All truly wise thoughts have already been thought many times. The best we can do is to rethink them.

**TO CURE A COLD IN ONE DAY.** Take Laxative Bromo-Quinine Tablets. All druggists refund the money if it fails to cure. E. W. Grove's signature is on each box.

The more promises a man makes the more he doesn't keep.

Infants too young to take medicine may be cured of croup, whooping cough and colds by using Vapo-Cresoline—they breathe it.

## Prince Edward Island

Farmer compelled to stop clearing up his farm.

There is no healthier life in the world than that of the farmer—yet as a rule farmers work too hard. They toil early and late, through the broiling sun in the summer and the blizzards of the winter, and they have to suffer for it because the kidneys cannot stand the strain put on them and backache often follows. Here is what Mr. Job Costain of Minnigash, P.E.I., has to say about what Doan's Pills have done for him:

"In the Spring of 1900 I started to clear up a piece of land, but had not worked many days before I was taken with a very lame back, and of course was compelled to stop work. The trouble seemed to be down in the centre of my back and my right side and I could not stoop over. I took a box of Doan's Pills and before I had taken the whole box I was completely cured and was able to proceed with my work, and I take great pleasure in recommending them to all farmers who are troubled as I was."

## "Straight Front."

Low bust, long waist, cut away hips—that is fashion's latest corset decree.

The "N.C. TAILOR-KUT" corset with the straight front is a genuine straight front corset.

It gives a graceful curve to the back and hips; it supports, but does not press the abdomen. Correct in every line. See that it is branded:
