# IN LUNGS.

In the Edinburgh University three human lungs lie side by side. One is of an Eskimo and is snow white. that of a coal-miner and is black. The other is of a town dweller and is a dirty slate gray, as are the lungs of most city residents. That's why consumption thrives in cities.

One reason why Scott's Emulsion does so much to keep down consumption is because it helps to keep the lungs clean and supplies them with rich, red blood. It makes the lungs germ-re-sisting. If the body is run down and health is at a low ebb Scott's Emulsion will build it up quickly and permanently.
