AUTOS MUST STOP
WHEN PASSING CARS

Police Issue a Warning, and
Fines Will Be Imposed
in Future.

In order that no owners of motor-cars may have any chance to plead ignorance the police have again issued a warning that henceforth all chauffeurs who pass standing street cars will be haled into court and fined.
The law is clearly laid down in the Ontario motor vehicles act, section 15 of which reads as follows:
"When a motor vehicle meets or overtakes a street car, which is stationary for the purpose of taking on or discharging passengers, the motor vehicle shall not pass the car on the side on which passengers get on or off until the car has started, and any passengers who have alighted have gotten safely to the street."
This is the law and no excuse will be taken henceforth, as it is feared that the reckless driving of some chauffeurs will result in accident cases.

STAFF TOUR WILL
BEGIN BIG WAR

Western Ontario Is to Again Face the
Scenes of 1912.

Western Ontario is to be plunged into warfare paralleling the famous conflicts of 1912 within a few days, when the second annual staff tour of the year will be held in the vicinity of Chatham. Among the officers who will be employed in the program will be Lieut.-Col. MacDonnell, Major Gordon-Hall, Major Shannon, Major MacCrimmon, of the divisional staff, Capt. H. C. Becher, and Capt. Philip Pocock, of the Seventh Fusiliers; Major A. V. Becher, of the Sixth Field Battalion; Major Brown, of the artillery unit of Aylmer; Lieut.-Col. Black and Lieut.-Col. W. C. C. and Major Dean, of the non-permanent Army Service Corps. The staff course will also be in attendance, while Major Anderson, staff officer to Gen. C. B. McKenzies, has also been invited to view the procedure.

The tour commences on Tuesday of next week, and concludes on Thursday, and as usual motor cars will be utilized. According to the plan as laid out in the "general idea" prepared by the militia staff, the Blue forces are supposed to have declared war on the Reds on Aug. 21, and to have invaded Redland in the Niagara Peninsula. The Reds were repelled in a general action near Hamilton, and dropped back to the vicinity of Toronto. A Blue cavalry brigade is sent to occupy the country from Windsor to Hamilton, in order to open up the resources of the district to the needs of the Blues, and the commander-in-chief intends to advance with reinforcements against the main army of the Reds on Sept. 24. They were not seriously opposed until that date, when the Reds held them back in the vicinity of Prairie and Ringold, southwest of Chatham, from dawn until 5 p.m., when the left flank was turned, and the Reds retired, losing Chatham to the invaders. In retiring, however, the Red commander clears the country of all vicious cattle, horses, wagons and rolling stock, and he also destroys telegraphs, telephone lines, bridges, culverts and railways.

INFECTIOUS DISEASE

Should Be Abolished, He Declares
Most Pressing Need Today.

[Special to The Advertiser.]

Toronto, Sept. 18.—The annual convention of the Canadian Public Health Association closed here today. The next annual meeting will be held in Regina.

Officers were elected as follows: Honorary patron, His Royal Highness the Duke of Connaught; vice-patrons, Lord Strathcona, Lord Dufferin, Lord Horden; honorary president, the Premier of Saskatchewan; honorary vice-presidents, Hon. Clifford Sifton, Hon. R. D. Monk, Hon. Sam Hughes, Hon. Martin Burrell, Hon. J. D. Hazen, Sir James Whitney, Hon. Walter Scott, Hon. C. W. Murray, Sir Richard McBride, Sir Rodmond Roblin, Hon. H. K. Flemming, Sir Lomer Gouin, Hon. A. L. Sifton, Sir William Vanier; president, Dr. J. W. S. McCullough; vice-presidents, Dr. A. J. Douglas (Winnipeg), Dr. C. J. Hastings, Dr. Helen MacMurchy, Dr. J. D. Page, Dr. F. H. White, Dr. A. J. Murray; secretary, Major Lorne Drum; treasurer, Dr. George D. Potter, Toronto, and a numerous executive council.

The executive committee is as follows: Dr. J. W. S. McCullough, president; Major Lorne Drum, Dr. G. D. Porter, Dr. John Anyot, Col. G. C. Jones, and Dr. C. A. Hodgkiss.

At the afternoon session an interesting paper was read by Mr. W. W. Lee, in charge of the immigration branch of the Quebec Y. M. C. A. Dr. J. F. Goodchild read a paper on "The Open Window."

Immigration Problem.
"In the past undue influence has been placed upon the social and political aspects of immigration to the detriment of the national hygiene," said Mr. W. W. Lee, in his paper. "The only way," he said, "in which we can guarantee that the inspection of immigrants at our ports will be adequate is to take the immigration administration out of politics and place it upon a civil service basis." In conclusion Mr. Lee said: "Our efforts as Canadians must be directed to the point where we can absorb and assimilate the immigrants into our industrial system without injury to the progress of native Canadians or older immigrant workers, and when this is done the immigration problem will cease to exist."

Dr. Hodgkiss, commenting upon Mr. Lee's paper, said that the "hand-picking" of immigrants in Europe by Canadian inspectors would go far toward solving the immigration problem. He pointed out, too, that it was the duty of Canadians to see that the immigrants were afforded proper housing on arrival here. "We should," he said, "not take any more immigrants into this country than we can properly house."

6,000 Lunatics.
Mr. Downey, superintendent of the Ontario Home for Feeble-Minded at Orillia, gave some interesting statistics. "There are," he said, "at least six thousand feeble-minded people in Ontario. Of these probably one-third have been identified and are receiving some attention. But a great many remain to bear the penalties imposed upon them either in their own homes or herded with the criminal class for offences for which they should not be held either morally or legally responsible."

He urged the revision and strengthening of the present Ontario act. Only by training in an institution could the idiot be helped. Restoration to normality was impossible.

In conclusion, he said: "With the well-to-do and well-developed practicing race suicide and the pauper degenerates and defectives reeling in the doubtful pleasure of large families, there is some ground for the eugenics movement."

Dr. W. H. Hill, director of the Institute of Public Health at London, Ont., attacked the idea that highly-bred people or those enjoying the best of health were better fortified against the attacks of disease. The most pressing thing which public health work could do was to abolish infectious diseases.

At the business meeting the association took further action toward urging the Federal Government to aid in the fight against the pollution of sources of water supply, and the following resolution, submitted to the executive committee, was adopted:

Water Pollution.
"That a committee of the following members be nominated to draw up a memorial to be presented to the Dominion Parliament representing as follows:

"That it is against the interests of public health that raw, untreated sewage be permitted to discharge into waters which are used as sources of water supply; that it is the conclusion of the Canadian Public Health Association that an act of Parliament regulating the pollution of streams and lakes is required in order to strengthen the action of the provincial authorities in the matter."

"That the committee have the power to draw up the said memorials and present Parliament all available evidences and data bearing upon the matter of prevention of pollution of waters which may be or are used as sources of water supply."

"The members of the committee to be as follows: Drs. Hodgkiss, McCullough, Hastings, Seymour, Nasmith, Major Lorne Drum, and T. Aird Murray."

The fourth conference of the archdeaconry of London will be held in St. James' Church in this city on Tuesday and Wednesday, Oct. 1 and 2. Ven. Archdeacon Richardson is president of the archdeaconry.

The opening session will start on Tuesday at 4 o'clock. Preliminary business only will be discussed in the afternoon. A tea and social reunion will follow at 6 p.m., when an address of welcome will also be given by the dean, and Rev. S. P. Irwin, of Watford, will speak in reply.

The formal opening of the conference will then take place. The archdeacon will take the chair, and Rev. V. F. Durnford will say the introductory prayer. Addressed will be delivered by Rev. T. G. A. Wright, Rev. T. B. Clarke and Rev. Rural Dean Doherty, based on the subject: "The State of the Church, (a) In Canada, (b) In the Archdeaconry." Other subjects which will be taken up are the "Prayer Book Revision," and "Our Empire." Rev. Canon Craig and Rev. John Henry will speak on the first-named subject, while Rev. Canon Downie will take the latter topic. The clergy will be the guests of the archdeacon at luncheon.

The Wednesday afternoon session will be a lengthy one, and the Dean of Huron will be chairman. Archdeacon Richardson and Rev. E. H. Croly will be the principal speakers on the historical subject, "The Cathedral System." The matter of "Private to Canadian People" will have Rev. Rural Dean Robinson and Rev. C. H.
