But is Less Than Average for Five Years.

Washington, D. C., Aug. 9.—The August crop report of the United States Department of Agriculture, issued at 2:15 p.m. today, gives a pre-liminary estimate of the yield and quality of winter wheat, the condition

last month, 69.6 per cent last year, and 1718 ban, it was said, was to be pronounced in the churches tomorrow.
Some of the supporters of the college acre, 26 bushels, compared with 23.9 in St. John have suggested boycotting the church until the matter has bushels last year and 27.1 bushels, the average yield per acre for the five average yield per acre for the five been settled to their approval.

Judge Monet, the ringleader among the alumni of the college, who has delined to submit to the ecclesiastical from condition reports, will be 2,811, rounded bushels, compared with 2.531, as a "nice little attempt to cook public."

Wheat (winter)—It is preliminarily estimated the yield per acre of winter wheat is 15.1 bushels, compared with 14.8 bushels last year, and 15.5 bushels, the average for the five years. 1906-10. On the area planted, 25,744, 1900 acres, it is estimated preliminarily the total production of winter wheat the total production of winter wheat month, 58.8 per cent last year, and 80.3 on the college question. These manper cent, the average for the past dements marked an absoluten years. Indicated yield per acre. stage in the developments." bushels, compared with 9.4 bush-last year, and 13.4 bushels, the average yield per acre for the five years, 1906-10: On the planted area, 19,201,000 acres, it is estimated the total production of spring wheat, interpreted from condition report, will 190,000,000 bushels, compared with

190,682,000 bushels last year, and 200,-979,000 bushels in 1910. Condition of Oats. Oats—Condition, 93.3 per cent of a normal compared with 89.2 last month, 65.7 last year, and 81.4, the average condition for the past ten last Indicated yield per acre, 31.9 bushels, compared with 24.4 bushels bushels, compared with 24.4 bushels last rear, and 28.4 bushels, the average for the five years, 1996-10. Of the planted area, 37.844,000 acres, it is estimated the total production of oats, interpreted from condition reports, will be 1.207,000,000 bushels compared with 1,207,000,000 bushels, compared with 922,298,000 bushels last year, 1,186-341,000 bushels in 1910, and 1,007,129,-000 bushels in 1909. The amount of oats remaining on farms Aug. 1 Is estimated at about 34.872,000 bushels, estimated with 67,793,000 bushels last compared with 67,793,000 bushels in 1910. ,199,000 bushels in 1910. Barley—Condition, 89.1 per cent of a normal, compared with 88.3 per cent last month, 66.2 per cent last year, and 83.1 per cent, the average for the past ten years. Indicated yield per acre, 26.7 bushels, compared with 21 bushels last year, and 24.8 bushels, the average for the five years, 1906-10 On average for the five years, 1906-10. On the planted area, 7,574,000 acres, it is estimated the total production of bar-ley will be 202,000,000 bushels, com-pared with 160,240,000 bushels last

year, 173,822,000 bushels in 1910, and 173,321,000 in 1909. REAL ESTATERS ARE FOR HARRY RYMILL

Anthistle Job Subject of Resolution.

The dismissal of Inspector Harry Rymill from his position on the Dun-das and Richmond street sidewalks, now being laid by Contractor W. J. Anthistle, was the cause of a discussion at the regular meeting of the Real Estate Owners' Association, with the result that the action of the Trades and Labor Council in endeavoring to secure a thorough investigation into the matter, was ough investigation into the matter, was

of Mr. Rymili and the contractor."

The destruction of the flag walks on Dundas and Richmond streets was also condemned. The members were of the opinion that these should not have been opinion that these should not have been broken up, as they could be put to more useful purposes. The resolution read:

"Resolved, that in the opinion of this association the council deserves the censure of the rateparers for allowing the flegstones on Dundes and Richmond. flagstones on Dundas and Richmond streets to be destroyed, as there were many ways in which material service

could have been obtained from these DR. ROBERTSON DEAD. Milton, Aug. 9.— A telegram has been received here today reporting the sudden death of Dr. David Robertson, registrar of the county of Halton, at the home of his son-inlaw, Alfred Higginbotham, Nelson, B.

Dr. and Mrs. Robertson had been in the west for about two months.

The doctor was a delegate to the Presbyterian General Assembly at Vancouver in June. He represented Halton in the Ontario Legislature thirty years ago. He was president of the Milton Pressed Brick Company, and one of Milton's most prominent and best clizens. He was in his usual health when heard from a few

WILL CARRY CASE TO THE VATICAN

Preliminary Estimate of Yield Judge Monet Says the Monnoir College Trouble Will Be Settled at Rome.

STATE OF OTHER GRAIN BOYCOTT IS SUGGESTED

Wheat Shows Gain Over Last Year, Citizens of St. John New Talk of Refusing to Attend Church

[Canadian Press.]
Montreal, Aug. 10.—The citizens of St. John have again been aroused into a state of indignation over the Monnoir College dispute, this time by the announcement in an evening paper by the opponents of the institution, that quality of winter wheat, the condition on Aug. 1 (or at the time of harvest), of spring wheat, corn, oats, barley, etc., and the indicated yield per acre of these crops. The report follows:

Corn—Condition, 30 per cent, or a completely submitted themselves to the discipline of the church authorities they were to be excommunicated and that authority to inflict this punishment had arrived from Rome. This ban, it was said, was to be pronounced in the churches tomorrow.

from condition reports, will be 2,511,000,000 bushels, compared with 2,531,488,000 bushels last year, 2,886,260,000
bushels in 1910, and 2,552,190,000
bushels in 1909.

Wheat (winter) It is preliminarily they want to influence poonly bases. the innuendo is thrown out that Rome has given her final word on the subject and with dire results, as far as

the priests are concerned."

Carry Fight to Rome.

Proceeding, Mr. Justice Monet explained that it was quite possible that 430,655,000 bushels last year 434,142.

6000 bushels in 1910, and 418,000,000 other than a ruling confirming the findings of the papal delegate some a communication had been received bushels in 1909. The quality of winter wheat is 90.7 per cent, compared with 22 per cent last year, and 91.1 per 29 per cent last year, and 91.1 per 30. As a matter of fact, since that time, matters had taken a new shape. But a few weeks ago both Archishop Bruchesi and Bishop Bernard had issued drastic mandaments cent, compared with 89.3 per cent last year, and 80.3 on the college question. Judge Monet insisted that the fight

was to be taken to Rome and settled Canon Lemieux, the superior Monnoir College, admitted that tempts were being made to effect a settlement, and that the priests had expressed a willingness to submit to the ruling of the authorities.
"Will the college open in Septem-

ber?" the canon was asked. "I can't say," he said.
"It is stated that, whether the Monnoir priests make act of submission or not, they cannot any tique in charge of a Catholic college, and that their occupation is thereby taken away," pressed the questioner, "All I desire to say is that negotia-tions are pending, and that all these phases of the question are being thor-

discussed." The opinion prevailing in Montreal s that the priests will abandon the cliege altogether, and open up

Yet Consented to Go to loronto.

Toronto, Aug. 10.-The city council's selection of Mr. T. G. Meredith, K. C., to succeed Mr. Harry L. Drayton, K. C., as corporation counsel-for this city does not signify that Mr. Meredith will be Toro...to's next chief legal adviser. Mr. Meredith has not accepted the offer, and as far as can be learned officially he has The Dismissal of Inspector Off

consider less than \$15,000. Privately, though, several members of

After receiving a telegraphic notification of the council's unexpected decision of Thursday night, Mr. Meredith wired to the acting-mayor yesterday: "Hope to the acting-mayor yesterday: "Hope you did not misunderstand my telegram. Must have time to consider the offer. Many interests to be considered." Acting-Mayor Writes:

To this the acting-mayor replied as

"Dear Mr. Meredith, -I have your teleheartily indersed. Some of the members expressed themselves strongly regarding the alleged unfair treatment of the inspector. The resolution was as only natural that you should require a "Resolver, that the Real Estate Own-reasonable and proper time to consider reasonable and proper time to consider the Same, and we do not object to giving the Trades and Labor Council in their you ample time, in view of your many move regarding the sidewalk inspection of control will be glad to meet you on your return here, which I understand will be at the first of the week, when we BIG ENGLISH FOLK can take the whole matter up and discuss the same thoroughly. There are a large number of important legal applications coming on about Sept. 15, but I have no doubt that matters can be satisfactorily adjusted so that you will have ample time and opportunity, if you accept our offer, to arrange your other

matters, as you have, as you say, many interests to be considered. "Kindly advise me when you are likely to return to the city, as we will be glad to meet you at any time that would suit

"With kind regards, "Yours very truly,
"T. L. CHURCH,

"Acting-Mayor." In this city it is said that Mr. Meredith will likely accept. City hall circles profess to be surprised, but those who know Mr. T. G. Meredith best say that he cannot afford to overlook the offer. Toronto is a city of between 300,000 and 400,000, and will very soon have over half a million population. To be even offered the city solicitorship of such a municipality is a tribute that is to be envied, but to be able to accept the of-fer and grow up with the city's pros-perity and advancement is better. It is felt here that as soon as Mr. Meredith is able to consult with the many inter-

VEGETABLE CROP WILL BE A BUMPER ONE

Quality as Well as Quantity Characterizes This Year's Yield.

Judging by this morning's market, the regetable crop in the County of Middlesex is going to be a bumper one, and the harvest promises to equal and surpass that of previous years. Buyers should find no trouble in purchasing roots this no trouble in purchasing roots this

Quality as well as quantity exists Beets, celery, onions, carrots, cabbages, potatoes and parsnips have all filled out remarkably well. This is undoubtedly due to the uniform rains which have prevalled throughout the district, and these nterspersed with warm weather made ideal conditions to bring the vegetable crop to maturity.

Prices for this produce are exception ally good, perhaps too high for the cen-sumer, whose idea is that when there is lenty prices should lower. the principle is not coming true. How-ever, those behind the scenes predict a mercal lowering of prices soon.

Mr. I B. Whale, B. S. A. for Middleinty, visited the vegetable growers of London district this week and is nuch pleased with the prospects of the vegetable crop this season. He says it will be a record-breaker.

4,800 BELL STATIONS IN CITY OF LONDON

Company Finds It Necessary to Enlarge Exchange on Park Avenue.

Work has commenced on the new Bell Telephone building on Park avenue, which will cost \$45,000. The permit for the structure has been issued by Building Inspector Piper. It will be ready in a year's time.

Some time ago the Bell Company purchased the lot next to its present site for the purpose of increasing the facilities for business. The company has been growing rapidly of late, and a still further development is looked for. Ten years ago, there were less than 2,000 stations, while at the present time there are 4,800. In addition, there are 30 longdistance lines, and also several suburbar lines. With the addition of the suburbs to the city, and the industrial development taking place generally in London the company anticipates that from 6,000 o 7,000 stations will be connected in

ery short time. The front of the present building will be torn out and a new front for the two buildings will be constructed. Stone will be liberally used in finishing off the ouilding. The offices will be modern every respect.

"We are increasing the size uildings throughout, the province," said Mr. C. H. Beard, local manager of the The demands of increasing ompany. make it imperative that we do so. At the present time, we have \$0 operators employed, but we ncrease the staff at least 50 per cent when the building is ready for occupancy. With the development, of the city, we anticipate a very rapid growth in

Use Fibre Board — Don't Plaster

Here are the reasons why you should use Fibre Board instead of lath and plaster.—Plaster holds up the job. It's use means a delay of weeks in construction work-waiting for it to dry. Then a further delay of months before you can decorate, paint, or paper the walls. Besides,—every building settles enough to crack up plaster badly, if it does not bring it tumbling off.

When you use Fibre Board, there is no delay in the construction of your building. Once on - it's on to stay, because it yields to a settling building. It's first cost is it's only cost, while anybody who can use a hammer and a saw can apply it.

baked to remove all moisture - so it is absolutely dry, and cannot warp, crack, or shrink. It is not a number of thin layers pasted together, but one solid piece of pure wood fibre - so it will not buckle or bend between the studs.

Fibre Board is non-absorbent - it cannot draw dampness like plaster - it is warm in winter and cool in summer - a deadener of sound and far more durable than plaster.

Fibre Board is just pure wood fibre com- Pibre Board is just the thing for cetpressed by tremendous hydraulic presses tages, garages, outbuildings, alterations, into solid boards. It is thoroughly new partitions, or finishing for attics or
