Ingersoll, Oct. 21.—At a sitting of the division court, at which His Honor Judge Judd of London presided, a case of more than usual interest was Federal Finance Association of Chicago vs. Rev. Donald MacIntyre of Ingersoll. The plaintiffs based their claim on the fact that a note and an agreement had been signed, and the defendant was to receive a correspondence course in law. The defendant acknowledged signing the documents, but claimed there had been misrepresentation, and because of this he had declined to pay the note. The case was tried by a jury, who returned a verdict in favor of defendant.
