

THE LACROSSE MEN ARE BUSY

C.L.A. COMMITTEE FORMS MANY DISTRICTS

A North of England Lacrosse Team Will Visit Canada. The team, which is to play on a Monday at Kitchener, has been successful at Washington—National League Baseball—General Sporting Goods.

The special meeting of the Canadian Lacrosse Association District Committee was held yesterday and allotted clubs to the different sections in the province and completed the preliminaries for the intermediate C.L.A. championship.

There were present: Mayor Thompson of Orlia, president C.L.A., in the chair; Secretary H. McConagh, Frank Nelson and F. W. Garvin, hon. president C.L.A.

The report of the clubs desiring to enter the competition was eminently satisfactory. Many new twelve had sent in their club's entry and there were very few withdrawals. A noticeable new club was Buffalo, where Canada's game has evidently taken a firm foothold.

The Northern district was abolished. Toronto Junction and the Ontario district, Brampton, Georgetown, Weston and Milton, go in the Central district. Toronto second was put in the Western district.

A special meeting of the subjoined district secretaries will take place in Toronto, Saturday, May 12.

The meeting of the Senior Committee of Management will take place next week in Paris, when St. Catharines, Paris, Toronto and the other senior clubs will have their championship games mapped out. Here is the list of districts, with the secretaries:

The Six Nations of Cayuga. The Six Nations of Cayuga have reorganized and are in full swing for the season. They will play a strong twelve of the nation's best players in the field. The officers are: Chief A. G. Smith of the Indian Department, president; William J. O'Connell, captain; W. C. Fisher, secretary; Richard Hill, treasurer; committee of management, Chief Isaac Hill, Chief Johnson Williams, David Key, Chief William Buck, Peter Williams.

Uncle Sam Likes Our Game. The lacrosse season opens in New York to-day, when Cornell University's twelve plays Stevens' Institute. The outlook for this pastime is very promising for the coming season, says The New York World, and Manager Corbett of the Stevens team proposes to boom the national game of our Canadian cousins right along.

Stevens won the inter-collegiate championship last year, and has kept its team almost intact.

English Lacrosse Coming. Cornwall, May 4.—The committee of the Cornwall Lacrosse Club held a meeting last night at which their prospects for the coming season were discussed.

A letter was read from Mr. John O'Neil, secretary of the North of England Lacrosse Association, stating that a team picked from the teams of this association intend to visit Canada this summer and would like to play in Cornwall.

The Cornwalls will play exhibition games in Kingston on May 24 and in Toronto on June 10, when several junior men will be given a chance to win their spurs and prove their ability to play on the national team. Owing to the condition of the grounds no practicing can be done for a week or 10 days yet.

Toronto's First Practice. Captain Irving has called the first practice of the Toronto Lacrosse Club for Saturday afternoon at 3 o'clock. Every playing member is requested to be on hand, as the time between now and the first match is very short to get down to championship form. The players will also meet Saturday to decide the practice nights for the season.

The Favorites Beaten. ELIZABETH, N.J., May 4.—The favorites were bowled over yesterday in the C.L.A. event, and the talent were hit hard. The weather was disagreeable and the track muddy.
