PROGRESS OF C.P.R. STRIKE

Stories From the Two Sides of Quarrel Don't Jibe Yet.

Toronto Men Are Holding Out and Seem to Be Confident Yet of Victory—Farmers Said to Favor the Men in the Northwest—Two Stories at Winnipeg—Strikers Arrested For Stoning and Intimidation.

Toronto, June 28.—Although no settlement has as yet been arrived at, the local Canadian Pacific trackmen are still hopeful of victory. They are holding out and declare that they will not return until their demands are acceded to. Yesterday Chairman Wilkinson of the local strike committee received an encouraging telegram from President Wilson. It read: "Committee from other orders endeavoring to make settlement on Maine Central Railway. C. P. boys standing firm."

If the strike is further prolonged, all the local men out will be in employment. It is estimated now that fully twenty-five of the Toronto strikers have secured employment, and some permanently. Out of the 14 men in the Earth Toronto yards, only three are not at work.

Officials of the system still contend that the road is not suffering as a result of the strike. The places of the strikers, they say, are being filled.

Farmers Favor the Men.

Ottawa, June 28.—The Canadian Pacific trainmen, engineers, firemen, conductors and brakesmen, are said to be anxiously awaiting a settlement of the strike of the trackmen. It is said there is a possibility of a general strike of the railway employes may be ordered unless the striking trackmen go back to work. A railroader said yesterday that in some sections the farmers along the line of the Canadian Pacific will not allow the men who replaced the strikers to get water from the wells on the farms. The farmers are said to be strongly in sympathy with the striking trackmen and the men who have taken the places of the strikers cannot get supplies from the farms.

Strikers Arrested.

Montreal, June 28. — The only new developments in the trackmen's strike is the arrest and conviction of J. Clarke and J. E. Jordan, striking section foremen at Vermillion Bay, Ont., on a charge of stone throwing and other acts of intimidation against the new men whom the company engaged to take the places of those now out.

Aside from this Mr. McNichol said there was nothing new; the company regarded the struggle as practically over. There were no serious delays to traffic.

"If our men have been guilty of intimidating new men," said Mr. Wilson, president of the Trackmen's Organization, "we have not heard of it. We have repeatedly warned them to refrain from committing any act which might alienate the public sympathy, and those who violate our instructions shall receive no protection from our organization.

"The strike, however, is not over; nor have we heard of any wavering in our ranks. We are confident today, as we have been certain all along, that our cause is just, and we must win."

Resolution Favoring Company.

Fort William, June 28.—At a meeting of the different orders of railway men, held here last evening, a resolution was adopted, favoring the C. P. R. Company. There was a unanimous feeling that the demands of the striking trackmen were unreasonable, and that the strike was ill-advised.

Two Stories at Winnipeg.

Winnipeg, June 28.—At a meeting of the trackmen, at which 25 were present, mostly foremen, reports were received from all parts of the Province, and these all declared that the statements made by C.P.R. officials as to the number of new men at work were greatly exaggerated, and that the regular trackmen were all in, and looked upon the prospects as brighter than ever.

General Superintendent Leonard stated in an interview yesterday that the whole system on the Western Division with the exception of the West Selkirk branch, was working as usual. He said that the track was in good condition, notwithstanding the recent rains, although the wires in the east were still interrupted. Seventy men had gone out by this morning's westbound limited to take strikers' places.

The Appointing of Incumbents.

Kingston, June 28.—The topic of discussion yesterday at the Synod of the Diocese of Ontario was that of the canon giving power to parishioners in the appointing of incumbents. In closing the debate, Bishop Mills made a fervid address, declaring that no appointment would ever be made by him in the Diocese of Ontario without first consulting the parishioners interested. The canon passed by a vote of 61 to 21.

No Cause For a Scare.

London, June 28. — In the House of Lords to-day during the discussion of the requirements of Gibraltar, the Under Secretary for Foreign Affairs, Lord Selborne, declared there was not a shadow of foundation for the apprehension expressed in some quarters in Spain of possible aggression on Spanish territory.

On Hull Bench.

Ottawa, June 28. — Mr. Rochon of Hull, took his seat on the bench yesterday, and the commissions of Messrs. Desmarais and Trenholme, the other two new judges, were forwarded yesterday.

Big Blaze at Albany.

Albany, June 28. — A large oil tank in the West Albany yards of the New York Central is on fire and the whole yard is in danger.

DESPERATE FIGHT WITH FIRE.

Two Seaman Succeed in Quenching Flames on Transport Monterey.

New Orleans, La., June 28.—The British transport Monterey, from Cape Town, has arrived in port, after a terrible experience with fire at sea. Twelve days out from St. Vincent, flames were discovered in the after hold, and gained such headway that the heat prevented the usual means of extinguishing fire on shipboard.

Flames and clouds of smoke poured out from the hold, and, when the officers and crew were about to abandon the ship, First Officer Reid and Fourth Officer Harrison volunteered a daring plan. They proposed to tie wire cables around their bodies, and have their companions lower them down the side of the ship until they were abreast the port opening into the burning section. It was a desperate expedient, but, after a short consultation, was adopted.

As the fire was near the water line, Reid and Harrison were lowered down until they were submerged in the sea nearly up to their waists. Hanging thus, half buried in the waves, with the ship under headway, the men battered in the port, a hose was then lowered to them, and, for several hours, they hung, swinging outward and inward, pouring a stream into the blazing hold. In this way they finally succeeded in checking the flames. The vessel was badly damaged.

TO THE MAJORITY.

Two Leading Citizens of Montreal Passed Over Thursday.

Montreal, June 28. — Hon. J. C. Vielleneuve, Senator of the Dominion, passed away last evening, after a lingering illness. Senator Villeneuve's career was a remarkable one. He began life a poor boy, but gradually reached up, until he became an honored member of the Upper House, Mayor of his native city and one of the wealthiest French-Canadians in the Province of Quebec. Before his appointment to the Senate he represented Hochelaga in the Quebec Legislature, and whether in political, social or business life, Senator Villeneuve was respected by all. He was a life-long Conservative. He was born in 1836, and called to the Senate in 1896.

Mr. Andrew Allan's Demise.

Montrea June 28. — Mr. Andrew Allan, the veteran head of the great steamship firm of H. & A. Allan, died last evening, after a protracted illness, although he was able to drive out from time to time. Mr. Allan, who was 79 years of age, had been senior partner of the Canadian firm since the death of Sir Hugh Allan, a good many years ago, and he has also been many years connected with several financial and commercial institutions. He was president of the Merchants' Bank of Canada and President of the Montreal Telegraph Company.

Hon. Eric L. scelles Dead.

London, June 28.—Hon. Eric Lascelles, half-brother of the Earl of Harewood, and brother of the Countess of Desart, and Hon. Francis J. Lascelles, now in custody in British Columbia, charged with killing an employe on his ranch, has been found dead in a shoe wagon at Cheltenham. This penniless aristocrat has, for years, been exhibiting automatic pictures at country fairs, under the name of Eric Leith. When he heard of his brother's trouble, Eric began drinking, and died from the effects. Letters from the Countess of Desart and a London lawyer were found in his pockets, enclosing a remittance, and referring to Francis' trouble.

The Contractors Unyielding.

Rochester, N. Y., June 28.—After the clash Wednesday between the police and strikers, an agreement was submitted by the men to shade their wage demands to 19 cents an hour, or $1.52 a day, a difference of two cents per day over the wages they had been receiving. The contractors took the matter under advisement, and yesterday they decided to reject the proposition. They gave notice to this effect to the strikers, and said they were united in the determination to stand by their original proposition.

97 in the Shade in Toronto.

Toronto, June 28.—The heat in Toronto yesterday was more intense than on any June day in the history of the city. By noon, the temperature stood at 90 in the shade, and a couple of hours later, it had crept to 97 in the shade and 110 in the sun. This, besides breaking all previous June records, is only 2 degrees below the hottest day in the annals of the city, which was in 1854, on Aug. 24, when the mercury registered 99.2 in the shade.

Arm Crushed in Planer.

St. Catharines, June 28.—Aaron Schweitz, an employe in Mr. Henry Weis' planing mills, met with a painful accident on Wednesday afternoon, which nearly cost him his life. He was operating a planer, which was running at a high rate of speed, when he attempted to tighten up a belt running under the machine. His hand was drawn around the pulley, and both bones above the wrist suffered a compound fracture.

A Canadian Injured.

Buffalo, N. Y., June 28. — Fire broke out yesterday afternoon at the Lehigh Valley freight house on Buffalo Creek, and the building was soon destroyed. It is reported that several men were forced by the flames into the creek and drowned. At 3.30 the only person known to be injured was Lewis Casson, a Canadian.

Gage's Fads and Fancies.

St. Petersburg, June 28. —Russia is in no wise trying to run the tariff of the United States, as mischievously suggested by The Tribune, but M. de Witte simply refuses to have Russia's laws arbitrarily misconstructed and distorted just to suit Mr. Gage's financial fads and fancies.

Health Officers Elected.

Brantford, Ont., June 28.—The executive health officers of Ontario concluded their sessions here last evening. The following officers were elected for the coming year: President, Dr. Kitchen, St. George; Vice-President, T. McFarlan, Ottawa; Secretary-Treasurer, Dr. Bruce, Toronto; Executive, Drs. Pearson, Brantford; Dr. Hoare, Walkerville; Dr. Dunton, Paris; Dr. Herald, Kingston; Dr. Arnott, Berlin; Berlin is likely to be the next place of meeting.

20,000,000 CHINESE BOXERS

Will Menace People of China in a Very Few Years.

This Statement, First Made by Sir Robert Hart, Is Now Reiterated by a Missionary, Who Adds That It Can Only Be Averted by a Complete Regeneration of the Country—Indemnity Question Not Settled.

Pekin, June 27. — Rev. Arthur Smith, the missionary and author, preaching at Tien-Tsin on the anniversary of the relief of that city (June 24), said he thoroughly agreed with Sir. Robert Hart in the statement that, unless there was a complete regeneration of China, in a few years the country would be menaced by twenty million Boxers. The Chinese would never forget that the Boxers' movement was fully approved by the Court.

DISCUSSION AT PEKIN.

Ambassadors Have Not Yet Agreed to All Points.

Pekin, June 27. — The Foreign Ministers at to-day's meeting only discussed minor points of the indemnity question. The British Minister, Sir Ernest Satow, refuses to agree to a 10 per cent. increase in the tariff in the event that China finds herself unable to meet her payments.

The Russian Minister, M. de Giers, has not yet agreed that the interest on the indemnity is to be 4 per cent. The United States' special representative, Mr. Rockhill, thinks there should be little further delay.

When these points are settled the work of the Ministers will be practically completed.

Not Believed in London.

St. Petersburg, June 28.—The despatch of The London Times from Pekin, saying the Russian Minister there, M. de Giers, has notified the Chinese authorities that the negotiations regarding Manchuria are to be re-opened, is classed in official circles here as being entirely inaccurate.

Mr. Tarte at Collingwood.

Collingwood, Ont., June 28.—Hon. Israel Tarte and party arrived here at noon yesterday. After a drive around town for 30 minutes, they were entertained at luncheon by the corporation in the Grand Central Hotel. The party were then taken on board the Northern Navigation Company's steamer Majestic, and Mr. Tarte made a thorough inspection of the harbor and harbor works, inspecting the work being done by the various dredges and drill scows. The Minister expressed himself as being well pleased with the work done, and recognized the value of the harbor as a commercial necessity. The party next visited the steel shipyards, and they made a thorough inspection of the shops and dry dock, and also the 325-foot steel vessel, which is rapidly nearing completion.

SPORTING NEWS.

CAN'T ALWAYS WIN.

The Barons dropped a game to Waterloo Thursday evening because they couldn't connect with Hardy's twisting. He was in great form, striking out 11 men and allowing only four scattered hits. Berlin's pitching department was in a bad way. Bradford was unwell but made a trial. At the end of two innings he could stand it no longer and retired. Metcalf went into the box with the score 3 to 0 against him, and Jack Englert was put on in "Siss'" place. Metcalf had speed to burn, but was touched up freely. It is too much to expect of any pitcher to go onto the slab and twirl perfect ball without a warming up. He stayed in the game to the end of the sixth, Sullivan finishing the seventh innings and the game. That sam eboy has the earmarks of a good 'un in the delivery station, and The Record misses its guess if he isn't well to the front in another year. He struck out two men—Thompson and Hendry.

Waterloo protested the game on account of Jack Englert.

The Barons got men on bases in the first, Howard being safe on King's drop, and Beckman drawing a pass. But the next three went out in order. In the third, Howard was hit by pitcher, and Beckman singled, after two men were gone, but Englert couldn't make the hit that would have meant a run. Their only run came in the fourth. After Cowan and Shilling had struck out, Metcalf lined one out into left garden that Zacker let sizzle through his fingers; Hammil hit for a base, went to second on a blocked ball and Metcalf scored. In the seventh Metcalf singled but was caught a block off second in trying to steal and Hammil repeated the operation.

Singles by Blair and Reid and Zacker's double counted two for Waterloo in the first. Hardy came over the pan in the 2nd, getting his base on four balls. In the third, Metcalf let Zacker walk; Reid came along with a single and Hardy's triple notched two more. In the fourth Thompson got four balls, stole second and came home on a throw to catch him. Hendry hit safe and scored on Rodden's tap. Thurling dropped the ball thrown to catch Zacker, and Reid's triple brought the total runs for the innings to four. In the sixth two more counted, after two men had been benched. Zacker cracked out a three baser and scored on Reid's single. King hit safe and Reid tallied on a poor throw to second. And that's how they got their eleven runs.

This loss should not dampen the support of the team. Because they ha chosen winning every game for the last while, is not saying they were invincible. No team can win always —and there is no cause for a kick. We have the championship team here if they get the backing. Galt plays here to-morrow and then we play two games in Waterloo on Monday.

WILD PITCHES.

Big crowd.
Tie for second place.
Too bad Brad took sick.
Hardy throws a fierce drop.
Reid was hitting, sure enough.
An even break—two games apiece.
Sullivan can pitch a few—if he's given a chance.
Some of Fred Dyson's decisions were objected to by both clubs.
Had Brad been in shape, Berlin would have had Waterloo "skinned."
Berlin's heavy bitters are nowhere these days—it's the weak boys that tap the ball.

What Causes the Delay?

Ottawa, June 27. — It was officially stated yesterday, says an evening paper, that it will be two months yet before any announcement can be made about the census. An official, speaking on the question, said obstacles had arisen which will prevent as early an announcement as was expected. He could not say what caused the delay, but it was nothing serious.
