Work of planning and erecting memorials is still going over the country and one of the last Provincial examples is that of St. Francis Xavier University. It is a work that will in the very nature of things slow down as time goes on, and public enthusiasm so greatly stirred in the days of war has died down to a feeble flame. Sad memories to some and heavy debts which every citizen shares in carrying are an aftermath of the war. The first must be remem-. bered: the second cannot be evaded. In a multiplicity of strictly present calls those of the past are often delayed to a more convenient season so that it is altogether probable that details of procedure will be worked
