### HAMILTON ITEMS.

From our own Correspondent

Christmas and New Year's day passed quietly in this city, as some of the mutes were away and the others were in bed all day.

Mr. James Mosher has been working overtime nearly seven months, but has now commenced to work from 8 o'clock in the morning till 5 o'clock in the afternoon.

Mr. and Mrs. Chas. Golds and baby of Georgetown, were in Guelph for two days, on their way to Paris, where they stayed for a week.

Mr. Robt. McPherson was in Brantford on New Year's day to see his brother, who hailed from Chicago.

Mr. Sim came from England thirteen years ago and has lived in the city all the time. He worked in the Groening's wire factory for nine years and then in the Massey Sawyer implement factory the balance of the time. He wants to know of any mutes who came from England.

Mr. W. Bryce came back to the city to reside and he is seeking a job.

Mr. Grant was taken suddenly ill recently, but he is getting better now. He was in the country visiting Mr. and Mrs. Crozier last month.

Disdain hatred, hear both sides and delay judgment until reason has had time to resume her sway.

### GALLAUDET COLLEGE.

From our own Correspondent

The Christmas holidays are over to the regret of those who have been out visiting friends, and to the delight of those remaining, who were tired of their rather monotonous two week vacation. To day lessons were kept out and recitations will begin to-morrow. There have been several changes in the rotation of classes, apparently to the satisfaction of the students. A recreation, so far as the students remaining here are concerned, there is very little to write about.

During the vacation, the weather was in such a condition that it did not permit of the formation of ice, with the exception of the last two days, which was not long enough to ensure the setting of the ice. But to remunerate us for this disadvantage, the visiting of public buildings down town furnished much pleasure to us. To add to our delight there was a social given by the John Club, which deserves much praise for its untiring efforts to make the social success. Various games such as the cobweb, fox and gosse, wild cat, were freely indulged in. Besides this we were entertained with two plays, one of which was given by the John Club and the other by the S. N. D. According to all accounts they were a success.

This new year was welcomed by some students, especially of the Class of '99 with the ringing of the tower bell, which sounded in such a manner that it aroused many sleepers. The next morning we woke to see the ground covered with several inches of snow. The weather was so cold that it did not permit of taking a pleasant walk. A prayer-meeting was held in the chapel by Dr. Gallaudet who delivered an address on the first chapter of St. John.

January 2nd, there was a public reception held at the White House, by President McKinley. Not one of the students here went to have a hand shake with the President of the U. S. The coldness of the weather accounted for this. The students made calls on the families of the members of the faculty, exchanging happy greetings.

Last Saturday we were presented with two beautiful *buff* and *blue* colored by the cooks, in recognition of the glory and success we have just attained as foot ball. A vote of thanks was tendered to the cooks for the kind thought they had in sending us the beautiful flags.

To satisfy your curiosity about the issue of the bowling tournament recently held, here is a short account. The championship was won by the Introductory class, which thus blotted out the humiliation it received at a foot-ball game with the Freshman class. Then came the Froemen in rank, and I am sorry to say that the class of '01, to which I belong, had the misfortune to be at the tail.

This week, meetings of the societies and clubs will take place for the purpose of electing new officers for the ensuing term.

The Sophomores are wearing a broad smile, for they have just finished their hard study—Virgil.

Each Canadian student was made happy with a pretty Christmas present by Supt. Mathison. Warmly thank him for his kindness. A. D. S. Washington, D. C., Jan. 3, 1899.

The sight of a battlefield after the fight is enough to inspire princes with a love of peace and a horror of war.
