Matches.

In the United States and Canada there are 22 match factories, turning out 25,000 gross—3,000,000 boxes—of matches every day. The average is about 100 matches to the box, and the daily consumption is therefore 360,000,000 matches, a yearly average of 131,680,000,000 matches.

A Wise Deacon.

"Deacon Wilder, I want you to tell me how you kept yourself and family well the past season, when all the rest of us have been sick so much, and have had the doctors visiting us so often." Bro. Taylor, the answer is very easy, I used Hop Bitters in time; kept my family well and saved the doctor bills. Three dollars worth of it kept us well and able to work all the time. I'll warrant it has cost you and the neighbors one to two hundred dollars apiece to keep sick the same time." "Deacon, I'll use your medicine hereafter."
