

MORE LIBERTY FOR THE JEWS.—The Government of Bavaria has just decided that the Jews may exercise the profession of advocates in that country. Till now there has only been one Jew in all the kingdom permitted to act as an advocate.

The right of citizenship has just been granted to the Jews of Constance.

VENTILATING BRICKS.—A correspondent of the *Builder* suggests the formation of bricks so perforated as to admit of the introduction of a column or tube of air downwards to a suitable opening into apartments, so as to prevent draughts blowing directly into them.

The *New York Evangelist* gives a marvellous description of a harvesting machine, which requires 16 horses to draw it. A man adjusts this wonderful engine to the height of the wheat, which is then cut, thrashed, and put into sacks, without any other assistance than that of a boy, who ties the mouth of the sacks.

HONG KONG A RIVAL TO ABERDEEN.—A ship lately arrived at Liverpool from Shanghai and Hong Kong, having on board, in addition to tea, seventy-eight slabs of granite. This is the first importation of granite from China.

REFINED SUGAR.—A vessel has arrived in the Thames from Amsterdam with an entire cargo, comprising 15,400 loaves of refined sugar, the manufacture of Holland. This is the first importation of refined sugar which has taken place for a considerable time past.

FURTHER REDUCTION IN THE PRICE OF BREAD.—Nearly all the bakers in the metropolis have reduced the price of their bread from 7½d to 6½d per four pound loaf. In the neighbourhood of Oxford Street and St. Giles's, many bakers are selling their bread as low as 6d per 4lb.—*London paper.*

Captain Maclean, who married the accomplished poetess, Miss Landon, died in May last, at Cape Coast, Africa.

New potatoes have been selling in Carlisle at 7d per stone, and American Flour is now down to 2½d per stone.

Her Majesty the Queen, it is authoritatively stated, will touch at and land upon the Isle of Man on her passage from the Menai Straits to Scotland.

The state of trade in Paris continues to be deplorable. The *Union Monarchique* estimates at about one-third the number of shops, stores, timberyards, workshops, and apartments now vacant in Paris, in consequence of the distress which presses on the entire population.

PECULIAR SOURCES OF ENJOYMENT.—The Editor of the *Veru Crus Eagle* says:—"We had the pleasure of enjoying an invitation to be present on the occasion of an amputation of two legs, above the knee, on Saturday last."

John Jacob Astor, says *Burritt's Christian Citizen*, has left in his will nearly half a million of dollars for the establishment of a free library in New York city. He made this legacy, not expecting from his great age, to survive long.
