him to pay one half for the .Hall and I will pay the other half, and also for him to set his own time that he will meet me there that jt may be put out in hand bills, and in the newspapers that the public of gentlemen may meet us there, and he also seems to begrudge prosperity I do not thank him for that but I thank the public for having táken in 1850 fourteen hundred dollars a good part of that has been from people which has come to me over 100 miles to make inquiry of Mr. Hawkins the agent of the St. Catharines house how many boxes of medicine be bas sent into different parts of the province and also Mr. Copeland the post Msster of the different letters which has come through his hand
with money for me in this year of 1850 , and also to know whether Mr. Dr. Mack has sent any boxes of medicine off afar or whether has any money been sent to him from afar for medicine. I bope Mr. Dr. Mack nor his friends will not take my letter of publication as an offence as I am sure myself and my friends bas not taken his an offence It is to be anderstood, that Dr. Mack nor Dr. Lawson are not to use any latin in their discourse but to speak all in English, so that it may be understood by all that is present.
No more at present, but yours wich respect.

DR.D. LAWSON.
