

Chocolate-Coated TABLETS.

One Hundred and Fifty-four of the Most Popular,
Staple and Quick-selling Formulas Added to Our
List—A True Chocolate Coating—Beautifully
Finished, Easily Soluble, and Strictly
Faithful to Label.

The line of chocolate coated tablets recently added to our price list, and now awaiting the orders of the profession, comprises a carefully selected list of standard formulas. In point of external finish the new line challenges comparison with the most beautiful products of American and foreign laboratories. At a glance the physician will be struck with the thin coating and small size, the latter being reduced to the last limits consistent with good pharmacy.

The quality of these products is in every respect as unexceptionable as that of our regular lines of compressed and triturate tablets. The ingredients are of the finest material; the excipients carefully chosen; the solubility as nearly perfect as the formulae will permit.

Our line of chocolate-coated tablets comprises many ill-tasting and malodorous substances which are now perfectly disguised by the chocolate investment.

The new tablets cannot fail to meet with the admiration of all who give due weight to pure materials, conscientious manufacture, and exquisite finish. Samples and price list furnished on request.
