

# QUEEN'S MEDICAL QUARTERLY

VOL. XIII, No. 1  
Old Series

OCTOBER, 1908.

VOL. VI, No. 1  
New Series

Queen's Medical Quarterly is presented to the Medical Profession with the compliments of Queen's Medical Faculty. Contributions will be gladly received from members of the Profession and willingly published.

BUSINESS MANAGER: DR. A. R. B. WILLIAMSON.

This number is issued under the supervision of

DR. W. T. CONNELL.

Communications to be addressed to Dr. A. R. B. Williamson, Queen's University, Kingston.

Items of interest or original articles for publication solicited from members of the profession.

Office of Publication—Kingston, Ontario.

## MEDICAL EDUCATION.

AT the session of the Ontario Medical Council in July, 1908, a committee was appointed to deal with the whole question of medical examinations and curriculum, and also reciprocity with other provinces and Great Britain, and to report at a special session of the Council to be held in November, 1908.

We trust this committee will be broad-minded enough to recognize that the University degrees in Medicine given by the teaching bodies in this province ought to carry with it the right to practice medicine in the province. This is the arrangement recognized in Great Britain by the British Medical Council and practically also recognized in the provinces of Quebec and Manitoba. Undoubtedly the Medical Council ought to retain control and this they could do by appointing a board of assessors to sit with the examiners or pass upon the examinations of the Universities, and report to the Council. It is perhaps too much to expect that this arrangement can or will be made at once, but we sincerely trust that consideration will be given such a view and that at least some steps in this direction will be taken at the November meeting. As to reciprocity, Ontario has much to gain and little to lose by adopting a basis for reciprocal registration with other provinces and Great Britain.
