ning to be in serious need, and the country is ooking well.

Ashes.—The market is again a shade firmer at \$4.60 to \$4.65 for first pots, seconds \$4.00 to \$4.05. A sale of 10 barrels of pearls transpired last week at \$6.00, but prices have weakened since a little, and offers at from \$5.75 to \$6.00 have brought business, we believe. Receipts of ashes are only moderate, and the shipments since opening of navigation have rather exceeded the quantity coming in leaving stocks in store at the moment something under 400 brls.

Boots, Shoes and Leathes.—The manufacturers are just beginning on their fall cut, and the trade seems later than usual this year; some fair sorting-up orders are still coming in, and payments are reported as better. In leather the movement is a moderate one, no large sales to manufacturers being reported, and prices are not subject to material change. large sales to manufacturers being reported, and prices are not subject to material change. Finer lines of sole leather are slightly cheaper, as the new duty of 3c. a pound on sole leather irrespective of quality, falls lighter on the better grades imported than the old duty of 15 per cent. on value, We quote:—Spanish sole, B. Dry Goods.—Wholesale trade is fair considering the season, some houses reporting fair sales to visiting huvers from points non-

sidering the season, some houses reporting fair sales to visiting buyers from points near at hand, with a moderate sprinkling of travellers' orders. The main demand is for light summer goods, the warm weather favoring the quick sale of this class of fabrics by the requios sale of this class of fabrics by the re-tailer. Country collections are not at all a subject for congratulation yet, though perhaps slightly better than they were. European letters do not indicate anything of a notable character as regards prices, The duties on wollens have been re-arranged to the satis-faction of the trade generally as noted in our faction of the trade generally as noted in our

columns last week.
