SAVE
MONEY . . .

Does your Hydraulic Elevator consume too much water? If it does, why not buy a Modern Electric Pumping Plant, and by using the same water over and over again will effect a saving of over one-half your present expenditure.

MONTREAL

We are enabled to keep our stock in Montreal constantly well assorted with latest novelties in all classes of **Woollen and Worsted** cloths, as our house in Huddersfield, England, keep a large stock ready for shipment, from which they supply other markets, especially English, Irish and Scotch, where they do a large trade with tailors and clothiers, besides having constantly in work various lines especially selected for the **Canadian** trade. Often Montreal orders (especially cables) are despatched same day as received in Huddersfield.

All Canadian woollen buyers, visiting the English markets would find exceptional advantages in buying and ordering from our **Huddersfield House**, as in addition to holding a large stock to select from, we are at all times in complete touch with the makers of every class of woollen and worsted suitings and coatings, the senior member of our firm having had many years experience there, both as manufacturer and merchant.
