

GERMAN RESERVIST THROWN FROM HOTEL

Fritz Mueller Landed in Arms of Policeman After Talking Foolishly.

YOUTHS UNDER ARREST

Earl Hammond and Frank McDermott Charged With Breaking Into Store.

Fritz Mueller, no home, is a German naval reservist, and also a rabid patriot of his fatherland. Last evening while slightly under the influence of liquor he got into an altercation in a hotel and expressed the belief that the Germans would invade Canada, and that while they did they would lick the Canadian militia into a cocked hat.

Mueller was thrown out of the hotel into the arms of a policeman, who promptly arrested him on a charge of using treasonable language. He was taken before the registrar of aliens and lodged in the detention camp. Mueller only recently got out of jail where he served 30 days on a vagrancy charge.

Frank Sills, aged 38, committed suicide at his home at 554 1-2 Yonge st. yesterday morning by drinking half an ounce of nitro of silver. He was dead before the police ambulance arrived to convey him to the hospital. The body was removed to the morgue, where an inquest will be held.

Youths Under Arrest. Earl Hammond, 37 Edward street, and Frank McDermott, 688 Indian rd., aged 18 and 17 years, were arrested by Acting Detective Parke last evening charged with breaking into Cough's bicycle store on Ryce avenue, and stealing \$12, the contents of the cash till. The boys are also alleged to have stolen a number of bicycles from parsons at present unknown.

Jacob Tobey, 127 Trenton street, was overcome by renovating gas while cleaning out the house at the above address yesterday and was removed to the General Hospital.

Played With Dynamite Caps. "Oh, mother, see what I have." Eight-year-old Thomas Roulston was holding a dynamite cap and had no sooner called his mother's attention to it than it exploded, blowing off the ends of three fingers on his left hand. The accident occurred at the boy's home, 70 Balmoral avenue, about 5:30 yesterday afternoon. He was taken immediately to the Western Hospital by his father.

An company with George Futrell, who is ten years of age, and lives at 65 Balmoral avenue, had unearthed a box containing six dynamite caps and after both had played with them for a while, young Roulston took one across the street to show his mother.

In Some Rubbish. The box was located in some rubbish, but how it happened to be there is somewhat mysterious. The present tenants have occupied the house only a short time, and are of the opinion that it must have been thrown out by previous occupants.

Auto Accidents. Slippery pavements yesterday afternoon caused two small auto accidents in the north end of the city. Shortly after 5 o'clock William H. Morgan, 106 Bloor street, and at the corner of Concord avenue his auto skidded into an auto wagon driven by Thomas Harding, 48 Florence street. Harding was thrown from the wagon and received injuries to his hip. His horse ran away.

About one o'clock H. A. Fleming's motor car skidded into the wagon of Arthur Duffin, opposite 513 Yonge street, injuring Duffin's foot. The injured man was standing on the hub of the rear wheel when the automobile struck the wagon. He was able to go home.

Jaynes Surrenders. Charles A. Jaynes, the alleged handbook man, who made the sensational escape from the police in the Yonge Street Arcade on Wednesday night, surrendered himself yesterday afternoon to Detective Inspector George Kennedy. He was allowed out on bail of \$500, to appear in the police court this morning to answer a charge of keeping a common gambling house.

On a charge of breaking into the store of Chris Mattis, 111 Elizabeth street, and stealing cigars, cigarettes and chewing gum, Christopher James was remanded for a week. On a charge of receiving the stolen goods James Evanoff was remanded until April 29.

Wanted Some Music. Otto Basse was committed for trial by jury yesterday on a charge of stealing a violin and bow from the R. S. Williams Company. He is also charged with stealing a violin from Roy Wiegand and an E flat alto horn from the Victor Gramophone Co.

On a charge of selling liquor without a license H. Haberman, whose address was given as 83 Agnes street, was fined \$100 and sentenced to three months in jail, in the police court yesterday.

Will Be Interned. On his own request, Fred Miller, who was arrested while trespassing on the G.T.R. yards at Mimico, was ordered to be interned by Magistrate Denison.

Thomas Loney was sentenced to 30 days in jail on a charge of assaulting J. S. Gordon, druggist. Charles Farschert was remanded until next Friday on a charge of selling liquor without a license.

RICHMOND HILL SHOOTING MATCH AT FRANKLAND SCHOOL

Forty members of the Frankland School branch of the Toronto Military Training Association shot at a match last night at the Frankland School ranges.

Some excellent shooting took place and sixteen prizes were awarded which were donated by the merchants of the Danforth avenue district. Out of a possible 100 the following scores were made: G. Jenner, 27; W. J. H. Giddens, 27; R. Har- W. Bales, 31; F. McEwen, 31; E. Har- W. Bales, 31; E. A. Smith, 31; B. Miller, 30; R. J. Richards, 30; G. Simmons, 30; G. J. 29. A special prize was donated by R. L. Davenport was won by E. A. Smith.

A consolation match will be held next Friday for those who did not win prizes. Ten more prizes will be awarded.

York County and Suburbs of Toronto

MAY INCORPORATE AS POLICE VILLAGE

Residents of Mount Dennis Would Pledge Their Own Canoe.

INTERESTING ADDRESS

E. A. James Deals With the Engineering Problems Involved.

It was generally agreed at last night's meeting of the Mount Dennis Ratepayers' Association that a preliminary step to the obtaining of water, either from Weston or by the installation of a separate system, should be the formation of a police village, but before taking any action it was decided that the executive should go over the district with E. A. James, engineer to the highways commission, on an evening next week, that more definite information regarding the lay-out and the cost of a water system might be submitted at a special meeting of the association.

Incorporation as a police village was advocated by E. A. James, who attended on the invitation of Reeve Thomas Griffith, as a means of obtaining local control of problems confronting the community without a heavy tax for officials. It would be necessary to have petitions submitted one month before the meeting of the county council on June 16, if they desired to act this summer, said Mr. James, and should the petition, for which a bare majority was all that was legally necessary, be granted, the people would elect three police commissioners.

Authority Limited. The commissioners, however, would have no authority to tax or to make expenditures without the sanction of the township council. They would, however, be enabled to prepare a scheme, and on approval and execution the improvement would be assessed against the people of the police village. The legal limit was 500 acres. Speaking in a general way of the cost of pumping water, possibly from the Humber, Mr. James estimated that this would mean roughly to \$50,000, and beds, and so on.

On the other hand, an artesian well system were possible, the debt due might not exceed \$20,000, while it were not exceeded by meter from Weston, a much smaller amount would be necessary. He thought Weston could supply water at a fraction over cost, as he believed Weston could increase its pumping and filter capacity to almost double without a large outlay. He fancied Weston could provide 125,000 gallons per day.

Estimate of Taxation. On each 50 feet of frontage he estimated the tax bill as about \$100 per year, and in addition \$2.50 for one tap for water used up to \$8 or \$10 for eight or nine taps. He believed a water system should be a self-sustaining proposition for Mount Dennis.

Sewerage would not be necessary for a number of years, he said, as a simple septic tank system for a residence would be adequate until the population became more dense than at present.

Approximately six or seven miles of main would be required, costing roughly \$1 per foot, but three miles might be sufficient for fire protection. Reeve Griffith did not think the township could handle such a proposition. The law did not anticipate such action on the part of a rural municipality. It would not be at all possible for the township to lay water mains as a local improvement, as it was a matter affecting the whole district.

District Assessment. In reply to a question of the president, J. A. Robinson, the reeve stated that last year's assessment of the Mount Dennis School Section was \$1,700,000. He said he did not say what the assessment of that part affected by the proposal might be.

Mr. James stated that the dust nuisance would be abated by utilizing Weston road, the cost for materials having been awarded. Further, he said, the commission was considering a better plan than oiling, and probably good cost of oil and stone would be given the roadway.

Reeve Griffith stated that the meeting of the council to hear all the news of the separation of the Mount Dennis district from the Mount Dennis School Section, No. 23, York, for the township, April 23, would be held on Wednesday, April 23, and President J. A. Robinson was authorized to inform the township official that the association would offer no objection to the withdrawal of Silverthorn.

In response to the request for assistance of the Mount Dennis Township Auxiliary, the executive committee was authorized to arrange for a concert in its aid.

LICENSE QUESTION STIRS TOMMORDEN

Matter Will Come Up Before East York Commission This Morning.

PLAGUE OF ROWDIES

Local Constable's Beat is Too Large for One Man to Handle.

Great interest is being taken by the residents of Tommorden in the request for a liquor license by W. E. Wyatt of 64th avenue, and the decision of the East York license commissioners, who meet in the Clyde Hotel this morning, is eagerly awaited.

Those in favor of the liquor store and the temperance people who are opposing it are optimistic as to the result. The latter have circulated a counter petition which has received its share of signatures.

W. E. Wyatt stated that the petition for the license has been signed by 215 ratepayers, which is well over the number required.

Relief Committee. The meeting of the Tommorden Relief Committee, which should have been held last night, has been postponed till next week. The president, the Rev. D. D. Franks, stated last night that the number of persons in distress in the district is rapidly decreasing and it is expected that the committee will disband in the near future.

That more police protection is needed in Tommorden is the topic which is being discussed more than ever by the residents at the present time.

The activities of gangs of roughs are the cause of the renewed agitation. "What we need is more police to patrol the populated part of Tommorden all the time," said one indignant ratepayer last night. "This thing has gone on long enough. These rough fellows are not content with fighting one another, but persist in passing insulting remarks to people on the street."

Hang Around Stores. "They hang around street corners, and shop fronts, and are a positive nuisance. In fact, they are a danger to the absence of the constable, who has to cover the whole territory from the Danforth road to the York and Scarborough town line, and there is no likelihood that some action will be taken in this regard at the next meeting of the Ratepayers' Association."

PASTOR'S TRIBUTE TO DEAD SOLDIER

Late Private Albert Kirk Sang in Choir at St. John's, Norway.

Rev. W. L. Baynes read of Norway last night paid a glowing tribute to the worth of Private Albert Kirk, the news of whose death in France from pneumonia appeared in the newspapers of the front. Young Kirk, who was only 19 years of age, was a son of Peter Kirk of East Toronto, and prior to his departure to the front lived with his parents at 38 Woodbine beach. The deceased soldier was a member of the 48th Highlanders Regiment, and was the first to enlist, as was his brother, who is also at the front in France.

For a long time he was one of our choir boys at St. John's Church, and active in every good work, study, and young fellow and greatly beloved by all. He was a great help in Norway, where he was well known among the members of the 48th Highlanders.

LATE B. F. LAW WILL BE MISSED

Was Popular Member of a Number of York County Societies.

The funeral of the late B. F. Law, who met such a tragic end, the result of an accident on the Kingston on Thursday night, will be held at 2:30 p.m. at St. John's Church, at Westford, where he was buried. The services at the late residence of the deceased will be conducted by Rev. W. L. Baynes, rector of St. John's, Norway, and at the graveside by the assistant rector.

Acacia Lodge A.P. and A.M. of which the late Mr. Law was a member, will have charge of the proceedings following the departure from the house. The body of the deceased was yesterday removed from the undertaking rooms of N. E. Cobblehead, East Toronto (where it was taken immediately after his death) to the family residence.

Will Be Missed. Throughout the lower part of York County and especially in Scarborough Township, where Mr. Law had spent the greater part of his life, the news yesterday of his untimely death caused the most profound sorrow. For four years he was a member of the Scarborough Council, rendering excellent service, and was for a long time actively identified with the Scarborough Agricultural Society. In political life he was a Conservative, and a member of the Orange order.

HOTEL ROYAL AMERICAN AND EUROPEAN PLANS

Every room furnished with new beds, new carpets and thoroughly redecorated during 1914. Best Sample Rooms in Canada.

WILL NOT REOPEN SUBWAY QUESTION

Board of Works Thru With It, But Ratepayers May Take Action.

BIG MEETING TONIGHT

Large Deputation is Expected From Moore Park District.

The members of the board of works yesterday decided not to re-open the question of the changing of the depth of the subway at the C.P.R. crossing on Yonge street from an 18-foot overhead. An informal gathering including two or three prominent business men and Ald. Ball, Ald. Cameron, Ald. Ramsden and later Ald. Ilisk, looked over the situation and while the consensus of opinion was favorable to the sixteen-foot subway no definite action was suggested. The subsequent action for the board of works apparently disposes of the matter as far as the members of the committee are concerned.

Independent Action. Independent action will however, be taken and at a joint meeting of the members of the three north-end ratepayers' associations, the North Toronto, Central and Moore Park, to be held in the town hall in North Toronto, vigorous action is looked for. A strong opposition is now developing to the 18-foot subway and leading business men who formerly favored or were not openly hostile to the scheme are now prepared to fight the thing thru to a finish. They say now that when the city has a change to effect—a big saving—the council will survive to the situation. The Moore Park ratepayers are also prepared to start a campaign under the delay in starting the Mount Pleasant Railway which will be represented at tonight's meeting which bids fair to a lively one.

Runnymede School FETE AND FIELD DAY

Extensive preparations are being made by the committee appointed by the ratepayers of the Runnymede School Section, No. 23 York, assisted by committees appointed by the Ratepayers' Association and other local bodies, for a grand fete and field day for the school children at Runnymede and Scarlett Plains. At a meeting of the committee and trustees the games committee report was adopted, the arrangements including a general competition between the children of the King George and George Sime schools, the school gaining the higher number of points to receive a handsome trophy. Other attractions will be an exhibition of physical drill, club swinging, military training and singing, to be taken part in by the children of both schools. It was also decided to have a band in attendance.

In accordance with the present arrangements the fete will be held on the second Saturday in June at Runnymede Park, corner of Jane and Annetto streets.

Ratepayers' Association. Runnymede Ratepayers' Association will meet in the King George School on Monday next, April 26, when among other business to be discussed will be the program for the lawn and garden contest in the district.

OPPOSE DIVISION OF SCHOOL SECTION

Fairbank Residents Will Not Consent to Change Proposed.

MATTER FOR COUNCIL

Deputation Will Submit Views of Meeting at Next Session.

The following resolution was adopted at a special meeting of the ratepayers and school trustees of school section 18, Fairbank, held in Vaughan Road Public School, to discuss the petition circulated by the farmers to divide the school section.

"That the ratepayers of school section 18 are opposed to the splitting of the section into two parts," was a resolution moved by A. Harvie and seconded by J. H. Hill.

School Trustee Duncan Hood said the school trustees are against the division of the school section, as it is expected that the city will consider the annexation of the district in the near future, and the matter might be allowed to stand in the meantime.

A. Harvie asked if the farmers had any other reason for their desire to split up the section.

J. H. Hill, in reply, said: "It was a question of touching their pockets. They wanted to divide the section before the Vaughan Road School was built."

J. J. Little thought the people north of the Belt Line could hardly be blamed for wishing to divide the section, as the teaching staff and school was not as good as the large Vaughan Road School, presided over by a principal.

Just as Competent. School Trustee Wilcox disagreed with Mr. Little and said the teachers in the north school were equally as competent as those at Vaughan Road. Another consideration was that if the section was divided there would be nothing to tax, for the Vaughan road school, except the tax on the school district, when the taxation would be spread over the whole city. The division would place all the land tax on the benefit of the north school. "We should be undivided until the city takes the section," concluded Mr. Wilcox.

The influx of the people into the Fairbank district," said A. Harvie, "enhanced the value of the land, and the farming community should be made to pay, as they have derived the benefit. I suggest that we circulate a counter-petition."

Speaking for the West Fairbank district of the school section George Cunliffe strongly opposed the separation of the section, and made them carry their liability, as they have been benefited. In the West Fairbank section we are badly hampered for

Gas Range Week is Here

April 24

April 26

April 27

April 28

April 29

April 30

May 1

The following dealers in high-grade Gas Appliances have joined the great international celebration in honor of the Gas Range—the greatest household help of modern times.

Therefore, the week from Saturday, April 24, to Saturday, May 1, has been set aside as a special GAS RANGE WEEK.

The spirit of the week will be co-operation—mutual helpfulness between the dealer and customer. Many Special Inducements Offered to Customers During Gas Range Week.

- ADAMS FURNITURE COMPANY—26 Queen Street West.
- G. W. BODEN—166 Queen Street West.
- WELCH & SON—304 Queen Street West.

That is exactly what our Kryptok Lenses are, because a short-range and a long-range lens are welded together into one solid lens. Thus you enjoy all the advantages of two lenses with only the bother and expense of one pair of glasses. Price \$5.00 and upwards.

F. E. LUKE, Refracting Optician. MARRIAGE LICENSES. 70 Yonge Street, Toronto

SWANSEA

For some considerable time the Conservatives of Swansea have felt the need of organization, and this need has taken practical form in the appointment of a provisional committee, with James Smith as secretary. To complete the organization of a Conservative Association and to appoint permanent officers, a meeting will be held on Wednesday, April 28, at 8 p.m., at 34 Windermere avenue.

Kidney Disease Cured

Sworn Statement Of Mr. Wesley Maxwell, Who Gratefully Gives All Credit to Dr. Chase's Kidney-Liver Pills.

It is one thing to make big claims for a medicine and quite another thing to produce irrefutable evidence that it actually cures in serious cases. We prefer to let the cured ones speak for themselves, and one you find in almost every newspaper cured by someone who has been cured by Dr. Chase's medicine. Today we present the sworn statement of Mr. Wesley Maxwell. When a man goes to this trouble in expressing his gratitude there can be no question of the benefit he has received. Mr. Wesley Maxwell, Orangeville, Ont., writes: "I have been using Dr. Chase's Kidney-Liver Pills for some time, and I must tell you that before I started using them I could only make water with the greatest difficulty, and had very severe pains in the back. I am completely cured now by the use of these pills. Before that I used a lot of doctors' medicine without any benefit that I could see. I am thankful for being cured, and can recommend Dr. Chase's Kidney-Liver Pills highly."

SWORN STATEMENT. This is to certify that I, Wesley Maxwell, of the Township of Caledonia, was cured of kidney trouble by taking Dr. Chase's Kidney-Liver Pills. (Sworn before me on the 6th day of January, 1915.—Wm. Hawkins, Jns. Sen. Justice of the Peace.) This statement is also endorsed by the Rev. Geo. W. Robinson, who is Mr. Maxwell's pastor. This cure will interest a great many people who are suffering as Mr. Maxwell was with kidney and urinary troubles. It will only cost you a quarter to buy a box of Dr. Chase's Kidney-Liver Pills and put this medicine to the test. We are sure that you will be thankful to the writer for describing his cure to you. For sale by all dealers, or Edmondson, Bates & Co., Limited, Toronto.
