### Holiday Races At the Exhibition

The holiday program at the Exhibition track will commence sharp at 2.30, the concert by the 48th Highlanders' Band will begin half an hour earlier. Automobiles may be parked in the infield, and owners are requested to be on hand early to get the preferred positions. It is expected that there will be the largest turnout of cars ever seen in Toronto. The program will include almost every kind of interesting outdoor sport. There will be something doing every minute, and something to interest everybody all the time.

For the auto races the fastest local cars have entered, and an American racing car, the Nyberg, has been shipped here all the way from Indiana. The Nyberg has cleaned up in the western states, and with a crack driver at the wheel the Canadian speed fiends will be put to a hard test to win out.

The whippet races have proved to be capital sport, and, with the fastest dogs in America in competition, there will be no cause for complaint. A special match race between Blue Prince, the Canadian champion, and Oakley Flyaway, the American champion, will be among the events.

In addition there will be novelty auto races and bicycle and running races for boys. Popular prices will prevail, and the best program of the season will be given.

**North Toronto Golf Club.**  
On Monday, at the North Toronto Golf Club, there will be a competition against hockey in the morning and mixed foursomes in the afternoon. The championship cups and medals will be presented by Mrs. Morphy, the lady president, and the committee hope that all members will make a point of being present.

**Well-Known Ball Player Dead.**  
Ernie Hettmiller, who was with the Baltimore team in 1909, and part of 1911, being let out on account of his batting, went to the Pacific coast, where he led the league, being one of the leading hitters this season. He died quite suddenly last week in Los Angeles.

### BIG RUN ON TICKETS FOR MONDAY'S RUGBY

**Varsity Stadium Will Be Crowded and Rooters' Club Will Sing to 48th Highlanders' Band Music—Old Boys Drilled in American Games.**

The Carlisle-Varsity old boys' game is catching on. Now that the public mind has become cleared as to the status of the attraction, they are giving it their enthusiastic support. All day long yesterday there was a big run on tickets. People were surprised to find such a quantity of excellent seats at a dollar, and they gobbled up a great number of them. The 32 seats on sale at Spadina, are going rapidly and from present indications the stadium will be packed to the limit to hold the immense crowd that will attend the international spectacle. But a number of the best reserved seats should be available this morning.

The Varsity rooters, under the leadership of "Dutch" McPherson, put in a lively practice in preparation for the big event. They will be out in full regalia in all their war paint for the Thanksgiving Day festivities. The 48th Highlanders' Band will be at the field at 2 p.m., and the heavy arrivals will be furnished with a noisy and musical prelude until the game is called at 2.30 o'clock sharp. The rooters will save up some good stuff for the entire act.

The old boys had an excellent drill-

ing yesterday afternoon at Varsity gymnasium. The stadium field was a quagmire, so the boys lined up on the gym floor, while the honorary coach from Yale put them thru their paces. They rapidly fell into the differences between the modified American rules and the Canadian game. They took to the interference stuff like Yank veterans, particularly specialising on defensive plays. It is figured that our own Canadian aggressive plays, which are all legal in the American game, will prove the most effective in attack, as the Americans have not developed the possibilities of the open game as we have in Canada, it is thought. The zig zag running of Hugh Gall and Reddie Dixon, the plunging of big Smirle Lawson, and the all-round tackling and splendid work of the whole team will, it is thought, be a big surprise to the boys from across the line.

A letter was received from Parke H. Davis, a member of the American rules committee, saying: "I am very familiar with the high grade of football played by the university, and in selecting the ball carrying of Mike Kennedy, and the all-round tackling and splendid work of the whole team will, it is thought, be a big surprise to the boys from across the line."

Improved Train Service.

Owing to the increased travel on day trains, Nos. 17 and 18, leaving Toronto 9 a.m. and Montreal 9.05 a.m., and in order to offer every comfort to passengers, the Canadian Pacific Railway has inaugurated a parlor car service in addition to the standard first-class sleepers between Toronto and Montreal, which should prove popular with the traveling public.

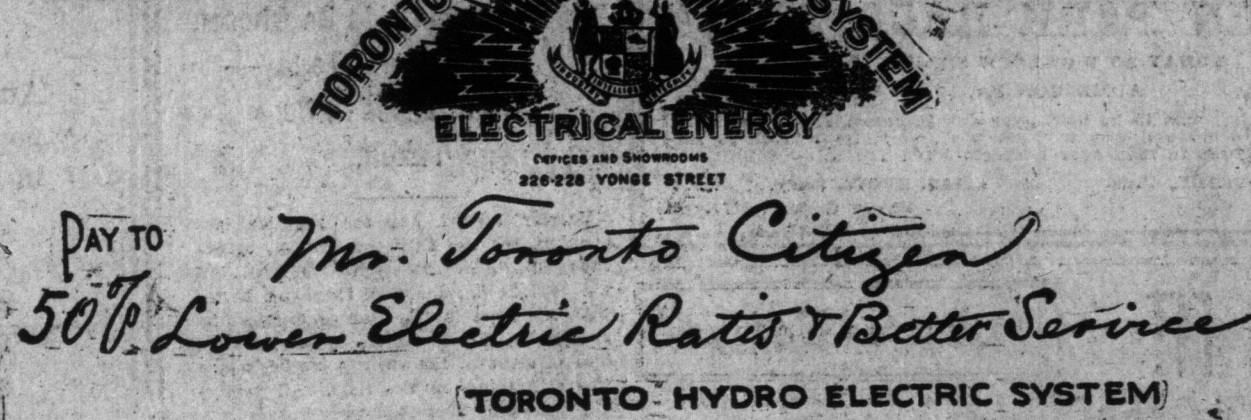

## 50% DIVIDENDS

Isn't That Liberal Enough?

Doesn't That Satisfy You?

### DIVIDEND VOUCHER

Conservative banks earn 12 or 14 per cent. dividends for their shareholders. Good, live industrial stocks pay about 7 per cent. Gilt-edge bonds pay 4 to 6 per cent. But how much of the average man's income is represented by dividends and interest?

—Ben Franklin said:

"A penny saved is a penny earned."

If you could cut your rent from \$40 down to \$20 per month, and live in a better house, that would be the same as adding \$20 to your monthly income. That means the same income as \$6000 in 4 per cent. bonds would bring you. Think of that!

### Hydro Has Cut Electric Rates Clean in Half

The mere announcement of Hydro-Electric rates in June, 1911, sufficed to reduce Toronto's electric light rates 50 per cent. Consumers who paid \$4.00 for current in May, 1911, could burn the same amount for only \$2.00 in June.

Every user of electric current in Toronto has received 50 per cent. dividends on his electric power expense this last year—**DUE TO HYDRO.**

Every user of **HYDRO-ELECTRIC CURRENT** has received, as a bonus, a perfect service and utmost reliability. And remember—

### HYDRO CAN CUT RATES STILL LOWER

Hydro is a profit-sharing institution owned by you — personally — and every other citizen of Toronto.

If you will help it make a profit, Hydro will share it with you, because the more business we do the lower we can make our rates.
