Customs Smelter for Republic.

It is said that a body of Spokane capitalists will erect a customs cyanide mill in Republic Camp this summer. Extensive experiments with Republic ore have been carried on at Butte, and the result is the decision that the cyanide process can be very successfully used on it. The mill will cost between \$40,000 and \$50,000. The experiments referred to were carried on by Mr. R. B. Turner, the well-known expert. He secured about 3500 tons of rock from the Republic, Mountain Lion, San Poli, Black Tall, Tom Thumb and other principal properties, and from the ore he was able to save \$5 per cent. of the gold and 66 per cent of the sliver.

Diabetes Was Getting the Victory Over Him When He Began to Use Dodd's Kidney Pills -Then the Tide Turned and He Was Saved.

Toronto, May 1.—Still another member of the staff of the Toronto Street Railway comes forward to testify to the unequalied efficacy of Dodd's Kidney Pills, in cases of Diabetes. This time it is Mr. H. Hogg, Conductor No. 207, residing at No. 81 Fuller-street, who tells his story.

Here is what he says: "Diabetes kept me in continual misery, and nightly agony for three years. My blood got so impure that I thought I could never get it restored to its natural purity. I was tortured by dizziness, which grew to such an extent that I had to quit work. I lost flesh and strength rapidly, and, in short, I thought hawas 'all up with me."

"I nsed different remedies, but got no good from any of them, until a friend recommended Dodd's Kidney Pills.

"I had no idea they would he'p me, as I had been disappointed so often, but I decided to try them. The first box gave me wonderful relief. The dizziness vanished, and my head became as steady as ever it was. Three boxes completed my cure, and to-day I am sound and well, thanks to Dodd's Kidney Pills."
