HIS OWN FATHER-IN-LAW.

London, May 4.—It is not every man who wants to marry his mother-in-law, but James Thompson did, and, what is more, he married her.

The result was that he was committed for trial at Dublin yesterday for making a false declaration to the registrar that there was no impediment either of alliance or kinship to the marriage. Bail was allowed.

Thompson's wife, who was once his mother-in-law, said that she was present at his marriage with her daughter at Dundas. Her daughter died three years afterwards, and she married Thompson eighteen months ago.

He was "a splendid husband," said Mrs. Thompson, and the splendid husband interposed with the remark that he was happy.

When Thompson was arrested he said to Sergeant Ahearne, who told the magistrates, "Often a man gets six months for beating his mother-in-law, and it would be very hard to send a man to gaol for marrying his mother-in-law."

SOLDIER AS A NURSE.

London, May 4.—Two sisters named Grey were remanded at Belfast yesterday on an extraordinary charge of neglecting a baby.

They were in the service of a Mrs. Reeves as cook and nursemaid, and were given permission on Thursday to go into the town for a couple of hours and to take the baby with them in the mailcart.

When night fell and the girls had not returned, Mrs. Reeves set out in the drenching rain to look for them. Her search was unsuccessful, and she returned home distracted.

It was stated in court that Mr. Reeves then took up the hunt. He visited the theatres and music-halls, and informed the police, who telephoned all over the city in vain.

As he was returning home disheartened just before midnight, Mr. Reeves met the girls who were far from sober, and were clinging to the arms of two soldiers.

One of the soldiers was pushing the mailcart, over the side of which the baby was lying with its clothing soaked thru with the rain.

The child was in a very exhausted state from want of food and exposure, but it recovered after restoratives had been administered.

Recaptured.

Eddie Saunders, who escaped from St. John's Industrial School on Monday, was caught yesterday and will be returned to the home.

GETS $10,000 TO WITHDRAW

Suit Over Oil Lands in Welland County is Settled to Satisfaction of Plaintiffs.

WHAT INTERESTS THE EAST END

Wedding Did Not Come Off on Scheduled Time—Opera House to Be Enlarged.

Hamilton, May 4.—(Special.)—The east-end people are all stirred up over the postponement of a wedding which was scheduled for two weeks ago. The would-be groom lives in Wisconsin, and when he started for Harmilton the boys gave him such a send-off that he did not appear till the morning after the marriage was supposed to have taken place. Even then the parents of the girl refused to let her marry him, altho he is still pleading his cause.

Some time ago Harrison & Lewis started a suit for J. C. Hurley, Buffalo, against W. R. McKenney, Welland County, and the Provincial Natural Gas Company, of which Hon. Richard Harcourt is a director. The suit was over the possession of oil lands in Welland County, and the plaintiff has been given $10,000 to withdraw his suit.

The stage of the Grand Opera House will be enlarged and the seating capacity of the parquet increased by 250.

Under Serious Charge.

An Italian giving the name of Maderos Seadorirne, was arrested this evening on a rather serious charge. Miss Lizzie Hore, a girl about 20 years of age, who lives on Greig-street, says he followed her on York-street this evening, tried to start a conversation, and then grabbed her. She screamed, and the police responded. The prisoner is a hard-looking case. He says he came here from Chicago to work at the International Harvester Company's works.

Died in Cleveland.

Chief Smith received a telegram this evening from Coroner Gaburke, Cleveland, saying that Miss Frances A. Banks was dead. The police located her family at 231 Duke-street, and a sister left for Cleveland this evening. The message did not state how the girl came to her death, but the fact that it came from a coroner caused her family much uneasiness.

Say He is a Pickpocket.

Harry Mooney, so it is charged, worked his way into a Pullman car on the G.T.R. last night, and mixing among a party of engineers, tried to pick a watch from the pocket of one of the party. D. Phelan, a brakesman, claims to have caught him in the act, and Mooney got off the train at Mimico. He was arrested this morning by Detective Bleakley, and was remanded till next Monday.

Miss Beatrice Evel, daughter of J. J. Evel, of Semmens and Evel, died this afternoon after only a few days' illness.

Nineteen policemen have signed a petition asking the commissioners to restore the good conduct badges, which entitle the owner to 10 cents a day extra pay. The matter will be considered by the commissioners to-morrow.

Street Railway Men's Request.

The street railway motormen and conductors have made a demand for 25c per more pay or better hours. Their present agreement with the company will expire on June 1.

There are now 95 cigarmakers at work in the Tuckett Company's factory here, and 40 more are expected to return from Toronto next Monday.

The Women's Art Association made about $100 out of its recent art exhibition.

John Choise, Dundas, fell off a scaffold at the works of Bertram & Son to-day, and was seriously injured.

The farmers say the wheat crop in Wentworth County will be a failure this year. Some fields are being plowed up.

John J. Burns, secretary of the Hamilton Typographical Union, has returned, cured of lung trouble, from the Union Printers' Home, Colorado Springs.

Deputation for Ottawa.

The civic deputation in connection with the application of the G.T.R. to build the north end bridge will leave for Ottawa to-morrow evening, and will pay no attention to the injunction threatened by Ald. Fearnside.

W. H. Daniels, proprietor of the Stockyards Hotel, will build an apartment house on the southeast corner of Barton and Wentworth-streets.

The tying-up of the lake vessels by the Lake Carriers' Association will be a good thing for the Canadian boats, which will get all the business on the lakes during the tie-up, so say Capt. Fairgrieve and R. O. MacKay.

Christopher Connelly, 470 Mary-street, had his arm taken off between the elbow and the shoulder at E. T. Wright & Company's works this morning. Louie Patterson fell off a fence this morning and broke her leg.

John Lee Richardson, Ancaster, is suing his neighbor, William Vipond, for $1000 damages for alleged slander.

The City Baseball League will open the season Saturday afternoon. A city lacrosse league will also be formed.

LOVE'S REVENGE.

London, May4.—A curious case came before Justice Darling, at the Old Bailey, when a young woman named Clara Groves pleaded guilty to housebreaking and to stealing the wedding presents of Kenneth Menzies.

The prisoner and Mr. Menzies were at one time engaged, but the engagement was broken off, and Mr. Menzies subsequently married another lady. On Christmas Eve his house in Sandycombe garden, Kew, wos broken into, and the whole of the wedding presents carried off.

Subsequently the Menzies removed to Twickenham, and on the 10th ult., this house was also broken into and set fire to. Suspicion falling upon the prisoner, her house at Ealing was searched, and the whole of the wedding presents were found there.

Mr. Mathews urged that the accused had suffered severely since her engagement was broken off, and the judge thought justice would be done by binding the prisoner over to come up for judgment if called upon.

Abolition of Art School Exams.

An order in council has been passed abolishing the Art School examinations after this year, except such as will be required for teachers' certificates.

This action is in accordance with the policy adopted by the education department, of holding no examinations except such as are necessary. Art schools and other institutions will be at liberty to hold their own examinations, and under such provisions as the local authorities may desire.

The examinations in drawing for teachers' certificates will be held after 1904 in July in connection with the other departmental examinations.

CITY TARDINESS WORRIES SEVERAL STEAMSHIP LINES

Season Well on, But No Definite Terms Can Be Secured for Yonge-St. Dock Privileges.

There is dissatisfaction being expressed in certain marine circles because of the tardiness of the city in putting thru contracts for steamboat accommodation at Geddes Wharf. In December of last year the lease of the William A. Geddes estate with the city expired, so that it is now the city's prerogative, thru Commissioner Fleming, to make compacts with the several steamboat lines requiring wharfage accommodation. With the season for freight at least well under way none of these lines have absolute certainty of the use of the wharf. What is particularly engendering a feeling of apprehension is that the wharf is decidedly more in requisition now than ever before. There will this year be seven vessels touching at Toronto belonging to the Montreal and Lake Superior line, as against three last year, the additional vessels being the H. M. Pellatt, A. E. Ames, J. H. Plummer and W. D. Matthews. The new organization, the Turbine Steamboat Co., have secured Mr. Fleming's verbal promise for the west side, which is the Argyle's standing location.

May Require a Deputation.

From current talk along the waterfront it would look as tho there might be some difficulty in adjusting matters so as to suit all concerned, and until agreements are signed, sealed and delivered there is a certain sense of insecurity.

From what can be gathered it is more than likely that the board of control will shortly be waited upon with the request that some definite action be taken in the matter, unless that procedure is made unnecessary by prompt settlement.

Andrew Cowan, traffic manager of the Montreal and Lake Superior Line; A. B. Mackay, general manager, and Mr. Nesbitt, solicitor, were down from Hamilton yesterday for the purpose of urging upon the commissioner the matter of the drafting of an agreement, and were given the assurance that something would be done very shortly. The party, accompanied by F. Plummer, secretary-treasurer of the Canadian Lake and Ocean Navigation Co., afterwards made a tour of inspection of the waterfront.

Mr. Plummer said last night that, pending the arriving at of some hard and fast arrangement the boats of the line would not make this city a port of call.

Marine Jottings.

The Arabian of this line, now lying at Hamilton, is booked to start to-morrow night.

Manager G. D. Ellis of the Turbinia Steamship Company stated yesterday that a cablegram had been received from Newcastle, intimating that the Turbinia was prepared to leave almost immediately, and Mr. Ellis was of opinion that the end of the present week would see the boat committed to her ocean trip. A trial spin on the Tyne last Saturday proved satisfactory, 1¾ miles per hour more than had been guaranteed in the contract having been registered.

Wm. Evans, inspector of hulls, is at present away on his customary spring tour of inspection. His present trip will embrace Midland, Collingwood and Owen Sound. He will return about the beginning of next week.

Capt. Malone, local freight agent of the R. & O., stated yesterday that it was being rumored that trouble was anticipated in the upward passage of boats from Montreal, on account of ice jammed conditions still prevailing. The Corsican is now on her return trip, and to fill out her schedule should reach here and start east again to-morrow. The freight movement altho the season has barely opened, has already attained considerable volume.

AFTER THE HERERROS.

Berlin, May 4.—Despatches received to-day from Col. Leutwein, governor of German Southwest Africa, indicate the energetic resumption of hostilities against the Hereros.

Estorff's force of 706 men, at Otjosasu, has been ordered to pursue the enemy's main body, which is retreating, apparently to Otjiamangombe, northwest of Katjapia, and to endeavor to gain its east flank.

The Germain main force of 964 men is camped on the railway ready for operations when the East Prussian horses, which are now on the way, arrive. The losses of the Hereos at Onganjira and Oviambo prove to be greater than was at first believed. Among the wounded is Chief Samuel.

Even Berlin Admits It.

Berlin, May 5.—The newspapers have largely given up their disposition to belittle the Japanese victory on the Yalu. The first observations of the political editors are now followed by articles from military critics, one of whom declares that the loss of half the Russian artillery "spells defeat." This writer pronounces the Japanese action to have been magnificent, while all the critics emphasize the morale of the victory.

BUT BABY ESCAPED.

Geneva, May 4.—The avalanche reported yesterday fell on the hamlet of Bechernhausern (not Grengiols as at first stated), which isappeared under 250,000 cubic yards of snow. The villgaers were caughtin their beds, and it has now been ascertained that thirteen perished, most of the victims being children. A mother and her baby were carried away 100 yards, the latter being afterwards found sitting on the dead body of the mother and crying. A wood cutter returned in the morning to find the corpses of his wife and five children. In another house a girl of seven was carried thru an attic window into the street without being injured. Most of the victims were killed by the wreckage of their houses. A repetition of the catastrophe is feared, and the neighboring villages have been warned.

STILL UNCLAIMED.

The four children found alone at Parkdale station, having come from Hamilton to meet their mother and sister, who preceded them, are still unclaimed. Superintendent Williams of the Children's Shelater has asked the Hamilton police to investigate. The oldest of the four, aged 10, says they lived until a month ago at 26 Peter-street, Hamilton, and then with their grandmother.

They are of fa style copied ffrom an English regiment, and their use is being considered. They were pronounced comfortable and serviceable.
