Only One Week's Discussion for the Veto Bill.

LONDON, April 1.—(C.A.P.)—The Canadian Associated Press learns that the government will give only a week's consideration to the veto bill after its introduction.

It is expected the bill will be presented to the lords before the end of April. Should the government fail to pass the veto proposals then the lords will not resign, but will advise dissolution and ask parliament for a vote on account to carry them thru a general election.

It is anticipated that dissolution will take place before the end of May.

POLICE EXPECT TROUBLE IN STEEL WORKS STRIKE

Whole Force Goes on Duty at 6 a.m.—One Employee Arrested For Carrying Arms.

HAMILTON, April 1.—(Special.)—Practically the whole of the police force has been ordered to report at six o'clock Saturday morning to protect the Hamilton Steel Plant from the foreign laborers on strike. Both the company and the police look for trouble. Carlo Basa, 290 North Sherman-avenue, was arrested to-night near the works on a charge of carrying a revolver and a knife. His story is that he is not a striker, but remained at work all day, and was afraid to go home for fear of the strikers. He says the foreman gave him the revolver to protect himself with.

Nearly 1000 laborers struck this morning for an increase from 25c to 35c per hour. They were evidently in an ugly mood, and the company lost no time in applying for police protection. Chief Smith and a posse of armed men guarded both the Queen-street and the east end plants of the company all day, and more officers were kept in reserve. The strikers were hustled off the ground just as fast as they dropped their tools. No one was injured, although an attack was made on Constable Duffy.

The journeymen carpenters and the linemen employed by the Cataract Power Company have made demands for the increase in wages.

The city hall overrun with Chinese laundrymen this morning who were notified to meet Mayor McLaren at 10 o'clock to discuss a question of a reduction in the license fee. They were victims of an April fool joke. The board of control this morning selected Monday, Aug. 1, as civic holiday.

Liberal Club Banquet.

The annual banquet of the Liberal Club was held this evening in the Arcade. The toast list was: "Hamilton and the Liberal Association," proposed by A. J. Sproule and responded to by J. Macdonald; "Canada and the Canadian Parliament," proposed by Adam Zimmerman, ex-M.P., and responded to by Hon. W. L. Mackenzie King; "The Liberal Club," responded to by P. D. Cresser, K.C., and J. M. Eastwood. Mr. King dealt with the Liberal defence. There were two hundred guests in opinion of the subject, and the government had steered a course satisfactory to both.

Mrs. Glasford, 364 North West-avenue, 75 years of age, died this evening.

There was a turnout of 500 at the first spring parade of the 13th Regiment this evening. Lieut.-Col. Mevburn was in command. Cups were presented to B. and H. Companies, which won the senior and junior indoor rifle matches. Long service medals were presented to Major Fearman, Capt. Domyville, Lieuts. Laidlaw and Connor, and Sergt. T. C. Dunford.

CLARRY GOT PERCENTAGE ON CLAIMS HE SETTLED

Witnesses Before Public Accounts Committee Tell What They Paid the Lawyer.

OTTAWA, April 1.—The charges made in the house by Haughton Lennox against L. F. Clarry, barrister of Hastings, about a kick in connection with the settlement of certain claims for damages by flooding from works of the Trent Canal system, came before the public accounts committee to-day.

Mr. Lennox said the gravamen of the charge was that Clarry, while acting for the government in respect to the damage claims, also received pay from the claimants, a blank retainer was produced whereby one of the claimants agreed to pay Clarry twenty per cent of any amount received for damages.

Mr. Clarry admitted that such a retainer had been sent out to one Graham, but he thought it was before he had been engaged by the government. He said that Andrew Graham, a client of his, told him that his brother Stuart had a claim for flooded lands and asked him if he would act on the latter's behalf. He agreed to do what he received. His claim was for \$150, and he was charged \$30 by Clarry.

James A. Warner, Asphodel, also said he agreed to pay 20 per cent. He recovered \$320, and paid Clarry \$66. He thought the charge was high, but made no protest. He went to Clarry because the latter wrote to him that he wanted to see him on business. G. A. L. Humphries paid 20 per cent, and John Sargent 15 per cent.

Mr. Sargent said that before putting his claim in the hands of Clarry J. R. Stratton, M.P., advised him not to pay Clarry a commission, but Clarry because the latter wrote to him that he wanted to see him on business. G. A. L. Humphries paid 20 per cent, and John Sargent 15 per cent. It cost him \$90.

PHILIPPS' EXPENSES TOO HIGH.

OTTAWA, April 1.—The Allan Cup trustees have registered a kick with the Cliffside over the latter's expenses on their recent trip to Kingston in quest of the amateur trophy. Cliffside put in a bill for \$22, but the trustees apparently consider it too large. They have asked the Cliffside to furnish them with all particulars of the trip, including the number of men carried. Last year the Queens and Cliffside's accounts for the match played by the trustees when the settlement arrives. The Queens' Club also objected to the Cliffside bill, alleging extravagance on the part of the interprovincial champions.

Phillips Beat Athletics.

Philadelphia, April 1.—The Philadelphia National League team won a 9 to 4 victory to-day over the Philadelphia Athletics at Sibbo Park in the opening game of the annual inter-league baseball series. The Nationals won by hard hitting. Magee for the Nationals and Murphy for the Athletics made home runs with men on bases. Score: R.H.E. Canada Lawn Bowlers Meet To-night.

CALGARY, April 1.—The Calgary Horse Show, which opens on April 5, will be the largest horse show that has been held in the Dominion of Canada. SAYS MEDICAL COUNCIL IS NEARING BANKRUPTCY

Dr. W. A. Young Editorially Asks For Some Explanations as to Their Methods of Business.

"How long will it be before the College of Physicians and Surgeons is bankrupt?" is the question which is asked editorially by The Canadian Journal of Medicine and Surgery. Dr. W. A. Young, the editor, after making it plain that it is only the methods of transacting business that the council can be criticized for, proceeds:

"The writer, thinking that every member of the college in good standing had access to the books of the council, wrote first to the treasurer and then to the president asking permission to verify certain statements that had been made regarding the council's expenditure. Refusal was given in each instance to the request made. Why is this the case? What have the council's books to conceal? I am sure that any disclosures that might be made? Would it not be very much better to grant access to the books and by that means, perhaps, save further criticism?"

The following facts regarding the business methods of the College of Physicians and Surgeons certainly make an interesting reading, and were the same facts applicable to any business concern, it would be a very short time before the balance of the council would be in the red. The council during the year 1906-1907 had a cash balance of \$62,500.58, which during the year 1908 grew to \$65,148.41. In 1909 the college purchased their new building on University-avenue, reducing their balance to \$45,509.41. In 1908 we find that the balance was \$64,745.17. We fear very much that when the statement for 1909 appears this balance will be still further reduced.

The expenses of the council seem to have steadily increased out of all proportion to the increase in its income. During the years 1906-1907, its income amounted to \$25,577.65, and the expenditure to \$21,997.11.

In 1907-1908 the income amounted to \$25,790.88 and the expenditure to \$25,826.86, in other words, the council expended within \$25,725 of its income, in addition to the sum of \$18,053.78 spent for its new building.

In 1908-1909 the income of the council amounted to \$27,748.77, and the expenditure to \$31,863.01. During this year the council spent \$2614.24 more than its income.

It will at once be seen that the net profit of \$2880.58 in 1906-1907 was changed in two short years to a loss of \$2624.

There is but one ending to this state of affairs and that is bankruptcy. The members of the council in 1906-1907 drew for council and committee meetings the sum of \$4322.20, in 1907-1908 \$4663.96, and in 1908-1909 \$5782.10. Why, may we ask, should this more than double in two years? It is little wonder that Dr. Q. A. Temple said regarding this, "We should try and save as much of the public money in general and our profession that we are not grateful."

We think that a full and detailed statement of the council's financial dealings be furnished to each and every member of the council. It seems to us that there is something seriously wrong, and the sooner the present state of affairs is put to right the better."
