

TO SUBMIT POLICY TO WHOLE PARTY

Liberals Decide to Hold Big Convention Before General Election.

SUGGEST REMEDIES

Leaders Study Old Age Pensions and Ending of Extravagance.

By a Staff Reporter.

OTTAWA, July 20.—The national Liberal advisory committee concluded a three days' session this afternoon, passing a number of resolutions which will probably lay the foundation of the policy upon which the opposition will base its plea for a return to power at the next general election.

It is planned to hold in Ottawa a Dominion Liberal convention before the election, to which the policy will be submitted.

Nine sub-committees reported to the general committee upon various subjects of public concern. Hon. W. S. Fielding, at the head of one committee on finance and taxation, urged a review of the whole system of national expenditures, with a view to cutting down waste and extravagance and distributing taxation equitably.

Want Good Roads. Good roads development under the direct control of the provincial government, with encouragement and cooperation of the federal government, was brought forward by Hon. Sydney Fisher, at the head of the agriculture committee. This was one of the policies of the present government which the Liberals prevented passing into law.

Rural credits was advocated by John Bain of Ottawa, and plans for the welfare of returned soldiers were supported by H. B. McGivern of Ottawa, while Hon. W. L. Mackenzie King brought forward technical education.

A Dominion bankruptcy law was suggested by H. W. Jacobs of Montreal, and J. E. Atkinson of Toronto reported upon old age and mothers' pensions and national assurance against sickness and unemployment.

Take Up Railway Problem. Hon. George Graham presented a report upon the railway situation, but in view of the appointment of a commission of enquiry by the government it was decided to await that report.

Hon. Raoul Dandurand, A. R. MacMaster, K. C., and W. R. Jacobs, K. C., were appointed a committee to report on the question of proportionate representation.

Free agricultural implements, and free flour and free wheat, was another policy acted on.

MASONS TO MEET IN BELLEVILLE NEXT YEAR

Number of Officers Were Elected at Session Held Yesterday.

ATTENDANCE IS LARGE

More Than One Thousand Delegates Are Attending the Proceedings.

LONDON, Ont., July 20.—The Masonic Grand Lodge of Ontario met this morning at 9 o'clock. The credential committee reported the total number of delegates in attendance was 1007, representing 1244 votes. A motion was adopted to increase the per capita tax of the grand lodge from 50 cents to \$1.

Following officers were elected: R. W. Bros. W. H. Line, London, grand senior warden; James G. Cane, Toronto, grand junior warden; Rev. W. H. Snelgrove, Windsor, re-elected grand chaplain; W. Bro. Joseph Hickson, Toronto, grand registrar; R. W. Bro. Thomas Rowe (London), F. W. Hartcourt (Toronto), William Logan (Hamilton), A. J. Young (North Bay), and R. W. Bro. J. P. Reid (Windsor), were elected to the board of general purposes.

The next place of meeting for the grand lodge is in the City of Belleville. Local Bureau Confirmed. The grand lodge this morning, by almost unanimous vote, passed the amendment of W. Bro. Joseph Whyte Rogers, and the report of the special committee on a central Masonic bureau, proposed by W. Bro. Joseph Whyte Robertson, chairman. The adoption of these amendments confirms the establishment of the local bureau in Toronto, which has done excellent work during the past three years.

There was a sharp debate on points of order raised as to whether the report was in proper form for amendment to the constitution. The grand master ruled that it was in perfect form for presentation to the grand lodge. Bro. Rogers, who is president of the Masonic bureau of Toronto, and Bro. John B. Brennan were present on behalf of the bureau. The adoption of the report has given a great deal of satisfaction, not only to the Toronto brethren, but to brethren in cities and towns in all parts of the jurisdiction.

In Cities and Towns. The work of a bureau applies only to cities and towns where two or more lodges have concurrent jurisdiction. M. W. Bros. W. D. McPherson and Judge MacWatt strongly supported M. W. Bro. Roberts in his appeal to grand lodge for the adoption of the report.

Following are the names of five members appointed on the board of general purposes: Geo. H. Macdonald, Sydney Lake; Sheldon of Berlin, L. B. Way of Sault Ste. Marie, Thomas Shanks of Ottawa, George C. Smith of Toronto, J. McCummings of Stirling, Ont.

GRAND TRUNK RAILWAY SYSTEM EXCURSION TO BELLEVILLE

The Grand Trunk will run an excursion to Belleville on July 22. Tickets good to return until July 24. Good on all trains except the International Limited. Adult's fare \$2.95, and child's \$1.50 return.

For further information apply city ticket office, northwest corner King and Yonge streets, Toronto. edj2

SPECIAL TRAINS WILL CARRY BORDEN TROOPS

Fifteen Thousand Soldiers Leave Today on Week-End Passes.

MEDICAL EXAMINATIONS

Battalions Expected to Leave Soon, Come Before Medical Board.

Special to The Toronto World.

CAMP BORDEN, July 20.—To handle 15,000 soldiers going on week-end leave tomorrow, the C.P.R. and G.T.R. are each running seven special troop trains. More than half the trains will go to Toronto. Men going to Toronto are due back here by Sunday night and come on special trains only. Those disobeying this order may be subject to fine and also to forfeiting any further week-end passes.

Camp parade start today shows a decrease of 86 in the number of men on leave without pass.

Lieut.-Col. J. A. MacDonald, deputy judge advocate-general for this division, joined the headquarters staff here today. He will advise as to procedure at court-martials.

Final medical examinations of battalions expected soon to leave for the east are now in progress.

Soldiers of the No. 1 Brigade were the first troops to receive instruction at trench warfare grounds, which opened today. General Logie attended the opening and turned the first sod.

The eighth and ninth brigades, both from London district, went on long route marches today. Other brigades will route march tomorrow.

DENIES TORONTO STREET CONTROL

Sir John Simons Argues Electric Light Co. Has Superior Privileges.

CASE IS ADJOURNED

Privy Council Begins Hearing Appeal Over Removal of Poles.

Canadian Associated Press Cable.

LONDON, July 20.—The privy council today was again hearing the appeal of the Toronto Electric Light Company against the order of the Ontario appellate division in favor of the City of Toronto. Appellants sought to restrain the City of Toronto from removing the T.E.L. poles on certain streets.

The lord chancellor asked if the issue did not depend upon whether the city was stopped from denying that the poles were put up without their consent. Sir John Simons replied that as to one of the points disputed that was the issue. He would cite numerous authorities supporting his submission that if consent had not expressly been given it could be implied from the conduct of the parties, and apart from that around the appellant company had the legislative right, irrespective of the powers of the corporation, to go on the streets, and the right of the corporation was restricted in making regulations and fell short of prohibiting the company to use the streets.

In this he should also deal among other matters with territorial limits of the city in reference to the claim by the company to extend the area of its supply. This case was adjourned.

STREET RAILWAY MEN EXONERATED BY JURY

Returned Verdict of Accidental Death at Inquest on Body of Thos. Martin.

Coroner Dr. J. Snelgrove's jury, investigating into the death of Thomas Martin, 38 Parliament street, who died on July 13 in the General Hospital as the result of injuries sustained when he fell in an attempt to board a moving street car near the corner of Dufferin and Queen streets on July 11, brought in a verdict of accidental death at the morgue last night.

The evidence taken showed that Martin, a switchman employed by the street railway, had tried to board a car which was being driven by Wesley Bilby, 555 Dufferin street, at a fair rate of speed. He missed his hold and fell, hitting his head. In the car following was taken to the barn at Roncesvalles avenue, and shortly after he was removed to his room on Parliament street. At nine o'clock he was discovered to be ill and immediately taken to the General Hospital, where he died two days later. From the time of the accident until his removal to the hospital, he received no medical attention.

Wesley Bilby, the driver of the car, testified that he was driving his car at 15 miles an hour. Answering questions, he declared that he never brought his car to a standstill between stops and added that he would not do it for R. J. Fleming.

The jury exonerated the street railway employees.

BOY DROWNED AT BRANTFORD

Special to The Toronto World. BRANTFORD, July 20.—The Grand River claimed another victim shortly after 1 o'clock this afternoon, when Harry Blanchard, 8 years old, residing at 54 Oxford street, while trying to wade the river by the T. H. and E. bridge, went over his depth and was drowned. The firemen, with grappling irons, secured the body about 2 o'clock. His father is a member of the 84th Battalion, now in England.

CORNER STONE LAID

KINGSTON, Ont., July 20.—Today Archbishop Spratt laid the corner stone of the new church of the Sacred Heart, at Wolfe Island. The new edifice cost \$45,000 the contract was awarded to R. Sheehy, Peterboro.

STREET RAILWAY MEN EXONERATED BY JURY

ELECTRIC POWER SUPPLY

The Toronto Electric Light Company is installing an additional steam generation plant to take care of customers' growing requirements.

If you are a customer of Telco your service is assured by a large steam plant which is used as a reserve during the season when line interruptions are probable, and as a source of additional power during the heavy winter months.

We also have four circuits from Niagara Falls to Toronto, which is 100% reserve in case of line trouble.

The growth of Telco business is due to "service." When you use our service you can be assured your current will be delivered and your wants anticipated.

IN NEW BUILDING BY EARLY SPRING

T. Eaton Company, Limited, Will Extend Mail Order Business.

TWELVE STOREYS HIGH

Factory to Be Built of Reinforced Concrete and Steel and Absolutely Fireproof.

With the prospect of occupying by early spring its new twelve-storey factory building now in the course of erection at Alice and Teraulay streets, to allow of extension of its mail order business and relieve congestion elsewhere, the T. Eaton Company, Limited, has filed an application with the board of control seeking a permit to bridge downey's lane connecting the two factories.

While the first of the two buildings is a large structure with 449,460 square feet in total floor space, the adjoining building is a four-storey factory with a frontage on Teraulay street of 149 feet and a depth on Alice street of 120 feet. It will probably be ready for occupancy before the expiration of two months.

Faces Alice Street.

The larger structure being erected immediately across the lane, and which faces Alice street, has a frontage of 227 feet and a depth of 165 feet along Downey's lane. Its height corresponds with the company's factory building on Trinity Square.

About six thousand employes will work in these buildings which are being constructed, to provide extra

ONE OF T. EATON COMPANY'S NEW FACTORIES

This twelve-storey building, now being erected on Alice street, will be modern in every respect, built of reinforced concrete and steel, making it absolutely fireproof. The adjoining building, with the frontage on Teraulay street, is part of the factory and built in the same manner. When completed about six thousand people will be employed in the two factories.

space for the manufacturing and mail order business of the concern which has steadily grown until additional quarters became necessary to eliminate congestion. The personnel of the management of these new buildings will remain unchanged it was declared yesterday by officials of the company.

Absolutely Fireproof. Both buildings are modern in every respect, built of reinforced concrete and steel throughout, making them absolutely fireproof, and equipped with the most up-to-date fire escapes, fire

apparatus and elevators. All the stairways and elevators will be in fireproof enclosures, it is said. The equipment of the interior and the materials of construction are all Canada-made.

Both buildings are being erected by local contractors and work which was begun about two months ago has progressed steadily without waste of time. Those who have supervision of the labor are sanguine that the structures will be completed within the time set in the first estimates.

PREMIER CALLED ON BY ROSS RIFLE MEN

Sir Robert Borden Discusses Matters With Sir Charles Ross.

OTTAWA, Ont., July 20.—Sir Robert Borden's visitors today included Sir Charles Ross, head of the Ross Rifle factory, at Quebec, and Wallace Nesbitt, K.C., the solicitor for the company.

It is understood that the matter discussed was the commencement at an early date of the manufacture of Lee-Enfield rifles, with which the Canadian troops are now being armed.

TRIPPED ON FIRE HOSE AND HAD HEAD INJURED

When he tripped over a fire hose opposite the Canadian Mattress and Feather Company's factory, 47-49 Spruce street, yesterday afternoon, 11-year-old Eddie Courtes, 463 East Gerrard street, received a nasty gash in his head. Dr. Noble, 213 Carlton st., attended him, after which he was taken home in a motor car.

Damage to the extent of \$500 was done by fire to the company's premises. The cause of the fire was due to a spark from a motor. The loss is covered by insurance.

HICKEY'S UNDERSTANDS TASTES

Has Become the Headquarters for Fine Clothes for Men.

Young men are usually fastidious about their clothes. They all have a certain style preference, and few stores have the faculty of understanding this preference, with quite the intimacy and perfect understanding of Hickey's at 27 Yonge street. This store has rapidly become the headquarters for young men's clothes, owing to these preferences being developed and the tastes of the young men catered to. Another surprising feature are the prices, which, from \$10 to \$25, are unusual for such superior goods.

Harvest Help Excursions to Winnipeg and Northwest. Grand Trunk Railway will run harvest help excursions to Winnipeg and the Canadian Northwest at same rates and conditions as last year. Dates and further particulars will be announced later. edf
