Swan River.Sir.

We the undersigned want a Reserve to live on at Shoab Lake, We were told and we still hear that all Indians get a Reserve were they were brought up and this is our reason for wishing a Reserve here as we don't wish to leave our birth place.

Further we wish it known that we never said or promised to go to Pelly, the Chief 'Tey' left our late Reserve without our consent so he can have a Reserve at Pelly, but as for us we don't wish or intend to follow him there, therefore we wish you as agent to lay out case before the Govt.

We further wish to receive our annual Payments from an agent to come here by Lake
