BRITT TOO MUCH FOR NELSON

Got Decision Over the Dane After 20 Fierce Rounds--Battier Favorite in Betting.

San Francisco, July 31--Battling Nelson, the Dane, went to defeat before Jimmy Britt of California, in the 20th round of a hard fought battle tonight. Britt was seen the decision in the 20th, Nelson going to his corner vomiting.

Fine was called at 10:04 p. m.

Round 1--Britt sent Nelson to the ring back with a terrific right to the jaw and Nelson almost went to his knees. He was up quickly in fighting position and Britt smashed right and left hand to the face and then hooked hard left to the body. Nelson closed in, smiling at his seconds. Britt cleverly protected himself from the Dane's onslaught. Britt had the advantage of the round.

Round 2--They closed in and close range Nelson appeared twice to the body. Britt shot his left with great force to the stomach. After Nelson had driven a hard right to the face, Nelson whipped right and left to the face, Britt retreating with his left to the stomach again and then swinging his left hand to Battier's ear. In a mix-up Britt swung his left hand to the ear, Nelson's right ear bled as he went to his corner.

Round 3--Nelson waded in with left to the face and at close quarters drew his right trice over the kidneys. Both missed some fearful blows and after some roaring Britt nearly sent Nelson against the ropes with right and left to the jaw. The Dane came back fighting very resolutely only to receive a terrific left to the stomach and a right swing to the face. Apparently Nelson was daunted and he kept forcing the pace and made Britt defend himself in the 4th round with two left swings to the same spot. Then ensued a furious rally, Nelson having the better of it.

Round 5--The engaged Britt sank his left trice to the Dane's stomach, making the latter wince.

In the fourth Britt landed two lefts to face and right to eye, Nelson right and left to his corner and Britt right and left to his corner. He had a sharp right hand and two lefts to face, bringing Britt to his feet and two more right hands to the body. Britt was too good for him.

Round 6--Another furious onslaught at close quarters and the round ended in Nelson's favor. The sixth was a hard fought one. Britt throwing science to the wind. He came out second best, Nelson not disturbed at any one of the Dane's blows.

In the seventh Nelson executed an infighting lunge almost at will. Britt made a wonderful rally and pulled right and left to Nelson's face.

Round 8--Britt landed three hard ones on Nelson's nose and face and left to the jaw. In the next Nelson was angrier by a succession of face blows but Britt landing left to face and had the Dane battered.

In the tenth Britt kept from close quarters and clearly outpointed Nelson and the round was all his. Nelson went to his knees in the twelfth. Britt was driven about the ring fighting. He landed in this round and Britt also had the next round.

The fight raged furiously to the end. In the 20th Nelson was tottering about and the engaged him from within and left him to his corner vomiting and Britt was given the decision.

Went to a Draw.

Providence, R. I., July 31--Johnny Carroll, of Brockton, had a ten-round go with Harry Grogan, of Providence, at the Casino Club in Lymanville, Mass. and Harry Carroll was the victor in a match a draw. Neither of the boxers was severely punished. Carroll was given a cut over the eye in the seventh round when round heads bumped in a clinch. Up to that point Carroll was the aggressor for the most part.

HOW THE ROYALS LOSE

Of the defeat of the St. John Royals colored ball team at Amherst, the News of Wednesday says: "Wall there is one taken away from Amherst for a while yet at least. That is the colored ball championship. The Royals were the losers of their most ardent supporters on Saturday, when they trimmed the St. John Royals in finished style. The championship now rests between the local rivals, the Royals and Rovers, and the three games series to decide it will start next week.

Skinner moved down to the St. John club in brilliant style. His slow ball fooled them all through. Burns, the opposing pitcher, had a reputation as a strike out pitcher, but when the Rovers found their batting eye he was found for them. Filson struck out and the Royals went down to the boys from the Highlands.

The same paper also says: "The first game of the series between the Royals and Rovers of this town for the colored championship of the province will probably be played next week. The Royals play the St. John team on Saturday, August 10th."

BALL TALK

Canadian Athletes.

Manager Connie Mack Saturday at Philadelphia purchased a new catcher for the Athletics. His name is Ford, and he is at present catching for the Edmondson, Can. club. The new catcher will report to the Athletics on Monday afternoon at the Athletic club building. "According to reports of the scouts," said Manager Mack, "this Ford is the real thing. They told me he is a first-class batsman, with an iron arm, and the kind I have been looking for, a catcher who can hit the ball."

BASEBALL NOTES

The Cleveland club has the following star players on the hospital list: Lajoie, Fick, Bradley, Ray and Rose.

Pete O'Brien was practically disabled by McAleer, to become a most valuable player for the Cleveland club. He was in the hospital for a week, then for Bradley for Lajoie at third, and doing clever work.

Jim McCreary makes no secret of his purpose to give Boston a winner next season. "Boston will make them go some next year," is Jim's smiling answer when questioned about his new team.

Peterson, the Providence catcher, is laid up with a sore on his knee. This makes it hard for Providence, as Donovan, Peterson's partner, is out of the game with a very badly lacerated thumb.

THE PICTURE CHANGES

AT THE NICKEL THEATRE

The leading feature at the Nickel for the second half of this week is a seven-reel picture, most interestingly illustrative of winter sports in various countries blessed with snow and ice. It is a picture of the most exceptional quality, with special attractiveness for Canadians who are so familiar with such skating races on the famous Montreal track, where Logan, Parker and Price, of this city, have won laurels; ski-jumping in Norway, a French-Canadian hero trot on the ice; ice boating in United States, snow battle in England; Johnny Nilsson and Fanny Davidson in a figure-skating exhibition; tobogganing shooting the Alps on sleds; snow-shoeing on the western prairies, children's frame coasting contests, etc. etc. A truly charming picture, secured at great expense of time, trouble and money.

There is an hilarious comedy picture, The Wrong Flat, which title fairly suggests the burden of the funny story, whilst An Adventure in a Balloon shows the merits of displaying land and sea in bird's eye views, with thrilling effects, such as an electrical storm, and rescue from the waves.

Mr. Austin is going to sing that humorous ditty, He Walked Right In, Turned Around, and Walked Right Out Again, with colored slides to illustrate it. Baby Roza will take up the chorus.

THE VALUE OF THOUSANDS FOR ONE DOLLAR ONLY
