ALIAS JIMMIE VALENTINE

AT THE LYRIC MONDAY.

TUESDAY AND WEDNESDAY.

Adhering to the policy of presenting
famous features the first three days of
the week, the Lyric has for its special
attraction on Monday, Tuesday and
Wednesday the film version of Paul
Armstrong's celebrated play "Alias Jim-
mie Valentine".

This was secured by special arrange-
ment with the World Film Corporation
and represents one of the best film pro-
ductions of the more popular and better
known stories and plays. The special
feature of the program is the appearance
of Griffith who will present some of the
latest hits in songs and dances, will also
be an attractive feature of the pro-
gramme. Special matinee at 8 o'clock.

MODEL SHOWS**PANAMA CANAL****IN OPERATION**

By means of a model that represents
its big original so faithfully that even
such details as the shuttles built for the
watchmen are accurately shown, it is
possible for visitors at the Panama-
Pacific Exposition to obtain an com-
prehensive view of the Panama Canal
as can be obtained from an inspection
of the canal itself. The locks, lakes,
Gallard cut, the buoys that mark the
channel and other features, big and little,
are shown exactly as they are, while
through the canal move ships that are
accurate miniature reproductions of the
real canal and the real ships that
pass through it. The Panama Railroad
and over it, the miniature
trains that are electrically propelled but
apparently run under their own power.
The topography of the Canal Zone is
faithfully duplicated, the model having
been made from plans, topographical
maps, and profiles furnished by the
United States government. Even the
tropical foliage is accurately represent-
ed. All that is required of the specta-
tor is to take his place on the moving
platform that encircles the model and
place to his ears the telephone receivers
that are provided for each of the seats.
As the platform moves around the model
