BOARDS URGING DUNCAN REPORT GIVEN OUT NOW

Saint John and Maritime
Trade Organizations
Wire Ottawa

PROTEST FOLLOWS
ON FIRST REPLY

Desired to Have Full Details
Before Canadian Meeting Here

The Saint John Board of Trade and Angus McLean, of Bathurst, president of the Maritime Board of Trade, have been in correspondence with Premier King and Hon. P. J. Veniot, postmaster general, in connection with the immediate publication of the Duncan report and urging that, in deference to the wishes of the people of the Maritime Provinces, this report be given to the public at once.

Immediately upon the publication, Thursday morning, of a despatch from Ottawa that the Duncan report was not to be made public until parliament met, a meeting of the Council of the Board of Trade was called and met at noon that day. It was the unanimous opinion of those present that the report should be published at once and that representations should be made to the Government.

Following the receipt of a telegram from Thomas Mulvey, under secretary of state, that Premier King had given orders that the report was not to be made public until presented to parliament, a further protest was wired to the premier direct and to Hon. P. J. Veniot.

FROM MARITIME BOARD.

This morning word was received by the Board from Angus McLean, president of the Maritime Board of Trade, that he had wired a protest at the withholding of publication of the report.

After the noon meeting of the council on Thursday the commissioner of the board, P. MacLean, Secretary of the Board, by long distance telephone and informed them of what had been done by the local board and asked them to take similar action and co-operation in the matter was promised by the Halifax Board.

COPIES OF TELEGRAMS.

The telegrams exchanged between the Board and Ottawa were as follows:

Saint John, N. B., Oct. 7, 1926.
Thomas Mulvey, Esq., Undersecretary of State, Department of State, Ottawa:
Maritimes are expecting Duncan report to be published promptly and in view of popular opinion and desirability of having this report made public before meeting of Canadian Board of Trade in this city October 19 to 22, we trust press despatch is incorrect. Please wire reply.

SAINT JOHN BOARD OF TRADE.

Saint John, N. B., Oct. 7, 1926.
Hon. P. J. Veniot, Postmaster General, Ottawa:
We have wired Mulvey, Undersecretary of State, as follows:

Maritimes are expecting Duncan report to be published promptly and in view of popular opinion and desirability of having this report made public before meeting of Canadian Board of Trade in this city, October 19 to 22, we trust press despatch is incorrect. Please wire reply.

The withholding of this report will be resented by Maritimes and we trust you will agree with us that government before Premier King's departure will authorize publication in near future and that you will request government to do so. Kindly wire reply.

SAINT JOHN BOARD OF TRADE.

Saint John, N. B., Oct. 8, 1926.
Thomas Mulvey, Esq., Undersecretary of State, Department of State, Ottawa:
We are anxiously waiting your wire reply to our telegram yesterday.

SAINT JOHN BOARD OF TRADE.

October, 1926, 8 p. m.
Ottawa, Ont.
Saint John Board of Trade, Saint John, N. B.

Your telegram seventh. Prime Minister has directed that Duncan report is not to be published until laid before parliament.

THOMAS MULVEY,
Undersecretary of State.

Saint John, N. B., Oct. 8, 1926.
Right Honourable W. L. McKenzie King, Premier, House of Commons, Ottawa:

Greatly regret to learn of your instructions that Duncan report is not to be published until laid before parliament. This would mean a most grievous disappointment to the Maritimes where its prompt publication has been confidently expected and looked forward to with intense anticipation. As the immediate publication of the report would not commit the government in any way and in view of very widespread Maritime feeling on the matter, hope that on second consideration and prior to your departure you may still see fit to order the immediate publication of the report and shall be very grateful to hear from you to that effect. May we take this opportunity to wish you bon voyage.

SAINT JOHN BOARD OF TRADE.

Saint John, N. B., Oct. 8, 1926.
Hon. Peter J. Veniot, Postmaster General, Post Office Department, Ottawa:

Mulvey just wires that Premier has directed that Duncan report is not to be published until laid before parliament. This would mean a most grievous disappointment to the Maritimes and in our opinion is regrettable in the most serious sense. We have wired Premier King to foregoing effect and earnestly urge your strongest influence toward obtaining from him prior to his departure authority for immediate publication of report. Entirely apart from attitude of our public, board recognizes how important it would be in Maritime interests to have report en-

PETITION FOR RECALL NOW IN CIRCULATION

States Reasons for Action to
Retire Four Commis-
sioners in City

Petitions for the recall of Commis-
sioners Frink, Wigmore, Bullock and
Harding were placed in circulation for
signatures today. The action follows
the presentation of a petition recently
at City Hall requesting the appointment
of an auditor or firm of auditors
of "undoubted experience and
recognized standing" to be named or
approved by a committee of the peti-
tioners, to audit the city's books and
accounts of the last five years, all de-
partments, including the assessors' also
to make recommendations, etc., also
the appointment of an efficiency
expert in the same manner.

GROUND SET OUT

The petition for recall refers to the
period that has intervened since the
first petition was sent in and sets out
as the grounds on which recall is
sought the following:

"The neglect and refusal of the said
commissioners to grant the request
contained in the said petition of the
taxpayers for the appointment of an
independent auditor and an independent
efficiency expert as asked for by the
said petitioners."

"The contemptuous treatment that
was accorded the said petition of the
taxpayers by the said commissioners."

"The attempt on the part of the
said commissioners to frustrate the ob-
ject of the said petition of the tax-
payers by the appointment of Dr.
Horace L. Brittain, who is not an
auditor nor an efficiency expert, but
is said to be a municipal research
authority, and whose appointment
would mean, as your petitioners be-
lieve, probably a large and unnecessary
expense upon the taxpayers without
any adequate compensating or sat-
isfactory results."

"The petition concludes: 'Your peti-
tioners therefore request that the said
four commissioners may be removed
from office respectively, and demand
that an election of successors to the
persons sought to be removed shall be
held according to law.'"

ONE OR FOUR ELECTIONS?

Asked this morning whether one
election would suffice if the recall move-
ment were successful, or whether there
would have to be an election for each
commissioner, the Common Clerk
would not express an opinion. He had
referred the matter to the City Solicitor.
The City Solicitor said the matter
had been referred to him but he
had not had an opportunity yet to
study it and until he had done so
would not express an opinion.

THE SETTLE-
MENT:—The next
thing we an' the
towns feller seen cross-
in' the patch o' moon-
light on Long Reach
was some big boats
that hed guns an' a
lot o' men aboard.

"Them," says the
towns feller, "is the
ghosts of Arson an'
his Dutch pirates
goin' up to sack Sou-
langes' fort at Jimseg."

The done it, too—an'
they soon let him
go—an' hed on to all
the stuff they stole
from the fort. That
was in 1674.

The government at Quebec paid Soulanges
by givin' him a grant o' what's now
Fredleton an' Devon an' Marysville—
besides Jimseg an' what he hed at the
mouth o' the Saint John River. He
was made Governor of Acadia—but
didn't live long in that office.

He died in 1678 an' his widow got a grant
o' what's now Gagetown—along with
what he hed afore. But the family
moved to Quebec—an' never got no
good o' their lands on the Saint John
River. Soulanges' granton was the last
Governor General o' New France—
afore it passed to the English. Them
was the ghosts o' the Dutch pirates
that looted Port Jimseg two hundred
an' fifty-four year ago that we jest
seen in the moonlight on the river."

"Well," says I, "when I used to go
up an' down the Reach in the old
steamer Soulanges I never knowed who
she was named afore."
