The House of Special Values  
32 and 36 King Square.LED BY TRAIN FROM  
HALIFAX NEAR MONCTON

Moncton, N. B., Jan. 11.—Theophilus short, of Bede Bridge, was almost instantly killed at Humphrey's Mills this morning by being struck by the C. P. train from Halifax. Hebert was on his way to Moncton with a load of apples, and stopped at S. W. Seaman's store, the I. O. O. F. crossing at Humphrey's, was selling fish to residents there, coming his journey to Moncton through Humphrey's and Lewisville, his horse was struck by the train at Humphrey's station crossing. Owing to the use of the horse, Hebert landed just the fence and his skull crushed, and did not hear the approaching train, which was partially hidden from view by the station and embankment. The horse was thrown a considerable distance and instantly killed, the sled demolished.

Harris, the coroner, was notified, after taking the statements of witnesses, decided an inquest was not necessary. Hebert, who lived at Shediac, was a married man, about forty years of age, and leaves a family of six children. The body was brought to the morgue, and after being prepared for burial, will be taken to the home for interment.

## IT GROWS HAIR

## Here Are Facts I Want You to Prove at My Risk

Marvelous as it may seem, Rexall's "83" Hair Tonic has grown hair on heads that were once bald. Of course, in none of these cases were the hair roots dead, nor had the scalp taken on a glazed, shiny appearance.

Rexall's "83" Hair Tonic acts scientifically destroying the germs which are usually responsible for baldness. It penetrates to the roots of the hair, stimulating and nourishing them. It is a most pleasant toilet requisite, is delicately perfumed, and will not gum or permanently stain the hair.

I want you to get a bottle of Rexall's "83" Hair Tonic and use it as directed. If it does not relieve scalp irritation, cause dandruff, prevent the hair from falling out and promote an increased growth of hair, and in every way give entire satisfaction simply come back and tell me and with-out question or formality I will hand back to you every penny you paid me for it. Two sizes 50c. and \$1.00. Sold only at my store, The Rexall Store, Chas. R. Was, 100 King street.

The tomb of Noah is supposed to lie in the small town of Nakhichevan, on the plain of Ararat.

MR. HAZEN ADDS TWELVE  
TO NAVAL SERVICE PAY ROLL

Ottawa, Jan. 11.—The opposition members are continuing the fight they began before Christmas. Tonight with a civil service reform investigation on, the government put through a vote to increase the pay of an employee of the marine department beyond the statutory limit. The Liberals were voted down, 27 to 27.

Finance Minister White said the government was contemplating the issuance of a \$1 note.

Mr. Hazen was criticized for appointing twelve additional clerks to the naval service in the face of promises to abolish it. He said he was taking the recommendation of his deputy.

## MORNING LOCALS

The recital of prayer services were conducted in the different churches last night. The subject was Foreign Missions. The groups will meet in the Main street Baptist church tonight to hold the 94th anniversary meeting of the Bible Society.

The infantry school for officers and non-commissioned officers of the 62nd Regiment was opened last night, and was well attended. Sergeant W. W. Hopkins, of Halifax is the instructor. The school will be continued for about a month.

The Maritime Province traveling staff of the Frost & Wood Company, Ltd., had a supper in Bond's restaurant last night. W. F. Burdett, general manager for the province, presided. In the afternoon the travelers met at the local branch of the company for demonstration purposes. At the supper last night speeches were made by Messrs. Ruby, Whitcomb, McFarland, Cochrane, McDonald, Young, Mott, McCully, Patten, Ferguson and Gavel of the Truro office and Belyen of the St. John branch. An impromptu musical programme was also enjoyed.

A reception for the members of the Sunday school was held in the vestry of St. John's (Stone) church last evening. A programme of music and recitations was contributed by the children and addresses were given by Miss Thomas, who will leave today to return to her mission work in India, and by the rector. Refreshments were served.

A large number of members and their friends attended the January smoker in the St. John Power Boat Club rooms last evening. The programme was contributed by the club orchestra. Messrs. Holder, Poirer, W. W. Brown, Kelly, Bailey and Hamm, John Frodham, J. Bond, A. Hallie, Bond and Bagnell, R. Carson, P. W. Jones and Wm. Cunningham. Refreshments were served.

No. 1 chemical engine was called out yesterday to extinguish a chimney fire in the house of Dr. W. B. McVey, Garden street.

## HATTIE LeBLANC'S WEDDING

It is said in west Arichat, C.B., that Hattie LeBlanc, who was engaged a year ago on the charge of murdering Clarence V. Glover, a Whitman, Mass., landowner, is to be married next Monday at her home there.

Felix Lynden, the groom-to-be, is a former Boston boy, now living in Sydney, N. S., who fell in love with Miss LeBlanc during the East Cambridge trial.

The marriage is to take place in the village church, with Rev. J. Edward Robitaille, the parish priest, officiating. The couple will go to Sydney to live.

About the Time It Takes for a Stuart's Dyspepsia Tablet to Work on the Food and Bring Relief.

## TRIAL PACKAGE SENT FREE

There is no long wait between the time you take a Stuart's Dyspepsia Tablet and the feeling of relief it will bring to an overloaded stomach. It gets busy in a jiffy and quickly sets things to rights in that tired and disordered stomach. It goes right to the work of digesting the food in the stomach, and in no time at all has things on the move—the gases cease forming, the breath is sweetened, the coating on the tongue disappears, and you are no longer conscious of the fact that you have a stomach.

That is one of the chief recommendations for Stuart's Dyspepsia Tablets—that they don't take forever to accomplish the purpose for which you need them. It is just as if you put an extra stomach or two to work when you needed help. You can't continually overload your stomach and expect it to always smile. It is going to get rebellious and sulky after awhile and refuse to go on being driven to do double work. You must rest it occasionally by starving and thereby weakening yourself physically—but by using a Stuart's Dyspepsia Tablet to do the work of digesting your food.

These tablets contain all the active elements of the natural stomach juices and will alone and undisturbed digest food in the same as the gastric juices. And nothing could be more harmless than these tablets. They do not affect the system in any way—do not cure any ailment except as they digest food. Use them freely.

Stuart's Dyspepsia Tablets are sold by all druggists everywhere. Price, 50 cents per box. A trial package will be sent if you will write F. A. Stuart Co., 129 Stuart Bldg., Marshall, Mich.

WANT \$3,000  
MORE FOR THE  
YEAR 1912Safety Board Takes up The  
Estimates for Department

## FIRE CHIEF'S REPORT

Recommendations are Discussed  
and Some Radical Changes are  
Proposed at Meeting — Police  
and Other Matters.

The estimates of the safety board for the present year, showing an increase of \$3,000 over last year's figures were adopted yesterday by the board after three hours' discussion. Ald. Russell presided.

C. P. Baker appeared to explain that the offer of his firm to buy certain lots at Greenhead for \$8,000, did not cover the whole property valued by the assessors at \$8,000, and that the extra only was No. 7 and No. 9 with the forebore rights.

Chief Kerr's Report.

Chief Kerr presented his annual report and said that it was very long he would read only the recommendations.

He recommended a new brake for the aerial truck costing \$175, as the present brake was very dangerous for the driver; the purchase of another Monitor invincible muzzle to be stationed in the North End; the purchase of 1,000 of hose; the replacing of all iron tires on hose wagons with hard rubber; the completion of the grading and other work at No. 1 engine house, including the building of a shed; the employment of a permanent fireman by the department; the installation of several new hydrants; and the purchase of a new motor truck.

The chief reported at length as to the value of a motor truck, giving figures to show that the cost of maintenance would be much less than the cost of horse carts. The chief also spoke of the necessity of another truck for Carleton which is provided for in the estimates, and of other needed for the installation of a sprinkler system at Sand Point and the new water main down from Union street, no action in this line having been taken.

Change in Hydrants.

The change in the hydrants recommended by the chief included the removal of the hydrant in front of Oak Hall with the ten inch main in King street; connection of the German street hydrants with the ten inch main new two hydrants in Charlotte street, one at the corner of Union and one in front of the market, one in Carleton street at the corner of Church, one in German in front of the Masonic Hall, and one in British street near the corner of St. Paul.

Several of these hydrants had been recommended in previous years, and there was some discussion as to why they had not been installed, and Mayor Frink, who was present, said that the commissioner had laid up the work because the appropriation was exhausted. The director said that since 1910, the water and sewerage board had been making the hydrants, and in the end, the recommendations were left with that board. Ald. Green charged that the city was losing \$200 every hydrant installed.

The chief concluded his report with a recommendation that strict inspection be made of moving picture houses before licenses were granted and that the committee on the report take into consideration the advisability of reducing the call force and increasing permanent firemen.

Ald. J. B. Jones, moving for a small committee to consider the report, said that there was much in the report which could be left out when it was published.

Ald. J. B. Jones, Wigmore and Green were named as the committee. The chief was given authority to have the report published.

When the first item in the estimates, \$1,000 for the chief's salary, was read, Ald. Green created a small stir by saying that he had intended to move for a reduction in this amount. While this was not a large salary in itself, the cost of two drivers and the keep of the horses brought it up to something over \$2,000, making the chief a very expensive man.

The chief denied that he had two drivers and pointed out that the extra man employed largely in driving the team for the superintendent of the fire alarm. If Ald. Green wanted him to walk to fire, to be plain, he would not do it.

Some time was spent in counting up the estimates and pointing out the extra man of the year had been accomplished when the estimates were made up and that they must only sit and vote like dummies. Now the estimates were being made for another year and the time for retirement had come.

Ald. Wigmore said the extra driver was needed to assist the man looking after the fire alarm and Ald. Green's motion was lost, 5 to 2.

Ald. Green took exception to the grant for two probationary drivers, two probationary drivers to get full pay and two substitute drivers and moved that one man only be employed at \$200 a year instead of the six at \$2,430 a year. The chief said it would be impossible to work out the holidays without the extra men and told Ald. Green that he was trying to interfere with the officials of the department.

Ald. Green—We are not getting the worth of our money out of this fire department. It is running away with itself and the city has nothing to show for it.

Ald. Green's motion to substitute one driver for six was defeated on the following vote:

Yes—Green, C. T. Jones, Elliott, Potts, McLeod and Scully.

There was also another motion on the matter of the substitute engine men one day off every two weeks. In this way the men employed earn only \$244 a year and is prevented from securing employment elsewhere.

Ald. Green said he should be engaged permanently or dismissed. The whole scheme of granting the extra holiday was simply brought up on the eve of election to elect certain aldermen.

Ald. Elliott—"I rise to a point of order. We all know who he is referred to and there is no necessity for it."

Ald. Potts warned the alderman against excessive expressions calculated to do him injury.

Ald. Elliott's motion to find a place for the substitute engine man in an adequate salary was lost as was also Ald. Green's.

These  
Oranges  
Have  
Ripened  
on the Tree

"Sunkist" Oranges are allowed to fully mature on the tree. They gain a perfectly delicious flavor, utterly lacking in many oranges that you have had to put up with in the past. Each orange when ripe, if perfect, is carefully picked and packed by gloved hands. Every "Sunkist" must be seedless, sweet and juicy, to earn its wrapper. For the wrappers identify this splendid fruit and are valuable in obtaining Rogers' Silverware. Your dealer will supply you with this delicious and healthful fruit. Begin saving wrappers today. Insist on them.

Get This Beautiful Orange Spoon

Save 12 "Sunkist" orange wrappers, or trademarks cut from wrappers, and send them with 12c to help pay charges, packing, etc., and we will send this genuine Rogers' silver orange spoon. For each additional spoon send 12 wrappers or trademarks and 12c.

Fruit Knife for 24 Wrappers

Save 24 "Sunkist" orange wrappers, or trademarks cut from wrappers, and send them with 24c to help pay charges, packing, etc., and we will send this genuine Rogers' silver fruit knife. For each additional knife send 24 wrappers or trademarks and 24c.

14 "Sunkist" Premiums

Send for full description, number of wrappers and amount of cash needed for each article:

## CHURCH OF ENGLAND SYNOD

The quarterly meetings of the Church of England synod were brought to a close yesterday afternoon, when the committee on the widows' and orphans' fund, and the executive committee met for the transaction of business.

At the meeting of the widows' and orphans' fund committee, the name of Rev. G. T. Spriggs was added to the list of those whose families are entitled to the benefits of the fund.

The executive committee received the report of the board of missions and appointed clergyman to fill vacant parishes as follows: Rev. W. B. Armstrong, Point du Chene; Rev. A. H. Hazel, of Southampton, to Woodstock; Rev. H. R. Lynde, to Campbellton; Rev. D. Jenkins, to Albert county; Mr. Travers, a theological student, to Centerville; Rev. B. Abbott, to Fredericton as curate.

Rev. A. C. Fenwick, to St. Lukes, St. John, as curate.

The last two clergymen have arrived from England recently and the others are already in the province.

## RECENT DEATHS

Halifax, N. S., Jan. 11.—A. W. Clark, son of Hon. W. F. McCurdy, Baddeck (C. B.), a cousin of J. A. D. McCurdy, the noted aviator, died this morning at his father's residence in Baddeck. He had been ill for some time.

Mrs. Kirkland, relict of the late John Kirkland, formerly of this town, passed away at the home of her daughter, Mrs. F. W. Murray, at Murray Harbor (P. E. I.), on Monday. Mrs. Kirkland was a half sister of Lieutenant Governor "Buddy" Thomas. The body arrived here on Wednesday for interment beside those of her husband in the Presbyterian cemetery.

Mrs. L. Doreau, master ship builder of Meteghan died at his home there last week. He was seventy-two years of age, and is survived by his wife two sons and one daughter.

## Valuable For Photographers

Whoever desires, in the most possible space of time, to acquire a working familiarity with the principles and practice of modern photography, may be confidently recommended to the "Welcome" Photographic Exposure Record and Diary, 1912.

The "Welcome" Exposure Record is packed full of photographic wisdom, and its directions and observations on such matters as exposure, development, intensification and all the other fascinating processes which go to the making of pictures, are simple and concise.

Figures and factors, based in every case upon actual experiment, have been worked out for all the principal films and plates on the market, and reliable data collected in convenient form.

By this means, and with the aid of the excellent "Welcome" calculator attached to the cover, it is possible to secure correct exposure under all circumstances, by a single turn of the dial.

Plenty of space is left for diary pages and exposure notes, and the book is provided with pencil and clasp, and is equally useful in the dark room and the field.

The "Welcome" exposure record may be obtained from all photographic dealers and booksellers. Price in Montreal 32 cents.

"Well, old man, how did you get along after I left you at midnight? Get home all right?" "No, a confounded noisy policeman hailed me to the station, where I spent the rest of the night." "Lucky dog! I reached home."

The word bungalow is an Anglo-Indian version of the Hindoo bhang, which primarily means Bengali, or of Bengal, and is also applied to a thatched hut.

A New Laxative — the best known to modern medicine — is the active principle which makes

NA-DRU-CO LAXATIVES

so much better than ordinary physics. While thoroughly effective, they never gripe, purge or cause nausea, and never lose their effectiveness. One of the best of the NA-DRU-CO line. 25c. a box. If your druggist has not yet stocked them, send 25c. and we will mail them.
