SAVE TIME AND OLD

JONES DROVE HIM INSANE

MONTREAL, March 26.—The authorities at the city hall today had the unusual experience of a man applying for papers to have himself committed to the Longue Pointe Asylum as a lunatic. It was at first thought he was joking, but he forced the matter, and finally had the formalities put through and was removed to the asylum for treatment.

The explanation of his insanity given by the man, an Englishman named Stevens, was rational enough. He said that he had been a pianist at the Princess Theatre, and after playing the same tunes and listening to the same burlesque jokes week after week he felt his reason giving way and had hard work to stop from shouting when the people in the audience laughed.

It subsequently developed that Stevens had been a pianist at the Royal Theatre and that while there his wife had been burnt to death, since when he had been subject to recurrent fits of insanity. He felt one of these coming on, and had himself sent to the asylum before it became acute.

No company, 2nd Regt. C. G. A. will hold their annual night, next at 8 o'clock sharp. Dress, drill order. All men who have not received their uniforms will meet at the army, Fort Howe, on Monday evening. The company quarter-master sergeant will issue clothing from 7.30 to 8 o'clock.

BODY FOUND AFTER FOUR

MONTHS IN THE RIVER

HOLYOKE, Mass., March 26.—A body which is believed to have been in the Connecticut River for four months, and to have floated down stream about twenty miles in that time, was found near shore at South Hadley Falls today, and its identity apparently cleared up by the discovery of the disappearance of a prominent Williamstown man. The body, which was brought to an undertaking establishment in this city, was almost positively identified late today as that of Mr. Homer Torrey, who disappeared from his home in Williamstown late in November last. Mr. Torrey was over 60 years of age, and was believed to have been making his way to some point on the Connecticut River or one of its tributaries near Greenfield and there to have died. He had suffered from a paralytic shock some time before his disappearance and this is thought to have affected his mind. Mr. Torrey was 57 years of age and had three children. The disposition of the body has not yet been determined. An examination of Mr. Torrey's accounts at the time of his disappearance showed them to be in excellent order.

Yesterday's storm proved a most severe one, the velocity of the wind reaching as high as fifty miles an hour at one time. The rain proved most disagreeable. Director Hutchinson, when asked by a representative of the Sun concerning the storm, stated that it was not phenomenal for the time of year.

Her husband and relatives tearfully acknowledged today that their suspicions that she had been at the instigation of another woman for jealous revenge, were unfounded.

SEEKS BY STARVATION

FAR BETTER HEALTH

Niece of Dr. Tanner, the Famous Fatter, Begins Series of Interesting Experiments.

BERLIN, March 26.—To prove that complete abstinence from food for indefinite periods is not only conducive to good health, but also to perennial youth, Miss Claude de Serval, niece of the famous "Fatter" Dr. Tanner, has submitted herself to a remarkable series of experiments at the Royal Charité Hospital in Berlin.

Miss de Serval ended at noon yesterday in perfect health a fast of ten days without nourishment of any kind, either liquid or solid. During that time she has lived in a glass cage, into which fresh air was pumped by a motor. Today she was removed from the cage and was placed in the ordinary ward, but she intends to abstain from food for another twenty days, living in the machine on mineral water. Her weight has decreased from 114 pounds to 101 pounds, but her condition otherwise is perfectly normal.

Most of the time Miss de Serval has communicated with the outer world by means of a telephone, but latterly she has written messages to the medical men who are observing the experiment and held them to the side of her glass prison.

She informed an interviewer that she never once felt ill from lack of food and drink, and was entirely free from fever or headache. The young woman says that she was induced to become a "faster" in order to cure herself of chronic headaches and lack of appetite, and also because she finds she emerges rejuvenated after a period of self-imposed starvation.

Professor Kraus, the celebrated physician, under whose auspices the experiment is taking place, hopes that the results will be of much scientific value.

By using Stuart's Calcium Waters in a few days one notices the good effects, and in a short time the blood responds quickly and purges itself of its irritating and impure parts.

These waters are not experimental, they do their great work so fast and are so uniformly successful that they are known in every hamlet and by every druggist. Physicians will tell you of Calcium Sulphide, and how hard it is to prepare it to hold its full strength. Stuart's Calcium Waters. They sell at all druggists. Pimpily Pretty

Faces

May Be Made Clean and Clear By Using Stuart's Calcium Waters

TRIAL PACKAGE SENT FREE.

Pretty faces are daily seen about us, marred and marked with pimples, blotches and eruptions. There is absolutely no necessity for this condition being so exceedingly prevalent. Pimples and skin troubles show that the blood is impure, and is forcing its impurities into the cells and glands of the skin, these fostered by the heat of the sun and the heat of the body, and last in many eruptive disorders.

Stuart's Calcium Waters contain this great purifier and preserve its full strength in the peculiar process called Stuart's. Combined with the Calcium Sulphide are three other great blood purifiers, each doing a special work intended for rapid and complete mastery over blood impurities and skin diseases.

GARBED AS ATHLETE,

PRISONER ESCAPES

Spectators, Thinking He Is a "Marathon Runner," Pay No Attention to Him.

GLASGOW, March 26.—At an early hour on Thursday morning, when the city cars were making their rounds in Glasgow, a scantily dressed figure was seen speeding along Duke street. Apparently an athlete, little attention was paid to him by the drivers of the city cars, tramway car men or even policemen, who took the man to be a local marathon athlete out for a morning spin.

One little boy, sharper than his elders, caught the figure of the man, and informed the authorities that "yin of yer prisoners has escaped and is running along the 'Cumbernauld'." "Aye," hane the yer bed," was all his thanks for disturbing the officials at such an hour in the morning.

By the time the boy's story was found to be true the prisoner, Edward Toye, had got safely away, and no trace of him had been found up to a late hour last night.

It appears that the prisoner, in making his rounds of the prison, entered the corridor in which the man's cell was situated. He is positive that he locked the gate behind him. Reaching Toye's cell, he had just opened its door when his attention was directed to another matter at the further end of the corridor. In a moment Toye, who is only five feet in height, and as wiry as a squirrel, threw off his prison garb, and in his underclothing made for the locked gateway, through the bars of which he successfully wriggled himself.

A group of twenty feet landed him in the courtyard, where he lay across the axle of a goods-laden lorry, the driver of which, in all ignorance, drove him to freedom right under the eyes of the prison staff.

Toye was under sentence of three years' penal servitude, and was today to have been removed to Peterhead convict prison. He is 45 years of age, and has been in the prison for 10 years.

The amendment failed and the bill was read a third time.

SHOULDN'T WED

AGAIN, HE SAYS

Senator Cloran Would Bar Divorcees

SENATE CAN'T SEE IT

Annual Report of Railway Commissioners—Many Accidents

OTTAWA, March 26.—On motion for a third reading of a bill to grant a divorce to V. E. Blackhall, Senator Cloran questioned the propriety of the senate taking final action in this case until the evidence had been printed in French. The speaker saw no reason why the senate should not follow its regular practice.

Sensor Cloran then moved in amendment to the bill that the woman who had been found the offender should not be allowed to marry again in Canada under penalty of the Misky law. Parliament authorized the protection of animals from disease and the protection of parliament should be extended to the physical and moral well-being of society, and guilty persons from whom divorce had been granted should not be allowed to marry again.

The amendment failed and the bill was read a third time.

A HAMILTON MIRACLE

Gin Pills Save a Hamilton Man's Life

Remarkable Story of How Gin Pills Restored to Health and Strength a Man Dying of Bladder Trouble When Everything Else Had Failed

WRITE FOR FREE TRIAL BOX

For more than a year, Mr. John Herman, 513 James St. Hamilton, was a puzzle to the best physicians in that city. The poor man suffered agonies. Doctors said it was bladder trouble. "Inflammation of the Bladder" they called it. Unfortunately for Mr. Herman, all the doctors for bladder trouble did him no good.

The doctors helped him a little when he was tossing about the bed in dreadful agony. They succeeded in easing the pain and getting him up and about, but as soon as he went to work, there was another cruel attack of pain, worse than before.

Only two and a half boxes of GIN PILLS—at a cost of 50 cents per box—did for Mr. Herman what all the doctors in the big city of Hamilton could not do—they cured him.

The National Drug & Chemical Company (who prepare GIN PILLS) have known about this cure of Mr. Herman for three years. But they wanted to be sure that Mr. Herman's cure was permanent before placing the facts before the public.

Some days ago, a representative of the company called at Mr. Herman's house, 513 James Street, North. He was informed that Mrs. Herman that her husband (who is a brass pol-

isher at the Hamilton Brass Works Company), was at work and had not lost a day on account of his former trouble since GIN PILLS cured him, three years ago. Messrs. The National Drug and Chemical Co., Toronto.

Gentlemen— I cannot express myself strongly enough when I speak of what GIN PILLS have done for me. When I remember how I suffered not so long ago from Kidney and Bladder trouble, and how weak and unable to do a day's work, I feel I should speak and tell others of my experience and of the wonderful merits of GIN PILLS.

Some time over four years ago, I was taken down with what the doctors called inflammation of the bladder, intense pain in the back and loins, great pain and difficulty in urinating, and the agony at times confined me to bed for three or four days at a time. Position were laid across my back and feet, and by laying in a certain position I could get relief and then get up and go to work, although frequently I would have to leave my work before nine o'clock and return home to bed.

The pain was greatest in the region of the bladder, and during the attacks, which occurred more and more frequently, I could not get up and go to work, and I became so weak that I could not walk across the floor.

JOHN HERMAN

For over a year I continued to get worse, and the doctors could do nothing to relieve or cure me. My case seemed hopeless, but my wife procured the first box of GIN PILLS and I did for me.

From the very first, I noticed and felt that GIN PILLS were doing me good. The pain was relieved at once and the attacks began to come at longer intervals, and hope at last began to be kindled. I might be cured, returned to me once more.

I continued taking the pills for about six weeks, and then to my surprise and delight, the stone I sent you some time ago, came away from me and my pain stopped. I continued to take the pills for a short time longer, and rapidly regained health and strength. It is now three years since GIN PILLS cured me, and I have not a day's work on account of bladder trouble since. There is not the slightest doubt that they saved my life, and we recommend them to anyone who complains of pain in the back or bladder. Yours gratefully, JOHN HERMAN, 513 James St., North, Hamilton.
