THE GREATEST Medical Discovery, OF THE AGE.

Dr. KENNEDY, of Roxbury, has discovered in one of our common pasture weeds a remedy that cures

EVERY KIND OF HUMOR

from the worst scurfula down to a common pimple.

He has tried it in over eleven hundred cases, and never failed except in two cases, (both thunder humor.) He has now in his possession over two hundred certificates of its value, all within twenty miles of Boston.

Two bottles are warranted to cure a nursing sore mouth.

One to three bottles will cure the worst kind of pimples on the face.

Two or three bottles will clear the system of bile.

Two bottles are warranted to cure the worst canker in the mouth and stomach.

Three to five bottles are warranted to cure the worst case of erysipelas.

One to two bottles are warranted to cure all humor in the eyes.

Two bottles are warranted to cure running of the ears and blotches among the hair.

Four to six bottles are warranted to cure corrupt and running ulcers on the skin.

One bottle will cure scaly eruptions on the skin.

Two or three bottles are warranted to cure the worst case of ringworm.

Two or three bottles are warranted to cure the most desperate case of rheumatism.

Three or four bottles are warranted to cure the worst case of scurfula.

Five to eight bottles are warranted to cure the worst case of erysipelas.

A benefit is always experienced from the first bottle and a perfect cure is warranted when the above quantity is taken.

Reader, have peddled over a thousand bottles of this in the vicinity of Boston. I know the effect of it in every case. So sure as water will extinguish fire, so sure will this cure humor. I have never sold a bottle of it but that sold another; after a trial it always speaks for itself. There are two things about this herb that appear to me surprising; first, that it cures in our patients, in some places quite plentiful, and yet its value has never been known until I discovered it in 1842—second, that it should cure all kinds of humor.

In order to give some idea of the sudden rise and great popularity of the discovery, I will state that in April, 1853, I applied, in the Boston office of other Assurance Offices, the Directors have for some time entertained the idea of establishing Branches there. They have been enabled since last meeting to accomplish this. A deputation from the Directors visited the chief towns, and secured the co-operation of influential gentlemen in each Province. Although the Branches have been in operation only for a few months, the transactions have already been considerable, as well as of a most satisfactory description. Special thanks are due to the gentlemen acting as Directors, Agents and Medical Officers, who have already interested themselves much in the Association's affairs, and through whose exertions there is every prospect of permanent success.

The Report by the Board of Directors was unanimously approved. The vacancies in the Board were then filled up; and after several votes of thanks to the Directors at the Head Office and Branches, and the Agents, Medical Officers, Manager, &c., the meeting separated.

LIFE ASSOCIATION OF SCOTLAND. NINETEENTH REPORT.

THE Nineteenth Annual Meeting of the Association was held within the Head Office, on the 3d August, current, in terms of the Charter and Act of Parliament.—Sir JAMES FORBES, Bart., of Comiston, in the Chair.

There were submitted to the Meeting the Annual Report by the Directors on the Progress of the business; and the Report of the Auditor, Mr. W. Wood, Accountant; and the Balance sheet, of the Accounts, certified in terms of the Act of Parliament; with other statements of the affairs, as at 5th April last, the date of balance.

Notwithstanding the general depression of commercial affairs, the progress of the Association during the past year has been greater than in any other year, with only one exception.

The applications for new Life Assurances during the year were 1247 for £666,453

Of which the Directors accepted 1007 for £50,244

The Annual premiums being 18,511

Annunities on 24 lives were purchased for £74,12s. per annum at the price of 9457L 7s.

The Policies that became claims on the Association by deaths during the year amounted to 85 for 43,065s.

The Total Assurances since the commencement of the business amount to nearly five million pounds.

The Annual Income is now one hundred and thirty-eight thousand pounds; upwards of £50,000, being collected through the London Branch.

The Policy Holders entitle to participate in the profits, who completed their fifth year before the date of balance, will be entitled to a REDEMPTION OF 35 per cent. (7s. per cent.) from their next Annual premiums.

From the increasing wealth and importance of British North America, as well as the example of other Assurance Offices, the Directors have for some time entertained the idea of establishing Branches there. They have been enabled since last meeting to accomplish this. A deputation from the Directors visited the chief towns, and secured the co-operation of influential gentlemen in each Province. Although the Branches have been in operation only for a few months, the transactions have already been considerable, as well as of a most satisfactory description. Special thanks are due to the gentlemen acting as Directors, Agents and Medical Officers, who have already interested themselves much in the Association's affairs, and through whose exertions there is every prospect of permanent success.

The Mighty Healer!

WORLD KNOWN AND WORLD TREASURED.

The free admissions of all nations, as the verdict of the leading hospitals of Old as well as the New World, stamp this powerful remedial agent as the greatest of man's remedial qualities.

Its REMEDIAL QUALITIES are superior to all others, through the external application of the ointment, the naked eye reaches the seat of the internal disease; and in all external affections its anti-inflammatory and healing virtues surpass anything else on record, and is Nature's great ally.

Rheumatism & Salt Rheum

Are two of the most common and violent disorders prevalent on this continent, and the Ointment is especially antagonistic to "modus operandi" is first to eradicate the venom and then complete the cure.

Bad Legs, Old Sores, & Ulcers.

Cases of many years standing that have pertinaciously refused to yield to any remedy or treatment, have invariably succumbed to a few applications of this powerful agent.

Eruptions on the Skin.

Arising from a bad state of the blood, chronic diseases are eradicated, and a soft and transparent surface regained by the use of this Ointment. It surpasses many of the cosmetics and other toilet appliances in its power to dispel rashes and other disfigurements of the face.

Piles and Fistula.

Every form and feature of this prevalent and entirely by the use of this ointment, its application should precede its application. Its healing qualities will be found to be thorough and invariable.

Both the Ointment and Pills should be used in the following cases:

- Bunions, Skin Diseases,
- Burns, Swelled Glands,
