News Summary.

— Ice to the value of \$6,661 was exported from St. John during the month of March.

— St. John's customs returns for March 1889, were \$124,739, against \$112,257 in 1889, an increase of \$12,482.

— Five thousand bushels of two-rowed barley for distribution among farmers of the Dominion have arrived in Montreal.

— A representative of an English syndicate is in Montreal wanting to buy up the lithographic establishments of the city.

— The Pokokok-extract works, in York Co., which have been closed down for the past several months, will be started up again in about two weeks.

— Some very perfect counterfeit 25 cent pieces were in circulation in the past week. The imitation is a good one, with the exception of the ring which is dead.—Sackville Post.

— On Tuesday a large hen's egg was brought to this office, measuring 8 1/2 inches in circumference and 8 1/2 inches ovally, from the henry of Mrs. Thomas Roach, Studholm.—Sassar Record.

— Gloomy reports come from Grand Mannan. Not only has the winter fishery been a failure, but it looks as if the spring fishery would also prove a failure. Many people are leaving the island.—Telegraph.

— Dr. Margeson, of Hantsport, showed us this week, a coin estimated by Prof. Kennedy of King's College to be 2,000 years old. It is either of Grecian or Roman origin and belongs to Wm. Rogers, of Lockhartville.—New Star.

— The manganese mine at Dawson settlement, Albert Co., has been sold, and the original holders have received the first instalment, \$5,500, of the purchase money. They are also to receive so much a ton on the ore raised.

— The value of lime exported during the month of March was \$8,673, against \$7,026 for March of last year. The total value of lime exported for the quarter ending 31st March, 1889, was \$18,200, against \$8,790 for the same period in 1888.—Globe.

— Preparations for fishing are being made along the shore and on Navy Island. A fair quantity of gaspereaux have been caught during the day, but it is not certain yet whether this year will be much better than the two last for fishermen.—St. John Globe.

— The Parcel Post business has been very heavy. From July 1st, 1889, to March 27th, 1890, the customs officers have handled 36,251 packages. Of these 8,616 were for John's 9,999 for other places in New Brunswick, and 17,633 for places in Nova Scotia.

— Mr. W. H. Rogers, late inspector of fisheries of Nova Scotia, left Amherst on a visit to the United States in connection with his patent fish ladders. He has several contracts for the construction of these ladders along the Delaware and Susquehanna rivers.

— Over 2,500 applications for two-rowed English barley have been received at the experimental farm, and the staff is working night and day in order to expedite distribution. Those farmers who desire samples for seeding this spring should communicate with Prof. Saunders without delay.

— The sales of Nova Scotia coal in this province were less last year than in the year previous, according to the Halifax Herald. Here are the figures showing sales in the two years in Nova Scotia and New Brunswick and Quebec:—

Tons, 1888.	Tons, 1889.
New Brunswick, 214,680	195,174
Nova Scotia, 59,425	550,425
Quebec, 658,868	631,726

— The prospects for sale of postage stamps at the Truro post office for year ending 30th of June, 1889, were: \$8,569.52; Yarmouth, \$7,466.39; Amherst, \$6,819.20; Pictou, \$4,484.67; New Glasgow, \$4,486.48. Truro paid post office orders amounting to \$92,353.51. Yarmouth, \$83,824.95. The last named town, however, leads in the amount of orders issued, \$55,284.03. Truro being credited with \$41,646.36.—Colchester Sun.

— Watson Bishop has now in tanks at his residence, 60,000 young Ontario Lake trout furnished by government for stocking our lakes. Mr. Bishop paid in the big gaspereaux Lake year before last 20,000, and last year 60,000. These trout grow to be 8 to 10 lbs. in weight and will make fine sport in four or five years. Mr. Bishop says that he gets no remuneration for his care of these fish except his pleasure as a naturalist.—Kentville Star.

— The prospectus of a scheme of Life Insurance, introduced to the British public 167 years ago, by Sir James Hallett, forcibly states the advantage which The Dominion Safety Fund Life Association, St. John, N. B., brings to the door of every official and salaried person to-day. "That persons in good offices and employments for life, may be induced to make provision for their families, who, during their lives have an opportunity of maintaining them in good credit, but at their death very often leave them in slender circumstances."

— At St. Margaret's Bay, N. S., last Friday, A. Boutiller, G. Johnstone and C. Ryan succeeded in killing four bears and capturing two alive. The men were in the woods lumbering when they came across a family of bears, two old ones and four cubs. The dogs succeeded in routing the animals from their dens and firing began. Boutiller and Ryan shot one of the old bears, and Johnstone shot one of the young ones. The other two cubs were captured. The heaviest of the animals weighed 508 pounds.

— F. A. Jones, the purchasing agent of O'Neil & Campbell, the contractors of the railway from Digby to Annapolis, is in town. Mr. Jones informed a Sun reporter that the road will be completed this summer, probably in August. There will be 8,000 feet of trestles and bridges on the line. The trestles are nearly all finished, and grading is going on, except in two cuttings. Nearly all the material required is on the ground and the work is being pushed forward as rapidly as possible.—St. John Sun.

For Neuralgia Patient's Liniment is a sure and safe remedy. One of our leading druggists writes: "I have used it with good effect for Neuralgia and Burns." Sold by all dealers, Sole, per bottle.

GRAY.—At Good Settlement, March 31st, Robert Gray, in the 67th year of his age, leaving a wife, two sons, and four daughters, and many relatives and friends to mourn their loss. Bro. Gray was a member of the Centreville Baptist church. He lived a consistent Christian life, and died the death of the righteous.

CRANDALL.—At New Germany, Lunenburg Co., Feb. 5, of inflammation of the lungs, Norman B., beloved and cherished friend of Joseph and Ann Crandall, aged 17 years and 7 months. His physical sufferings were intense and during the first part of his illness endured much mental distress, not having found peace through believing in Christ, the only source of life. But after earnestly seeking, he was made happy by the assurance that his "sins were washed away."

GARDNER.—In St. Stephen, March 11, of consumption, Levina Hughes, Gardner, aged 30 years, leaving a son, Edward and Charlotte Hughes, and wife of Edmund Gardner, of Calais, Me. In September of '85 Sister Gardner was baptized by Rev. S. M. Hunt. Modest and unassuming in her manner, intelligent and constant in faith, cheerful, unselfish, with a devotion to duty and patience in suffering, her life was a blessing to her family and friends, and an honor to the church of Christ. A husband and two children mourn the loss of a faithful wife and fond mother.

HARRIS.—At Margareville, N. S., Dec. 16, 1889, Mary, beloved wife of Thomas Harris, aged 63 years. The deceased had been for many years connected with this denomination, having united with the church at Margareville under the pastorate of the late Rev. Chas. Tupper, D. D., and she died in the full assurance of faith. Her unselfish attention to the wants of others was not confined to the members of her own family. On Saturday, Feb. 1st, after a severe illness of less than a week, the bereaved husband, Thomas Harris, died of pneumonia, resulting from a gripe, in the 65th year of his age. He also, had joined the Baptist church at Margareville in youth, and for about 50 years had been a consistent member. He, as well as his partner in life, was a devoted and devoted to the interests of his family and friends. The doubly bereft family consists of six children.

CORRECTION.—In the obituary of the late Mrs. Dimock, the wife of Deacon Shubael Dimock, of Windsor, in our issue of April 2, it is stated that she died March 23. It should have read that she died Feb. 2.

R. Fellows, M. D., of Hill, N. H., says that he has made use of Wistar's Balsam of Wild Cherry for several years, and it has proved to be very reliable and efficacious in the treatment of severe and long-standing coughs. He says that it saved the life of at least one of his patients.

To Buy Twelve Pounds of Goods for Ten Cents.

Some ladies think that it costs nearly as much to do their own dyeing as it would to have the work done at a dyehouse. That might have been true years ago, but the discoveries of modern science, as embodied in Diamond Dyes, have made home dyeing both easy and economical. A ten cent package of the Diamond Light Blue will color twelve pounds of goods a dainty robin's egg blue; a package of Magenta, will dye twelve pounds of goods a beautiful rose; the Violet will color a delicate lavender on twelve pounds; the Purple will give a handsome fusc on twelve pounds, and most of the other colors of Diamond Dyes will dye light and delicate shades on twelve pounds of goods. Comparative tests in leading dye-houses of the Dominion have proven that Diamond Dyes are fully twice as strong as any of the numerous imitations that are seeking a sale upon the advertising and merits of the original package dyes.

There is another thing that endears Diamond Dyes to the ladies of Canada, and that is the fact that they are so easy to use. The special dyestuffs from which most of the colors are made differ entirely from other dyes, and are peculiarly adapted to the dyeing of household articles. Directions on each package make it possible for even a child to use them successfully.

Is It Another Fraud?

We are constantly receiving inquiries from all parts of the country asking, "Is this true?" "Will you do what you claim?" or "Is this another humbug?" We are not basing our claim for public patronage upon new and unestablished articles for which there is little or no positive evidence of value—but upon old standards of merit, one of which, has been in use over eighty years, generation after generation of families in the last four-score years have vouched for it. We ask no one to take our word as a guaranty of value—we have many letters on file in our office from people who have used and sold our goods in years gone by, telling of results as wonderful as any known. We should take pride in showing them to any one interested. That simple remedy, Johnson's Anodyne Liniment, has probably saved more lives and afforded more relief to the suffering than any other known remedy. It is used and recommended by all classes of people—the high and the low, the rich and the poor, the educated and the ignorant. All who become acquainted with it, experimentally, are amazed at its wonderful power, and are loud in its praise ever after. It is marvellous how many different complaints it will cure or relieve. Its strong point lies in the fact that it acts quickly and effectually. This whole package will not suffice to enumerate one-quarter of the diseases and ailments—the broken, splintered and mutilated limbs; bent and stiffened limbs; jama, bruises, old sores, ugly cuts, burns, scalds, etc.; that this Anodyne Liniment will positively alleviate or cure. What is the trouble of a bottle or a half-bottle of this Anodyne, compared with the worth of a human life? Lose not a moment, but let every family be supplied. It is used as much internally as externally, many do not know this. No matter how you know this medicine will pay for itself to send to I. S. Johnson & Co., Boston, Mass., for a pamphlet, free, telling how to use the liniment economically. A teaspoonful properly used will often do more good than a half bottle as some people use it.
