

The Busiest Dairy in St. John

THE PEOPLES DAIRY, 180 UNION STREET. 'PHONE 2149.

The above photo shows the interior of the smallest dairy in St. John, yet it produces the Ice Cream which leads in this city. Government analysis shows the Peoples Dairy Ice Cream has the highest percentage for purity and quality. The dairy has a factory and warehouse in connection, and facilities are better than before for catering to trade—wholesale and retail—at short notice in Frozen Fruit, Puddings, Ices, Sherbets, Custards Etc., as well as Ice Cream. The cream and milk carried by this dairy comes from some of the best farms in Kings County, such as Messrs. Bettlo, Carter, Dickson, Allaby, Darling, Titus and others producing the stock which gives the Dairy the place it holds in the trade. More—this dairy keeps on sale the Maple Syrup put up by Cochran Bros. of Bloomfield—Syrup which is guaranteed purest by Government inspection. Honey eggs always on hand, fresh from the producer. Bear in mind a good service from this dairy to all parts of the city.

AN OPEN LETTER TO THE CITIZENS OF ST. JOHN

MR. J. W. KIERSTEAD.

Persons nervous breakdown in the summer of 1907 when he was compelled to take a prolonged rest at the Clinton Springs Sanitarium, New York. In 1906 he was called to Oxford, N. S., and eighteen months later to the Tabernacle church, St. John. By coming to St. John he hoped that his health would be improved by being near the sea-board, but the change proved only of temporary advantage. After eighteen months as pastor of the Tabernacle, his nervous condition again became serious, and this time it was accompanied by laryngitis and bronchitis. It was now impossible for him to go on in the work of the ministry without a very prolonged rest, and he was advised by Drs. McIvor and Corbett, of St. John, and Drs. Sterling and Aikens, of Montreal and Toronto, respectively, that even after a year at St. Martin's Seminary, recovery, the nervous trouble was liable to recur as soon as he would again take up the work of the ministry, and that, in their judgment, it would be far better for him to leave the ministry at once and go into some work that would permit of more open air exercise and less study and nervous tension.

Acting upon this advice, he went before the Ministers' Association of this city and asked to have his ordination certificate cancelled, and this was done two years ago when the Baptist Association met at Hillsboro. So the Telegraph newspaper was in error when it announced that "Rev. J. W. Kierstead" was in opposition to Alderman Spronk.

Mr. Kierstead is simply a plain layman on account of his health and by his own request, and has no more right to be designated as reverend than though he had never been in the ministry.

He is at present manager for the Continental Life Insurance Company, with offices in the J. M. Robinson Building, and is recognized as a man of high character and high ability, a friend of the working man. His acceptance of the nomination for Prince ward is due to his sympathy with the commission movement and his belief that his candidature would help to bring out the commission vote.

Mr. Kierstead's standing in the Baptist denomination is just as high as ever was and if he felt equal to resuming the work of the ministry, he would receive a most hearty welcome back into the Brotherhood of Baptist Ministers.

Yours sincerely,
DAVID HUTCHINSON,
Pastor Main Street Baptist Church.

DISMISSED ON CHARGE OF ARSON.
Preliminary Hearing in Case of John O'Brien, Held in the Police Court Yesterday -- Prisoner Not Guilty.

Yesterday morning the preliminary examination on the charge of arson preferred against John O'Brien, commenced and finished in the afternoon when Judge Ritchie did not believe the evidence strong enough to send the defendant up for trial, and dismissed the case.

At the morning session evidence was given by John O'Brien, Herbert Maxwell, Fred Shaw, Albert Evans, William Foley and Constable Robert Crawford, who were among those who saw the fire on the night of the alarm was sent in from Box 8, on Monday night last.

The witnesses could not tell much about the fire, other than that there was something in the nature of a blaze that had started other than through the action of an incendiary.

Robert Crawford gave evidence that he was standing on Smythe street when the alarm was sent in. He saw a person resembling Evans running from the rear of the burning building towards Pond street, and that John O'Brien in conversation with another person in which he said he had discovered the fire and sent in the alarm. He further stated that he did not know what he was doing when he saw that person, and that he did not know who it was who was with him. Evans came up to them and said, "Come on, let's get away from here. This is a bad place. That's Crawford, and he is watching us." Later on O'Brien said that he did not see the fire, but he knew that it was in the building near the John O'Leagan warehouse on the night it was discovered on fire.

The witnesses also stated that a man in a suit and top hat, who was seen by a young man named Spronk, and could find no trap in the counting room on the corner of Mill and North streets, was seen by a young man named Spronk, and could find no trap in the counting room on the corner of Mill and North streets, and go towards Main street.

Police Officer Writson said he saw O'Brien at Box 8 when the alarm was sent in. The defendant stated he sent the alarm, but that he did not know what he was doing when he saw that person, and that he did not know who it was who was with him, and that he did not know who it was who was with him, and that he did not know who it was who was with him.

Thomas Deane gave evidence of being on the corner of Mill and North streets at the time of the alarm, and seeing a young man named Spronk, and could find no trap in the counting room on the corner of Mill and North streets, and go towards Main street.

Mr. Byrne introduced a bill to incorporate the Tracadee Boom Company. Mr. Hazen introduced a bill to amend the act respecting taxes on the business people. The bill provided that any one town or place would be subject to the tax and that branch banks would not be subject to the tax in any case until two years from the first of June following the opening of such branch.

WATERBURY'S GRAND MEDICINE FOR OLD PEOPLE MARKET QUIET AND BRISK IN TURN

"Fruit-a-lives" Restores the Health and Strength of Youth.

Grand Ligne, Que., Jan. 2nd, 1910.

"I heartily recommend 'Fruit-a-lives' to all who suffer from constipation and the painful consequences. Piles. I am now over years of age and suffered for more than 10 years with Constipation and Piles. I tried all kinds of remedies, but nothing cured me.

"About four years ago, I received a sample of 'Fruit-a-lives.' After taking a few doses I felt that 'Fruit-a-lives' were doing me good. As 'Fruit-a-lives' were not sold here then, I wrote to Ottawa for several boxes.

"My Bowels were regular and the Piles had disappeared."

N. JOUBERT.

"After taking four boxes, I felt that my Bowels were regular and the Piles had disappeared."

MARKET QUIET AND BRISK IN TURN

New York, April 7.—Serious discussion of the day in the stock market is altogether purposeless. Trading up to noon aggregated about 50,000 shares, with a total outturn of 150,000, thereby establishing a new record since the middle of 1908. The market was sluggish throughout the few spasms of mild activity which manifested themselves at odd intervals, being connected largely with issues that have seldom exerted any influence as market factors. Net changes were for the most part unimportant. Missouri Pacific and other Gould stocks alone showing exceptional weakness.

Further idea of the day's extreme dullness may be gathered from the fact that quite a number of the fairly active issues were not quoted at any time during the session. On the present showing the current month's business will fall below that of March, which was the smallest for any corresponding period since 1904.

News of the day embraced the monthly statement of the Copper Producer's for March, and a cut from 5 to 4 per cent. in the common shares of the United Cigar Manufacturers' Co., a "carb" security. The copper report showed a new high record for production, with an increase in stocks on hand of more than 5,000,000 pounds compared with the previous month. Both domestic and foreign demand were well ahead of February. As a whole, however, the exhibit of eroded additional proof of the unfavorable condition of the copper trade, more particularly in the efforts made towards curtailment. Amalgamated copper shares were correspondingly heavy, but kindred issues were unaffected by the reason that they were not even quoted.

The put and call market has been demoralized this week by the offerings of privileges on large amounts of such stocks as steel common, Reading and Union Pacific, principally calls for the account of persons who evidently believe that the stock market is going to be dull forever. Calls are sold, "so close to the market," that is so little away from the current quotations as to leave a narrow choice of inference. Either the sellers of such privileges think quotations will change very little in the next thirty days, or they need the money. Our quickest ways to raise money is to offer cheap privileges in new street. They must not be too cheap. If they are the buyers of privileges may distrust them.

Good Friday and the Saturday following will be holidays for some members of the Wall street community, but not for all. Members of the coffee exchange who desired the closing of their market for the triple Easter Holiday, had their petition granted by the officers today and in the sugar trade the announcement was made of a recess from next Thursday until the Monday following.

The cotton exchange, it is expected, will observe Friday and Saturday as holidays, but whether the stock exchange will close is not yet known. If business at the opening of next week is as dull as it was today, the governors will undoubtedly decide to close the exchange, but if the supreme court decisions on the trust cases are handed down on Monday, and are succeeded by an outburst of stock market activity, the holidays are not likely to be voted. The governors will take action on Wednesday.

American issues were firm in London, where Canadian Pacific was again the feature with a substantial gain, which received further impetus here. Some selling of United States Steel and Southern Railway shares are reported from London, but trading here for the other side was most meagre. An interesting item from abroad was the statement of the British board of trade, showing an increase of \$2,000,000 in imports, while exports, chiefly cotton textiles, increased \$2,400,000. Continental bourses were steady, but not particularly active.

Continued ease of money for all dates is reported and a gain of cash will probably be shown by the bank of the event of the event, suggesting an expansion of the loan account as an offset to last week's moderate contraction, which probably failed to reflect in full measure the disbursements of interest and dividends for the first quarter of the year.

The adverse industrial situation was again brought into view by announcement made late in the day that the number of New England cotton mills had decided to order a further poll of the Southern Railway company, the most noteworthy was that of Chesapeake and Ohio, which showed a decrease in net for February, of \$120,000.

The bond market was relatively much more active and firmer than stocks. There was a good demand for several of the more speculative issues and to issue debentures in connection therewith.

The House went into committee with Mr. Dickson in the chair and bills to incorporate the town of Edmundston for light and power purposes; to incorporate the Eel River Light, Heat and Power Company, were agreed to with amendments.

Bills to authorize the city of Fredericton to aid John Palmer Co., Ltd., to confirm the issue of certain debentures; to authorize the municipality of Gloucester to issue debentures to the amount of \$5,000 to redeem certain debentures in the fire district of Bathurst; and to authorize the trustees of school district No. 2 in the parish of Bathurst, Gloucester county, to issue debentures to the amount of \$5,000 were agreed to.

The House went into committee with Mr. Currie in the chair.

Bills to further amend the act incorporating the Imperial Dry Dock Co. of St. John and to amend the tolls payable to the Upper South West Miramichi Log Driving Company were agreed to.

Bills to amend the act amending the act incorporating the South West River Driving Company; and relating to the town of Newcastle were agreed to with amendments.

The Grand Falls Power Bill.
The House went into committee with Mr. Young in the chair. Bills to vest in the Grand Falls Company, Limited, the property rights, privileges and franchises of the Grand Falls Power Company, Limited, and of the Grand Falls Water, Power and Boom Company were considered.

THE GAME ACT

Continued from page 4.

There was also an application for prohibition from the people of Grand Manan who had sent a largely signed petition asking that they be permitted to shoot black duck from the first of December to the first of March. It being the habit of black duck to go to the ledges at Grand Manan during the winter.

Mr. Burgess asked that there be no game wardens employed in certain districts of Victoria county during certain periods of the year and said that game was being slaughtered there. He thought it would be well to pay the wardens smaller wages and have more employed.

Hon. Mr. Grimmer said he would be pleased to have the hon. gentlemen discuss the matter with him in the department at any time.

AMENDMENTS TO THE GAME ACT

Taxes on Branch Banks.

Hon. Mr. Fleming introduced a bill to amend the act respecting taxes on the business people. He explained that it had been the intention to have the bill relating to this matter, and passed at this session of the legislature, but it was not passed. The bill was now introduced and he hoped it would be passed.

The bill provided that any one town or place would be subject to the tax and that branch banks would not be subject to the tax in any case until two years from the first of June following the opening of such branch.

WEDDED IN IMMIGRATION SHED.

In the immigration shed at Sand Point yesterday was recorded the closing chapter of a charming romance. At the noon hour Rev. Dr. Heine, the Baptist chaplain, united in marriage Julius Flerick and Miss Marie Louise Dobbelaer, both of Belgium.

The bride and groom were both passengers on the C. P. R. liner Montreal, that arrived here a few days ago, and their acquaintance dates back to childhood days. With little prospect of much success in the old land, young Flerick decided to go to the United States to try his fortune. Accordingly he set out to New York and finally made his way further west to Chicago. He met Miss Dobbelaer in communication with the fair Belgian maid, telling her of his progress in the new land, and both lived in anticipation of the event of yesterday. With sufficient saved for the purchase of steamship tickets for himself and the girl, Flerick took the steamer for Montreal, and the return journey was made on the C. P. R. liner Montreal and yesterday they were married.

EASTER SALE AND TEA AT SEAMEN'S INSTITUTE

Attractive Sale Opened Yesterday Afternoon with Large Attendance, and will be Continued to-day.

The Easter Sale and Tea was opened yesterday in the Seamen's Institute. Great preparations had been made for the event and the success which marked the opening day was very gratifying to the ladies who had charge of the undertaking.

The fancy sale was conducted during the afternoon and evening. The auditorium of the building where the sale was held was artistically decorated for the occasion. The different booths were very effectively designed and trimmed. The young lady assistants in their character costumes gave an added charm to the scene.

The sale was largely attended yesterday afternoon and evening, and the various booths were well patronized. The committee in charge of the tea tables estimated the number of persons taking tea at about 400.

The committees in charge of the tea and sale were:
Fancy booth—Mrs. H. Colby Smith, and Mrs. B. Morton Smith.
Apron booth—Mrs. J. W. Seymour.
Britannia booth—Mrs. G. Wilford Campbell.
Mrs. Bruce Robb, assisted by eight young ladies.
At the candy booth Miss Ellie Smith presided. The ice cream booth was in charge of Miss Ida Belyea. The tea
