

FREEDERICTON CITY COUNCIL IN HOT FIGHT

Body Split Over Payment to Scott Act Settlers—Bishop Le Blanc Confirms Many.

Special to The Standard.

Fredericton, Oct. 12.—Bishop Le Blanc, who arrived yesterday from Montreal, conducted his first confirmation in Fredericton at St. Dunstan's church this morning. Rev. Father Carney, the rector, presented a class of 79 candidates to whom His Lordship administered the rite of confirmation. This afternoon he also confirmed a large class at St. Anthony's church, St. Mary's, and will spend this week visiting the parishes of York County. Bishop O'Reilly, of Oregon, was expected to arrive here last evening to visit Father Carney, but did not come.

The ten-year-old daughter of Mr. and Mrs. Charles Allen died today. A married sister resides in St. John.

Dr. A. P. Crockett left for St. John today in his new 60 foot motor yacht, "Meredith," which he recently purchased in Portland, Me. Mrs. Crockett and John H. Tillotson accompanied him.

There was much rejoicing among local Conservatives over the result in Chateaugay and pronounced disappointment among the Liberals, many of whom could scarcely believe the result.

There is much interest here in the special meeting of the city council called for tomorrow morning. Some time ago Mayor Hooper heard the accounts for payment of Scott Act settlements employed previous to May 1st, when a Police Commission consisting of the members of present council was in charge. He claimed that under the law it was illegal to pay any account for services performed for the city unless it was approved by whom the work was performed.

Taking advantage of the absence of Mayor Hooper, who has been away as a guest of Comte Mack during the world's series, seven aldermen signed a notice for a special meeting of the council for tomorrow morning at 10 o'clock, the plan being to put one of their number in the chair and order the bill paid.

"If the council orders the bill paid I suppose it will be up to me to issue a check unless an injunction is taken out of the supreme court to prevent me doing so," says City Treasurer Perkins. Ald. Farrell, however, the entire opposition to the party in power at City Hall, but even at odds of 9 to 1 he is expected to put up a lively fight before the bill is ordered paid.

One of those recently applying for admission as a student in law in New Brunswick is Miss Frances L. Pihl, of Newcastle, a graduate of the University of New Brunswick.

OBITUARY.

George W. McKay.

Portland, Me., Oct. 11.—Word was received here this morning from Bangor that George W. McKay, aged 32, of Moncton, N. B., foreman of the night crew of the Bangor and Aroostook Railroad at Northern Maine Junction, died in the Bangor Hospital from injuries received while at work in the yards there yesterday. He fell between the cars, and a train passed over him, badly crushing one leg and causing internal injuries. The limbs were amputated, but he did not survive the shock. He is survived by a wife and five children.

Mrs. James E. Fitzgerald.

North End loses one of its oldest and most respected residents in the death of Mrs. James E. Fitzgerald, wife of James E. Fitzgerald, which occurred early Saturday morning at her residence, 576 John Hudson, of Carleton Place, North Wales, and was married in 1877, coming to this country about 27 years ago. She leaves to mourn her sad loss, besides her husband, six sons, John L., Frederick G., Richard H., Evan H., Harold S., of this city, and Warrick F., of Cambridge, Mass. The funeral will be held this afternoon at 2:30 o'clock from her late residence to St. Luke's church.

Mrs. Jarvis Wilson.

Widespread sorrow will be felt in the announcement of the death, after a very brief illness, Mrs. Jarvis Wilson, which occurred on Sunday morning at her home on King street East. Mrs. Wilson had been in the best of health until about ten days ago, when a cold developed complications which rapidly became serious. In spite of all that medical skill and careful nursing could do Mrs. Wilson gradually grew weaker, and on Friday lapsed into unconsciousness, in which state she remained until the end.

Her personal generosity, her unvarying cheerfulness of disposition and her readiness in assisting in all good works endeared her to a very large circle of friends. Her death is all the more sad, coming as it does at a time when her three children were just reaching the age to appreciate the companionship of a mother. In their loss, Mr. Wilson and family will have very general and sincere sympathy.

Mrs. Wilson was the daughter of the late John Wilnot and Mrs. Wilnot, of West St. John. She is survived by her mother, two brothers, Archibald, of Boston, and James, of Montreal, and two sisters, Mrs. James King and Mrs. P. W. D. Campbell both of this city. She also leaves her husband and three children, two daughters, Catharine and Lucile, and one son, Jarvis, Jr. Mrs. Wilson was a consistent member of St. Andrew's church and had taken an active part in the work of many charitable and philanthropic organizations. The funeral will be held from her late home on Tuesday afternoon, service commencing at three o'clock.

BAPTISTS WILL ACCEPT GOVERNMENT AID FOR MISSIONARY SCHOOLS

Matter Under Discussion at Convention in Toronto—Awaiting Result of the Indian Conference.

Government grants for the support of schools conducted by Canadian Baptist missionaries in India will be accepted for at least another year and it is likely that the members of the Baptist Foreign Mission Board of Canada will continue to accept the government assistance as long as it is offered. Rev. M. F. McCutcheon, who returned from Toronto, where he attended the annual meeting of the Baptist Foreign Mission Board of Canada, told The Standard that the matter of government aid for the mission schools had been under discussion at the meeting, but it was decided to take no action until the Conference of India made another report.

Some of the members of the board had expressed the opinion that church and state should be entirely separate and for this reason no aid should be received from this source but other members pointed out that the missionaries were really assisting the government with the schools and that the money was for educational purposes and not for church work.

Other matters of importance in connection with the missionary movement were discussed at the meeting and several missionaries from India told of the work in the foreign field.

Among the St. John delegates present were: Rev. David Hutchinson, D. D., Rev. W. E. McIntyre, D. D., Rev. Wellington Camp, Rev. F. S. Porter.

FATHER'S DAY.

It has been proposed in the United States congress that the first Sunday in June each year shall be established as Father's Day, and that a rose shall be the sentimental emblem of the festival. The selection of the day may meet the approval of the "old man." A Sunday celebration will not interfere with his work for keeping the other members of the family fed and comfortable.

ONE OF THE "MODERN BLUEBEARDS" VICTIMS.

MRS. MILDRED ALLISON REXROAT

Twenty murders for money, which was spent in vicious resorts of Chicago, were confessed by a man calling himself Harry Spencer, because he does not know his real name. Included in the murders was that of Mrs. Mildred Allison Rexroat, a dancing teacher, who was shot and killed on September 25 and her body robbed and flung on the railroad tracks near Wayne. It was for this murder that Spencer was arrested, and after easily admitting his guilt, lamenting at the same time he had for the first time, when arrested, been without his revolver, he plunged into a recital of cold blooded murder for gain which surpassed in horror and criminality even the story of Chicago's two most infamous murderers—Hoch, the bigamist and sausage manufacturer, and Holmes, at "Holmes Castle" notoriety.

GOVERNMENT WILL ASSIST FARMERS TO IMPROVE STOCK

T. R. Arkell, of Live Stock Branch of Agricultural Department, Here to Organize Societies to which Pure Bred Male Animals will be Loaned—An Important Move.

An important move is being made by the Dominion Agricultural Department to improve the quality of their stock, and T. R. Arkell, of the Livestock Branch of the Department, arrived in the city on Saturday to undertake the organization of societies to develop sheep breeding. Last June the Dominion Department of Agriculture, realizing the increased need, not only directly but also indirectly through the emphasis given throughout the country to the value of pure bred sires, it may be added that it is not the intention to place the animals in districts where suitable male animals of the same class are already owned by private individuals. The aim is rather to aid sections where pure bred sires are lacking, and also to encourage new communities in following a proper and intelligent system of breeding. All bulls distributed will be purchased subject to the tuberculosis test and only stallions which have passed a rigid veterinary inspection for soundness will be selected.

In order to take advantage of this offer the Dominion Department interested parties in any district should assure themselves of sufficient local support to warrant an application being forwarded to the Dominion Department.

The minimum number of members which an association requires in order to take advantage of the offer is five. The minimum number of members in the case of stallions is ten and ten in societies wanting bulls, rams or boars.

SOCIALISTS SPEAK ON GARDEN OF EDEN AND SHIPPING SITUATION

"High Brows" of Order Discuss Evolution of Man and also Defend Longshoremen's Schedule.

The Garden of Eden and the shipping situation at St. John were the subjects of discussion at the Socialist meeting last evening. In regard to the other hand it was contended that if man evolved from the hairy and horrible ape, as scientists seemed to think, it was reasonable to hope that he might in the dim and distant future develop into superhuman, even though he still in many cases hadn't shaken off the characteristics of a certain animal with long ears and a bray.

In regard to the shipping situation, Comrade Hyatt contended amid great applause that the business men were entirely right in trying to get the boats to come to St. John, but as they were after more money they could not logically blame the longshoremen for going after the same thing. Every body was raising prices. If they could not get work here they could go to Halifax. More ships did not necessarily mean better times for the longshoremen, because more men came here looking for jobs. Before St. John became a winter port the longshoremen's wages were higher than they are now, and the purchasing power of their wages was much greater.

THE PRENTICE BOYS PARADE TO CHURCH

Lodges of Organization Listen to Eloquent Sermon by Rev. Wm. Lawson, in Zion Church.

The Prentice Boys held a church parade yesterday afternoon and attended service in Zion church. The three lodges, Fairville, East End and City organizations, took part in the parade. The lodges assembled at the German street hall and headed by the Carleton Cornet Band marched to the church by way of Princess, Coburg, Garden and Wall streets.

The church was well filled for the service, which was of a special character, and was conducted by the pastor Rev. William Lawson. For the occasion a special musical service had been arranged and was one of the features of the service. The sermon was delivered by Rev. Mr. Lawson who selected his text from Judges vii. 1. His subject was "God working in the minorities." The speaker showed that down through history it can be seen how God worked through the minority. He employed human agencies to carry out His plans. Out of the mass of humanity He selected a minority, a certain group of people, His designs, these men of vision, who could see into the future He selected for the great work. Through a few He brought about the spread of truth and justice, and liberty was purchased by these.

During the service a selection was rendered by the band. Miss Vanward sang a solo very acceptably and Mrs. Andrews and Miss Georgie Stevens sang a duet.

Despite the threatening appearance of the weather when the parade started there was a good turn out of the society. A large number of spectators watched the parade as it passed.

Roadway Religion.

Good roads are allied to religion, says Michigan's Governor. Evidently he has passed a few stalled out automobiles and heard the extemporaneous prayers of the occupants.

BACKACHE IS A DANGER SIGNAL

Kidney Troubles, Bladder Disorders, Rheumatism and Serious Diseases Follow.

There are other symptoms, such as pains in the region of the kidneys, nervousness, dizziness, tired and worn-out feeling, weak bladder, or urinary troubles, which are just as dangerous, for the slightest kidney derangement if neglected may develop into the deadly Bright's disease, dropsy or diabetes.

It is not only dangerous, but needless, for you to suffer and endure the tortures of these troubles, for Croxone promptly ends all such misery.

There is no more effective remedy for kidney, bladder trouble and rheumatism than Croxone, because it reaches the cause. It soaks right into the kidneys, through the walls and linings, cleans out the clogged up pores, neutralizes and dissolves the poisonous uric acid and waste matter that lodge in the joints and muscles and cause those terrible rheumatic pains, and makes the kidneys filter the poison from the blood and drives it out of the system.

Three doses of Croxone a day for a few days is often all that is ever needed to relieve the worst backache or overcome disagreeable urinary disorders.

You will find Croxone different from other remedies. It is so prepared that it is practically impossible to take it without results. An original package of Croxone costs but a trifle, and all druggists are authorized to return the purchase price if it should fail in a single case.
