### CHRISTIAN SCIENCE LECTURE.

Milwaukee (Wis.) Free Press.

Whatever may be the ultimate fate of Christian Science, whether it continues to wax in power and spiritual fruitage or eventually becomes absorbed or superseded in the religious evolution of mankind, Mrs. Eddy is assured of a permanent niche in that great gallery of seers and interpreters who have made clear the way of God to man. The history, and no chronicles of the epoch-making evolution that has taken place in the conception and attitude of man toward the divinity, during the past three decades, can possibly leave out of account the teachings and ministry of Mrs. Eddy.

## NO PLEDGE BY LLOYD GEORGE.

On Russian Policy and Conscription.

LONDON, Dec. 8.—The trade union congress, originally called to deal with the question of the nationalization of mines, will meet in London and will discuss labor questions generally.

In view of this conference a deputation of the Parliamentary committee of the congress had an interview with Premier Lloyd George today to ascertain the Government's attitude on various matters likely to come up, especially conscription, intervention in Russia and the cessation of the unemployment dole.

The premier made a reassuring reply, according to the unofficial report. He asserted that the Government was redeeming its pledges regarding Russia, and declared that he was as anxious as anyone to see the last of warlike methods employed against any nation, but unfortunately other people outside this country held opinions, and directed policies which necessitated England's being prepared.

## TONIGHT!

Take "Cascarets" if sick, Bilious, Constipated.

Enjoy life! Straighten up! Your system is filled with liver and bowel poison which keeps your skin sallow, your stomach upset, your head dull and aching. Your meals are turning into poison and you can not feel right. Don't stay bilious or constipated. Feel splendid always by taking Cascarets occasionally. They act without gripping or inconvenience. They never sicken you like Calomel, Salts, Oil or nasty, harsh pills. They cost so little too—Cascarets work while you sleep.

## HAMILTON OPINIONS ON POLICE CONTROL.

The Hamilton Herald: "When asked Saturday morning for an opinion concerning the suggestion made by the Kitchener city council that steps be taken to transfer the control of the police in cities, from commissions to councils or bodies appointed by the council, Mayor Booker said he would have to give the question a little consideration before offering any opinion."

"I think it would be a move in the right direction," said Alderman Newlands. "It would give the fire, police and jail committees some real work to do."

"I think the present system is best," said Ald. Gladwin. "The police commissioners are men who are better qualified to handle the affairs of the police than are the members of the city council."

## Woodstock Church May Become School.

The Woodstock Board of Education is making every effort to have the congregational church recently purchased by a London party turned into an educational institution. The board has recommended to the City Council that they purchase the building and that they spend the \$9,000 which is being asked for it. It is understood that the new owners are the Congregational Union of Canada, and that if the building is to be used for educational purposes they will sell for the above mentioned sum.

## Santa Starts Off

By MARY GRAHAM DONNER

"SANTA CLAUS" dog, Boy of the North was barking," said Daddy, "for there was great excitement up North."

"The excitement was, as perhaps you may be able to guess, that Santa Claus was about to start his trip."

"I have more things to do this year than ever before, it seems to me," said Santa Claus.

"Boy of the North wagged his tail and gave funny little short barks which was a lot of laughing. 'You say that every year,' he was trying to tell Santa Claus."

"Now, let me see," said Santa Claus. "There are many shops were packed with me about the things they have seen and of what they want."

"The reindeer were waiting. The bells on their reins were jingling and the sleigh was filled with packs and packs of toys."
