

Let the Gas Engine help your wife to do her washing

HAS it occurred to you that your other business partner—your good wife—is still using the out-of-date, back-aching methods of years ago—wearing herself out with the drudgery of the old-fashioned washday? If you have a gas engine on your farm you need a

*Maxwell*

"HYDRO" BENCH WASHER

That little 1 1/2 H.P. gas engine that works your churn and cream separator and operates your Pump Jack, Root Pulper and other small implements, will do the clothes washing and wringing for your wife—and do it quickly and satisfactorily. This Maxwell "Hydro" Power Bench Washer works equally well by gas power or by electricity, and can be driven by a one-

sixth H.P. motor. We make it in one, two and three tub machines, and the mechanism is as perfect as science can invent. One of these machines would be a genuine boon to your wife when washday comes round. Make her a present of one—and let your gas or electric power help her to do her part of the work and lighten the burden of washday!

Write to-day for further particulars of this Maxwell "Hydro" Power Bench Washer.

The Ross Rifle

Bring Home Big Game

To anchor big game and prevent its getting away, as so often happens even when fairly hit, take a "Ross" 280 High Velocity Rifle with you on your next trip, and use the Ross Sporting Ammunition with Copper tube expanding bullet.

The combination gives the lowest possible trajectory, practically doing away with the necessity of judging distances, and the "shocking" power of the Ross Copper tube bullet brings down any game in hits.

Sportsmen all over the world are adopting the "Ross" 280, and using its special ammunition. "Ross" 280 High Velocity Rifles, \$55.00; Ammunition, \$7.50 per 100; other models Ross Rifles from \$12.00.

Full illustrated catalogue on request.

ROSS RIFLE CO., Quebec, Que.

THE SAMSON TRADE MARK  
On roofing is your assurance of efficient protection against the elements—against fire—and against extravagance of first-cost or of up-keep.

SAMSON ROOFING

is made to give satisfactory service—not to meet a price. The materials that are used are such as will insure its quality and the skill of Samson workers combines them in the best manner.

The Samson Trade Mark on roofing means a roofing good enough to live up to the guarantee behind it.

There is a book about Samson Roofing—"The Roofing of Farm Buildings"—that will help you solve roofing questions—write for it.

Ask your dealer for Samson Brand.
