## OTTAWAS WON STANLEY CUP DEFEATING WANDERERS 8-3

Would Put Gregory Out of Hockey--Moncton's Premier Knockout Artist Puts Lives of Opposing Players in Danger--Many Players Will Carry Scars to Graves as Result of His Criminal Assaults--Halifax Taking Matter up as Result of Frank Condon's Injury in Starr Trophy Game--Ottawa Won Stanley Cup Last Night.

**OTTAWAS WON STANLEY CUP.**

The Ottawas won the championship of the Eastern Canada Hockey League as well as the possession of the Stanley Cup by defeating the Montreal Wanderers at Ottawa last evening by a score of 8 to 3. The Ottawas and Quebec play on Saturday night.

(Halifax Recorder.)

The Crescents returned home this morning with everybody delighted with their treatment by the Moncton people, speak in volumes of praise for the referee, and the admirers of the home team being unable to say too much for the playing of every individual player. Their only complaint is in reference to Condon's injury by Gregory, and they are confident that had he been in the game to the finish they would have won. They say he was playing in fine form, and his absence was the biggest kind of a loss. They say that Gregory struck him with the butt end of a stick, felling him to the ice; the blow was between the eyes and the nose, and he had to have two stitches in the cut.

This, however, was not the most serious result of the affair, but the striking of his head on the ice, and for a time concussion was feared; but happily this did not occur. The referee saw Gregory was to blame and promptly gave him ten minutes penalty.

**One Victim Nearly Died.**

Gregory has a reputation for such occurrences, as early in the season McLean, of the Amherst Ramblers, had his nose so badly hurt after a collision with Gregory that he went to the hospital, and for a time his life was despaired of. It is up to somebody to take this matter in hand and obtain the referee's report on the subject; if Gregory deserves all that is believed of him he should be put out of the game.

Even if Gregory does not commit these acts intentionally, two such occurrences would indicate that he is a dangerous man to have on the ice.

The Recorder's attention is directed to the fact that "two such occurrences" are but a small portion of Mr. Gregory's knockout repertoire. Last season in a game at Moncton he jabbed Jimmie Musick, the dangerous man of the Capitals, with the butt end of his stick so severely that he carried a scar on his jaw which will last until he goes to the grave. Another occasion on which Mr. Gregory put a player out was in the play-off game at Halifax last March when he deliberately walloped Geo. Stuart of the Capitals over the head. This last named offence was committed after

Referee Smith's whistle had blown and behind the official's back.

**Stringent Treatment Necessary.**

There are only two ways to effectually handle Mr. Gregory's case. One is to handle his criminal assaults upon fellow players as other criminal assaults are dealt with, and the other is for the trustees of the Starr trophy or somebody else in authority to debar him from participating in hockey. The great trouble of late in hockey in the provinces has been that the "muguls" such as the M. P. A. A. boys and the Starr trophy trustees have left their brains and in some cases their honorable principles at home when they went to attend official meetings.

The assault Gregory made upon Geo. Stuart at Halifax was done directly in front of brass buttoned Halifax policemen, who simply smiled, instead of forthwith arresting the violator of the criminal, social and hockey laws.

Somebody should proceed against Gregory for his assault upon Condon, and if there happened to be a magistrate with the nerve to send the bollikerent player to jail for the summer, he would perhaps be cooled off by next winter.

Aside from hockey, Chester Gregory has always seemed to be a nice young man to meet; but as a hockey player he is a dangerous man for the game, which would be better off without him. It would be well for those considering Gregory's case to remember the manslaughter court cases caused by a player with similar tactics in Ontario.

**St. John's Comment.**

The St. John Times, referring to the Recorder's article, says: "The same old tricks. When there is any close play it apparently is up to gentle Chester to save the situation. In this particular case where the two teams were so evenly matched there is much truth in the statement that it threw the scale in favor of the Moncton team, as Condon was one of the mainstays of the Crescents. One only has to look back over the number of championship games the 'Vics' have figured in at home in the last few years, and it is a safe statement that there has been a knockout in almost every game. For the losers—they seem to take their defeat in a sportsmanlike manner and their only comment is justifiable."

**THE MONCTON RINK.**

It is Poorly Lighted and Built with Round Ends--Last Year's Complaints Justifiable.

The Halifax Recorder referring to the Moncton rink, about which the Fredericton objections last season were said to be unwarranted, says: "The Moncton rink is a great difference to the Arena, though the ice surface is large, being 186 by 90 feet. The ends of the rink are oval in shape, the boards are inserted between beams, which makes it difficult to play the boards, and behind

the nets the boards are only a foot high, without any screen. The rink is dimly lighted."

**THE AMHERST VIEW.**

Ramblers' Supporters Not Inclined to Give Much Credit to Moncton's Team.

(Amherst News.)

Moncton retains the Starr Trophy by a margin of one. It may be interesting to note that there is only one Moncton man playing on the Moncton team. The others are all drawn from other centres, but of course their ability in stick handling had nothing to do with taking them to the railway centre. The Crescents were all Halifax boys. Five of the Ramblers' septette belong to Amherst and the remaining two are bona-fide taxpayers of the town.

**THE STARR TROPHY.**

Way of the Famous Cup Since it Travels First Started.

The Starr trophy is now the property of the Victorias of Moncton, they having won it once, been given it a second time, and allowed to hold it the third time without compliance to the spirit of the rules. The following is the record of the trophy since it was thrown open to the Maritime Provinces for competition:

1905--Ramblers won from Charlottetown Abegweits and Sackville.

1906--New Glasgow won from Moncton and Summerside.

1907--Moncton Victorias defeated Crescents.

1908--Fredericton won from Moncton in play-off at Halifax, but cup awarded was awarded to Moncton.

1909--Moncton defeated (for 1908) against Amherst Ramblers, and Charlottetown Victorias, and for 1909 against Halifax Crescents.

**SPORTY ALDERMEN.**

Kingston, Ont., Has City Business Held up by Aldermen Hied to Hockey Match.

Kingston, Ont., March 2.—"We have come to a pretty pass," said Alderman Orendorf, at last night's council meeting, "when aldermen will deliberately forsake the city's business in order to attend a hockey match." Mayor Couper and Alderman Carson concurred with Alderman Graham. The strictures were called forth by the fact that immediately after roll call three aldermen made their exit from the council chamber, presumably to take off their overcoats, but in reality to hie away to the hockey game between the T. A. A. C. and 14th Regiment teams. Their disappearance left the meeting a mere husk of a quorum, and there was nothing to do but to adjourn.

On one occasion a night session of the Provincial Legislature had to be postponed to allow the members of the House to attend a hockey game.

## FODDER FOR BALL FANS

St. Louis, March 3.—Geo. Edward "Rube" Waddell will be able to appear in Boston with the St. Louis Browns this season and pitch his team to victory for the small sum of \$2,000 alimony, according to a letter purporting to come from Mrs. G. E. Waddell at Derry, N. H., which was received by Deputy Marshal Charles Weinbrenner on Monday.

The letter addressed to the city marshal says: "Let me know what he intends to do by return mail. If he pays me \$2,000 I will be willing," referring to Waddell's suit for divorce, of which she says she read in the newspapers. "He has no grounds to get one; it is me, not him."

**O'BRIEN FOR PRESIDENT.**

Milwaukee, March 3.—That Joseph O'Brien, president of the American association league, may be offered Harry Pulliam's job as president of the National League, is the report that reaches here from the recent Pittsburgh meeting of National League managers.

Mr. O'Brien refuses to talk of the story, merely saying that he is pretty well satisfied and is not a candidate for any other job. His salary was raised this year to \$7,500, while Pulliam's figures are \$9,000.

**FLAHERTY BALKS.**

Pat Flaherty was quoted in San Francisco as saying that he will play outlast ball this season on the coast before he will play for any team except one of the majors under the National agreement. Flaherty was re-

cently sold by Pres. Dovey to Kansas City.

**CHANGES IN SUMMARIES.**

The scoring summaries this year will include sacrifice flies as well as sacrifice hits, the number of innings each pitcher works, the legal at bats and hits scored against him and the names of the batsmen who the pitcher hits with the ball. Also in case of a wild pitch or a passed ball coming on a third strike and allowing the batter to take first base, the player making the misplay shall be charged with a fielding error.

**"GIANTS" NO MISNOMER.**

The New York Giants will uphold the title, as originally intended. There are eight men on the squad whose weight averages 198 pounds, and five or six others who are heavier than 180.

**BALLS AND STRIKES.**

Pres. Navin of Detroit says that Chicago is the only team he fears in this year's American League race. Kirby White, the Lancaster, Penn., pitcher whom the National Commission awarded to Boston over the Chicago Cubs, won 28 of 40 games last year and was instrumental in bringing the Ohio State League pennant to Lancaster.

Big Bill Holtzclutter is still in San Francisco, waiting to hear from the Athletics, having sent word to headquarters that he was not offered enough salary. He made 225 hits in 205 games last year.

Danzig, former New England player, who has come back to the Red Sox after a season in Portland, Ore., batted for 298 last year.

Catcher Orendorf, who failed to make good as a catcher in fact company and who was released last year, has gone to Los Angeles.

Hughie Jennings stole a march on Hughie Duffy by signing up Bumpus Jones, a young pitcher who won 19 out of 33 games last year.

Pres. Murray of the Cubs heard from Kling, Ivers and Hagerman last Saturday. Evers still maintains that he will not join the club until June 15, and Kling doesn't want to go to West Baden or Hot Springs until after April 1.

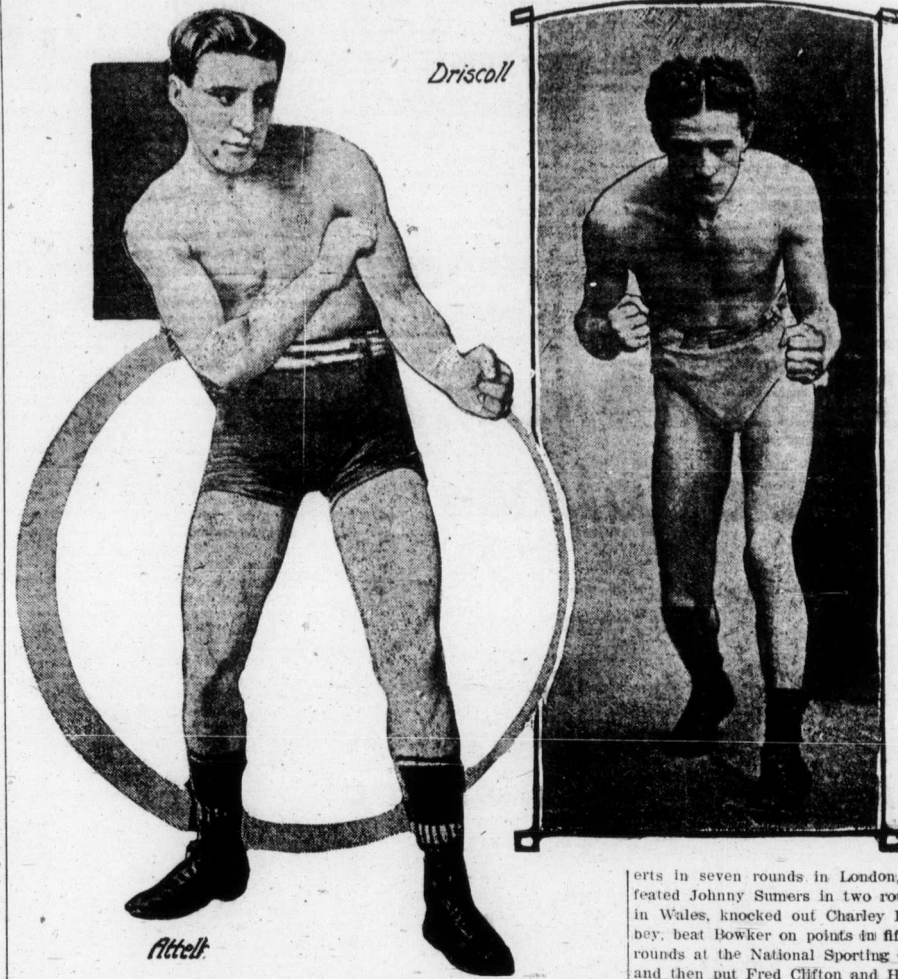

According to a St. Louis authority on baseball, the man who attempted to bribe Umpire Klein in advance of the Cubs-Giants final game last fall was a rubber employed by the New York National League club.

Roderick Wallace, the St. Louis Browns' shortstop, says he has not heard from Emmet Heidrick and he does not know whether the latter will play ball this season.

Tim Jordan hasn't signed with Charley Ebbetts yet, but expects to get his figure before the Brooklyn start for Jacksonville by boat from New York next Friday.

Have you a pain—of any kind, anywhere? Stop just a minute and think! It matters not whether it be womanly pains, head pains, or any kind of a pain, one of Dr. Shoop's Little Pink Pain Tablets will surely stop it in 20 minutes. Formula plainly printed on the 25c. box. Sold by all druggists.

## DRISCOLL TO COME BACK

Jim Driscoll, who bested Abe Attell in their recent bout is now in England, but will come back to America and may meet Attell again.

Driscoll made nearly \$20,000 while in America and when he comes back his services will be in great demand.

If he is matched with Attell it will not be before the American champion has made a hard fight for 122 pounds ringside. The fact that Driscoll was able to scale under 124 in his big fight has convinced Attell that the Briton can do 122 without trouble. Driscoll evidently fooled everybody as to his best weight, for he insisted that he could not make less than 126 ringside and best trng. Yet he actually weighed 123 3-4 at six o'clock, although he did not over-ex-

ert himself in the matter of reducing.

**Driscoll's Career.**

Jim Driscoll, British featherweight, was born in Wales in 1881 and has a wonderful record. He stands five feet five inches tall, never has been defeated, and has many knockouts to his credit. He began his professional career in 1901, taking part in eight fights, all decided in Wales. He scored seven clean knockouts and he won his eighth bout on a decision.

Driscoll won four battles on points in 1902, scored four knockouts and won two decisions in 1903, at the same time boxing George Dixon to a draw in 1904, three of them ending in knockouts.

In 1905 Driscoll stopped Jack Rob-

erts in seven rounds in London, defeated Johnny Summers in two rounds in Wales, knocked out Charley Lambey, beat bowler on points in fifteen rounds at the National Sporting Club and then put Fred Clifton and Harry Mansfield to sleep in three and four-teen rounds respectively. In 1907 Driscoll boxed a six round draw with Freddie Walsh in Wales, and then knocked out Arthur Ellis and Jack Roberts. Last year he clinched the featherweight championship of England by knocking out Bowler in the seventeen rounds at the National Sporting Club. After that he soon visited the United States and his first appearance was in New York last November, when he made Matty Baldwin look like an amateur in a six-round bout. Since then Driscoll knocked out the Australian, Charley Griffin, in eleven rounds, and has outpointed Leach Gross, Johnny Martin, Grover Hayes and Tommy Langdon.

## IMMEDIATE RELIEF.

From Coughs, Colds, Sore Throats and Hoarseness by Using Hyomei.

When you catch cold you want to get rid of it as quickly as you can. You don't want to lie around the House for a week swallowing nauseating drugs.

Why not avoid all this? Why not relieve your cold in five minutes? Why not cure it over night? You can do it by using Hyomei, the sure and guaranteed cure for colds, coughs, sore throat, catarrh, bronchitis and asthma.

William Guest, of Ayr, Ont., says: "Hyomei has proven to be a most satisfactory treatment for nasal catarrh and bronchial trouble. I have doctored considerably for these troubles and conscientiously can say that nothing ever used has given me such quick and lasting benefit as this remedy. I have found it especially good for cold in the head and cough. I am very glad to endorse Hyomei as an article of uncommon merit."

Hyomei (pronounced High-o-mei) is medicated and antiseptic air. You breathe it into the lungs through a small pocket inhaler and its soothing influence as it passes over the inflamed membrane of the respiratory tract, stops the mucous discharge, allays the inflammation, and the cold is cured. A complete Hyomei outfit costs \$1.00 and A. J. Ryan will refund your money if it fails to cure.

Nothing in the way of a cough is quite so annoying as a tickling, teasing, wheezing, bronchia-cough. The quickest relief comes perhaps from a prescription known to Druggists everywhere as Dr. Shoop's Cough Remedy. And besides, it is so thoroughly harmless that mothers give it with perfect safety even to the youngest babes. The tender leaves of a simple mountain shrub give to Dr. Shoop's Cough Remedy its remarkable curative effect. A few days' test will tell. Sold by all druggists.

## STRONG EVIDENCE AGAINST ITALIANS

(Continued from page two.)

watches and found evidence of a hasty lunch. The watches were concealed under an old log in the snow. He first kicked out a two dollar bill and then a watch chain with a watch and the others subsequently. He identified the watch in court as the one he found. Eventually his party lost the track on a portash at 5.30 p. m. on Sunday. In his opinion some of the footprints were made by a boot exhibited in court alleged to have been worn by Seppel. A week later he and several others started from the log pile and found the rifle 300 yards from the logs, four feet from the track, lying under the snow. He identified the rifle in court as the one he found. Five cartridges were in the magazine and one in the chamber. It was fully cocked. The Mausers hold ten or

more cartridges. He brought the rifle to court during the preliminary examination.

At this point both weapons alleged to have been owned by the prisoners, the shot gun and the rifle, were placed in evidence.

To a juror he said he knew Dennis had found the shot gun and he credited to search for the other firearms.

It's the henpecked man who crows loudest when he gets away from home.
