### A SPLENDID EDGER FOR SMALL MILLS AT LOW PRICES.

The "TOWER" 2 and 3-Saw Edgers, Improved. For mills cutting not to exceed 20,000 ft. in ten hours.

The "TOWER FXTRA" 3-Saw Edger

### 1.000 in Daily Use!

ng the many reasons for the wonderful popularity of these celebrated edgers are the following. They take up little room.

They require little power.

The yrequire little power.

The feed rolls are adjustable in FOUR directions, which means extreme accuracy. The saws may be removed easily and quickly, without disturbing the arbor.

The mechanism for shifting the saws is up-to-date, convenient and positive.

The vital parts are carried by a substantial iron husk resting solidly on the floor.

They are pre-eminently practical.

There is no edger made approaching them in cheapness.

### The "TOWER" One-Man 2-Saw Trimmer.

With this frimmer one man can easily trim the output of a mill cutting up to 30,000 ft. in ten hours. SEND FOR CATALOGUE D.
